FOCUS AREA

Community

OUR GOAL:

Create a structure of frameworks and resources for families to navigate our school system inclusive of, but not limited to, grade level expectations, curriculum, and best practices to engage in their child's school experience.

WHEN WE SUCCEED IN 2025:

- All families will have access to a variety of resources, guides, and videos that are accessible online for access anytime, anywhere.
- 100% of parents attend at least one course related to their student's experience in school (virtual or in person).

WHY THIS MATTERS: Establishing strong family partnerships is a key component of students' success in school. We want to educate and support families on what to expect at each grade level as they navigate our system, so that they can best engage in their student's school experience.

INITIAL IDEAS AND ACTIONS:

- Identify the key components and needs of our parents and community.
- Develop a systematic delivery method for all frameworks including a syllabus of learning at each grade level.
- Rebranding of current parent academy
