Re: Annual Notification of Asbestos Management Plan (AMP) and 2010 Inspection Report Survey

In accordance with the EPA's regulation 40 CFR763.93 (4) *Notification of Availability of Management Plans*, Bailey Charter Elementary School is notifying all parent/guardian, teachers and employees of the availability of the school's Asbestos Management Plan. The Plan is located in the school's office at 210 Gentry Way, Reno, Nevada 89502. You may review the plan during normal business hours.

This Plan is required to contain information regarding the location of all Asbestos Containing Building Materials (ACBM) as the result of the Asbestos Hazard Emergency Response Act (AHERA) Inspection. Since the inspection indicated that there are **no** ACB in the facility currently, there is no planned corrective action, other than to continue to provide this notification on an annual basis, and to maintain Bailey Charter Elementary School as asbestos –free.

As our school's Designated AHERA Person, you may contact me directly if you have any questions or concerns.

Sincerely,

Lisa Pham
Director of Operations & Technology

Para: Padres, Guardias, y Trabajadores

Re: Notificación del plan de Manejo del Asbesto (AMP) y Encuesta del Reporte de Inspección del 2010

De acuerdo con las regulaciones de EPA 40 CFR763.93 (4) *Notificación de Disponibilidad de Plan de Manejo*, Bailey Charter Elementary School esta notificando a todos los padres, maestros y trabajadores de la disponibilidad del Plan de Manejo de Asbestos de la escuela. El Plan esta localizado en la oficina de la directora en 210 Gentry Way, Reno, Nevada 89502. Puede repasar el plan durante horas normales de la escuela.

Se le requiere a este Plan contener información sobre la localización de todos los materiales conteniendo Asbestos en el edificio (ACBM) como resultado de la ley de inspección de Respuesta de Emergencia a peligro de Asbesto (AHERA). Ya que la inspección indica que no hay ACB en las instalaciones actuales, no hay un plan de medidas correctivas, más que continuar de proveer esta notificación anualmente, y de mantener a Bailey Charter Elementary School libre de asbestos.

Como persona designada de AHERA de nuestra escuela, puede contactarme directamente si tiene alguna pregunta o inquietud.

Sinceramente,

Lisa Pham
Directora Operaciones y Tecnología
