POWWOW Topic of the Week

Our POWWOW Topic this week was being dependable. We talked about how the things we depend on most, we don't usually notice until they are not there - like the internet. Being dependable often takes sacrifice, and won't always get notice or recognition, but our Warriors are dependable because it is the right thing to do!

Parent Conferences

Our first parent conference day is Friday, September 23rd. Please be watching for information from your child's teachers to set up an appointment. We want to partner with you in your child's education!

Wellness Tip

Screen time has been linked to obesity, behavior problems, irregular sleep and more. The recommended maximum amount of screen time for children ages 5-17 is two hours per day. The CDC says children ages 8-10 average six hours per day of screen time, far exceeding the recommended amount. Remember, screens include televisions, phones, game consoles and computers.

To help keep screen time safe for your child, watch or play together as a family, keep screens out of their bedroom and encourage them to engage in other activities.

Find your passion. Give with purpose.

It matters that you give. It matters that you know why.

A core value of Newman teachers is to provide educational experiences for our students.

Your giving to Newman through North Texas Giving Day will provide our teachers tools and supplies that they need for their individual classrooms.

Our goal is to give teachers “Newman Bucks” to spend on their individual classrooms. Every \$100 donated is one more teacher and classroom you can bless.

Let's show our teachers how much we value them – Give their classroom a huge “HIGH FIVE” and Bless a Newman Teacher, TODAY!
Thank you for your generous support.
