

SOUTH BRUNSWICK TOWNSHIP PUBLIC SCHOOLS

CUSTODIAL FORM

Current patterns of family life often result in **single-parent homes or shared-parent homes**, where students are in the custodial care of one or both parents; by either shared custody or by one parent only having certain rights to the child, especially in regard to visitation.

School officials are responsible for the general health, safety and well-being of students. We must also protect the rights of the custodial parent while not denying those of the other parent as well.
