

# Bicycles for Children!

Bicycles for Children is a not-for-profit program that is dedicated to donating brand new bicycles to needy and deserving children who otherwise may not have the opportunity to own a bike. In the spirit of making the holiday season a magical time for needy children, Corona-Norco PTA Council promotes the bicycle program.

John White, a teacher from El Cerrito Middle School, created the bicycle program from a desire to encourage physical fitness and to give children the opportunity to achieve the milestone of learning to ride a bike. Beginning last year, 196 bicycles were distributed to needy and deserving children, and the new goal is to distribute 300 bicycles and helmets to needy students of the Corona/Norco/Eastvale areas.

Huffy Bicycle Company provides the bicycles at cost and IEHP provides helmets for each bicycle recipient. If you are interested in making a tax-deductible donation, the Corona-Norco Family YMCA is the collection point for all donations.

Please send donations to the following address:

Corona-Norco Family YMCA  
Attention: Bicycles for Children  
1331 River Road  
Corona, CA 92880
