Here are the designations of the zones within the parking lot.

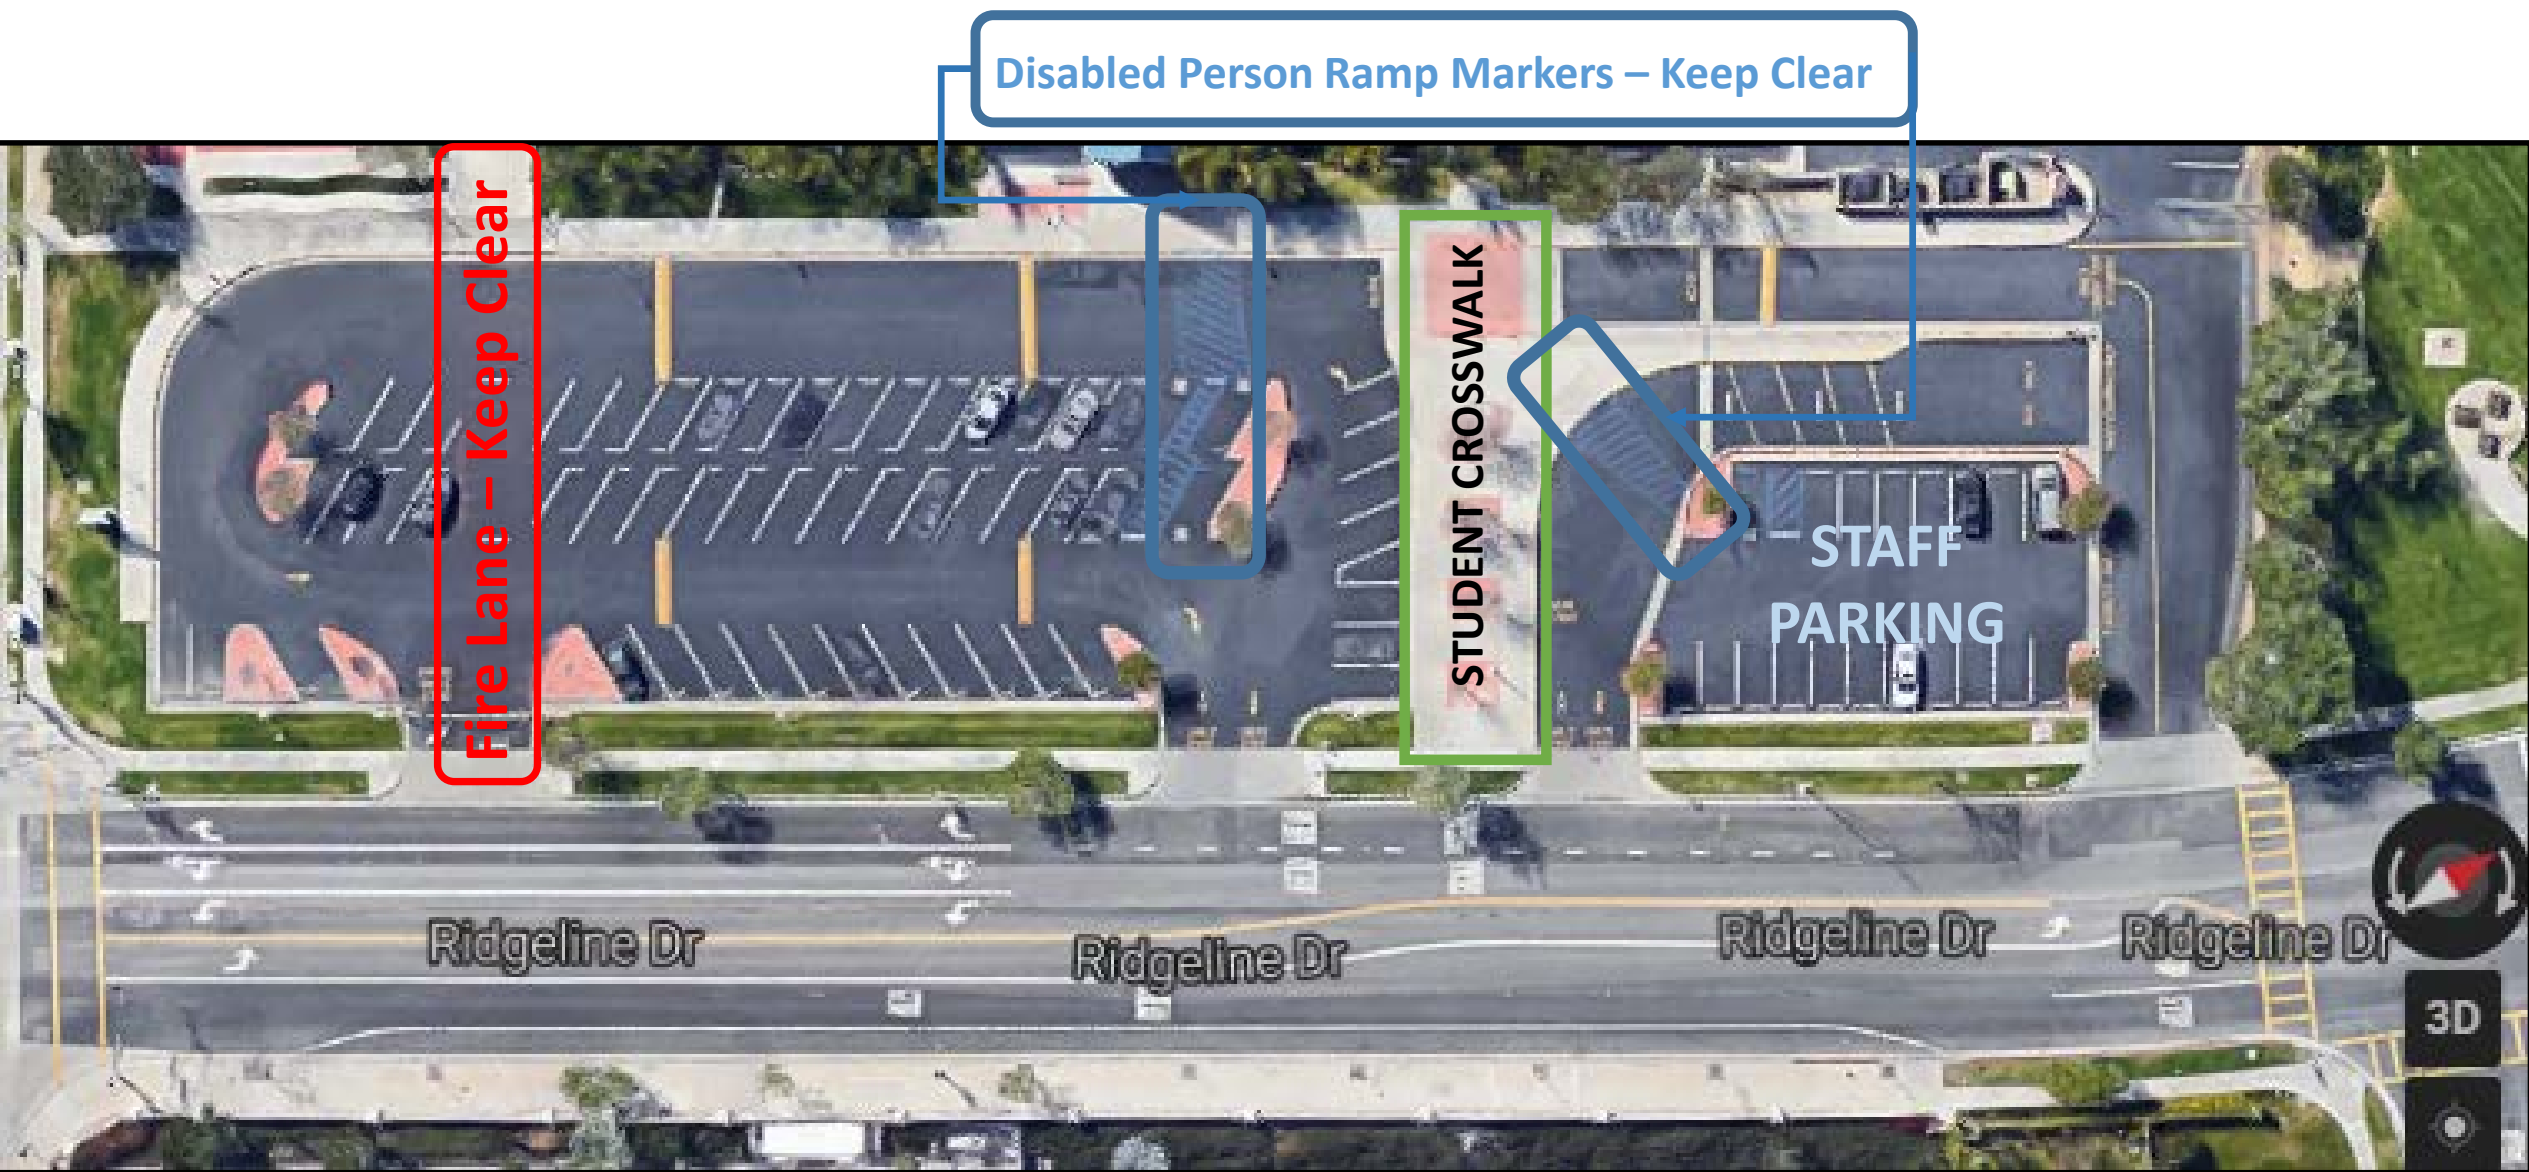

Here are the designations of the zones within the parking lot.

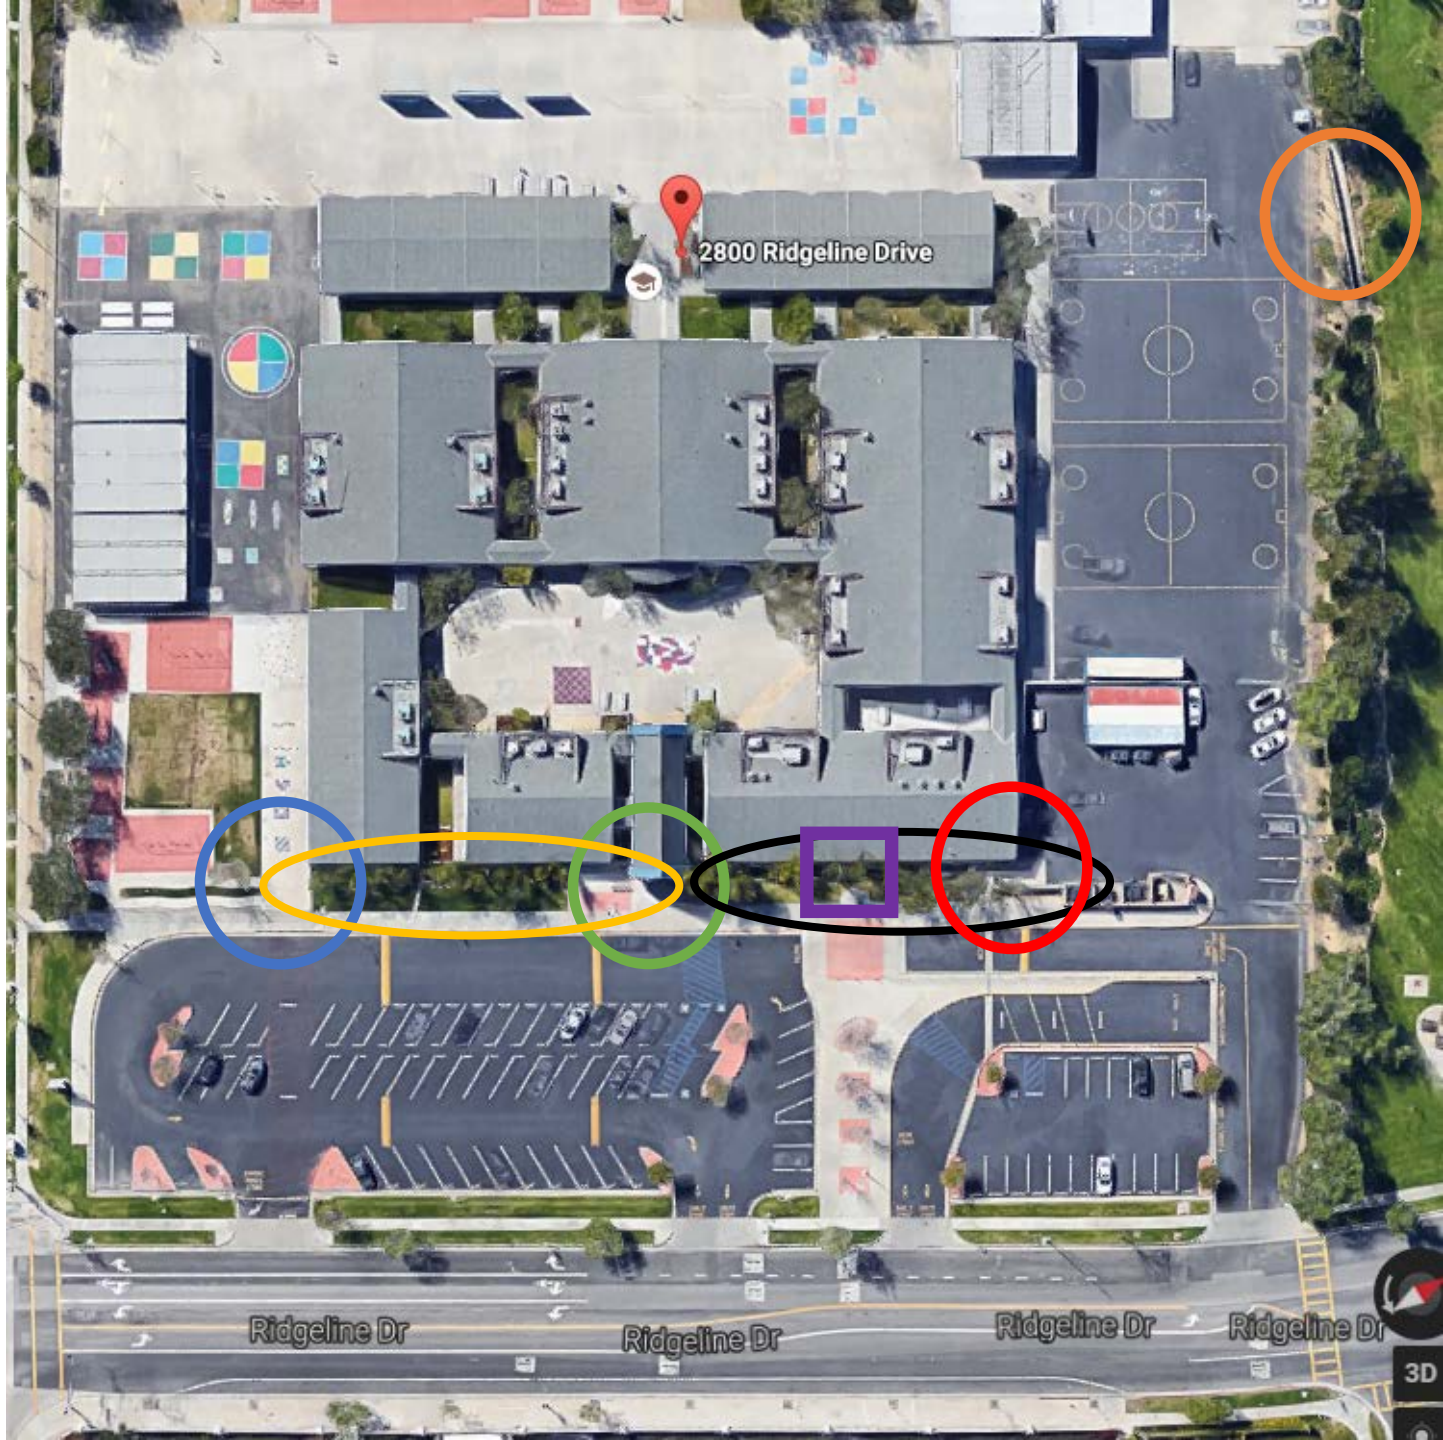

This lane is for buses to get to the bus lane and staff to get to their parking lot.

This lane is for cars to get to the student drop off/pick up lot.

These are the areas we all need to know.

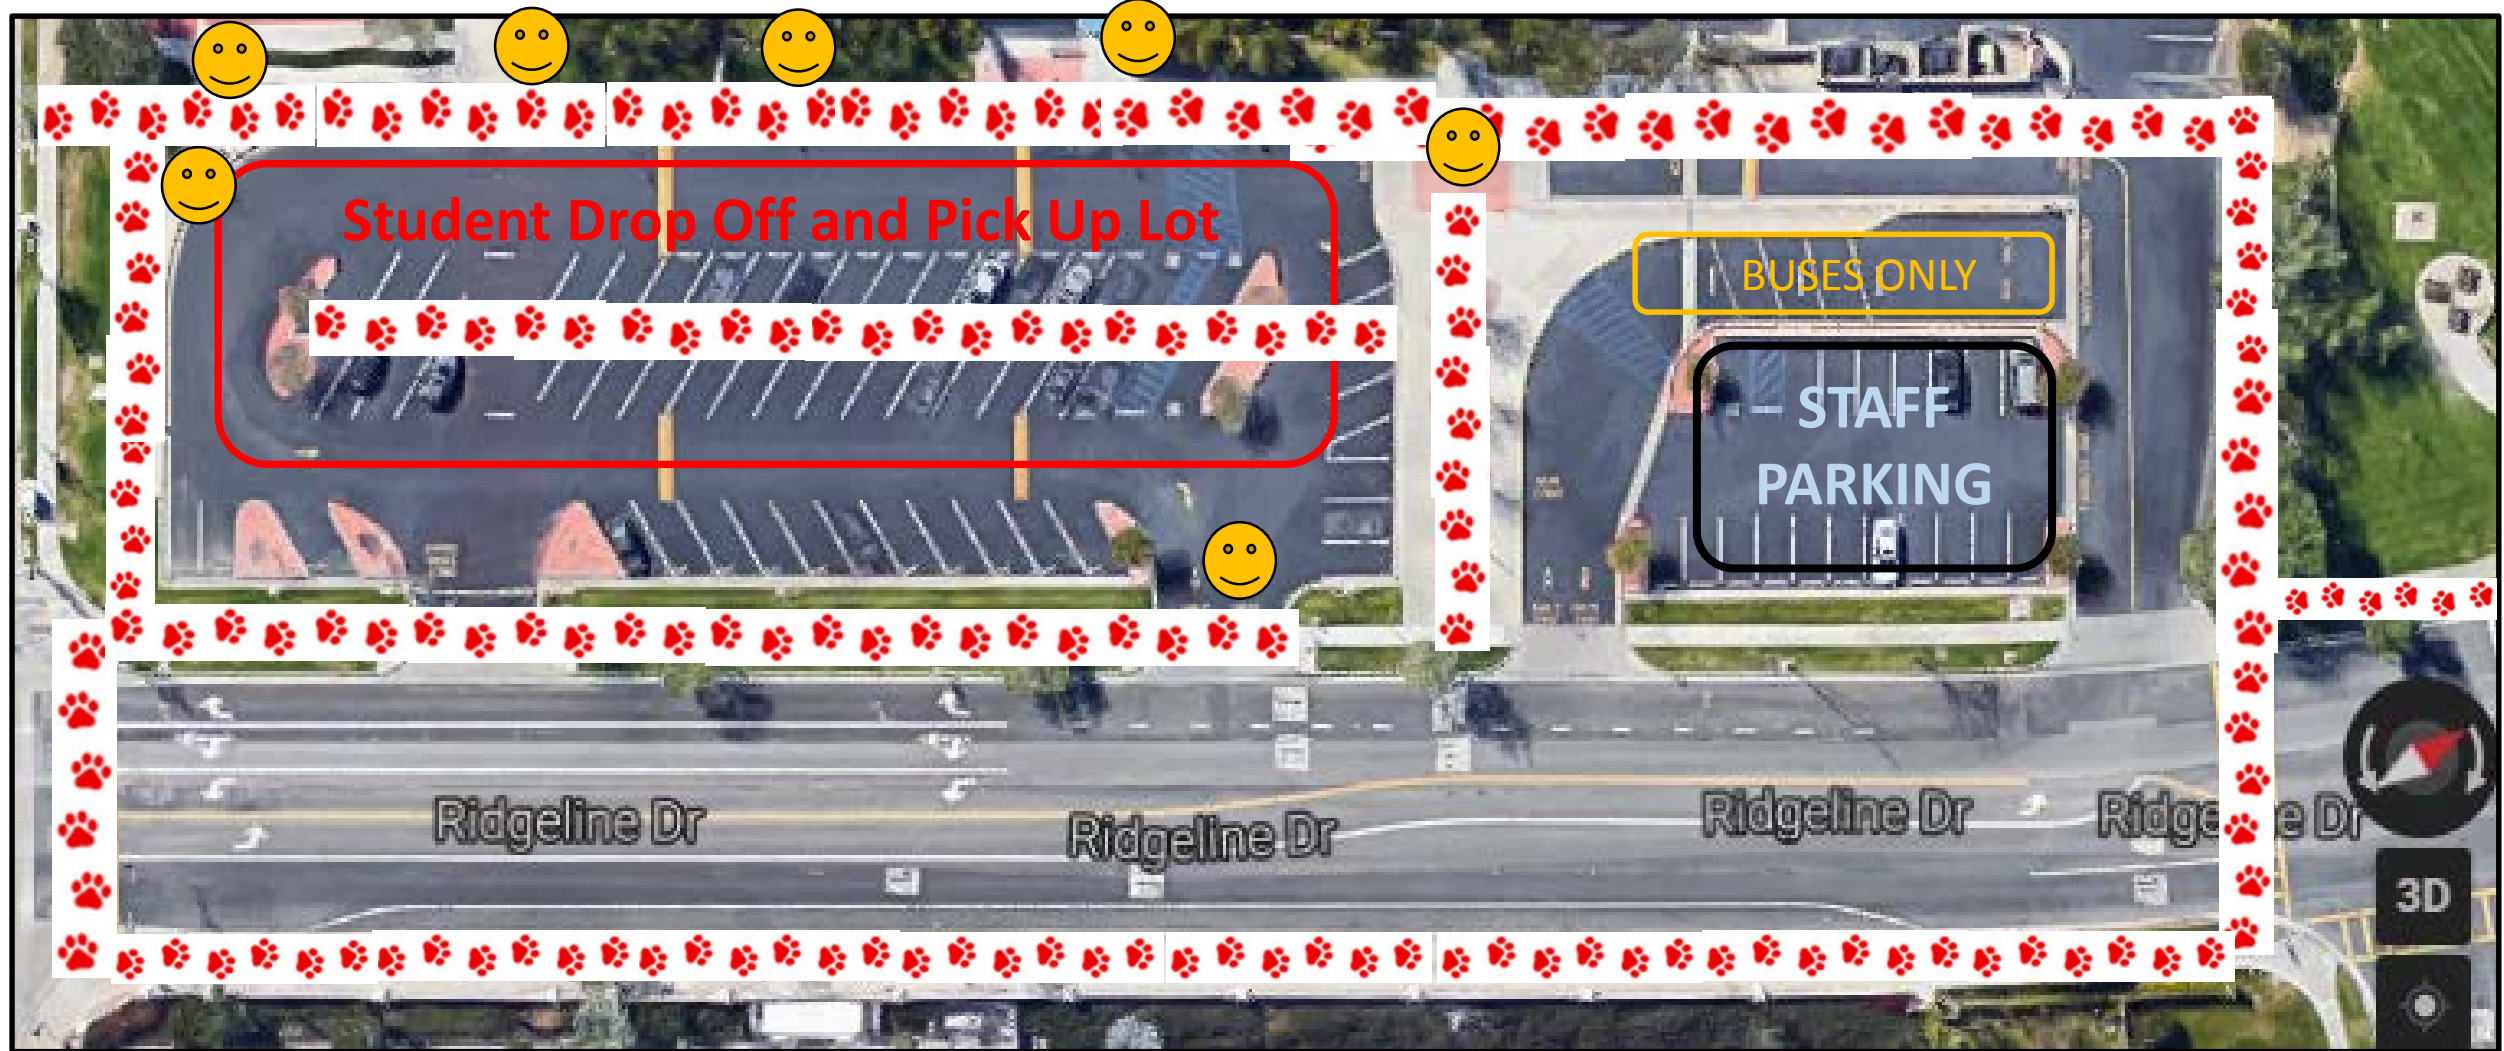

-  Breakfast Club MPR entry at 7:15
-  Ridgeline Park back gate will be open after school and supervised for upper grade students who walk or meet their ride at the park as an additional option.
-  Upper grade students will come through this gate at dismissal and will proceed to the walking paths or designated pick up area.
-  First and Second grade will come through the main gate and will proceed to the walking paths or designated pick up area.
-  Kinder will come through the kinder gate and will proceed to the walking paths or designated pick up area.
-  Designated pick up area on the grass for students getting a ride waiting to load.
-  Designated meeting area on the grass for students meeting up to walk.

For students who get a ride to/from school they will load/unload from the vehicle where the cars are **GREEN**. Please do not load/unload your students where the cars are **BLUE**. And please stay in line – don't drive where there are **X** – there is no longer a passing lane. Please watch for Prado staff to guide you.

If you walk to school, just follow the paw prints! 🐾 If you have to park in the student drop off or pick up lot, walk to the main crosswalk. Do not cross in front of traffic. There will be many happy faces in the lot ready to greet you and help you cross safely.

😊 = Designated Prado Staff to safely escort students
