## GENERAL INFORMATION

### **ABSENCES**

School Board Policy JED Student Absences/Excuses/Dismissals, which implements the Code of Virginia at §22.1-258 (Compulsory Attendance), will be administered as follows:

1. Each teacher will take roll daily and attendance data will be entered into the student data system.
2. The school will attempt to contact the parent/guardian via the automated phone system to notify them when the child is not in school at the beginning of the school day.
3. A parent/guardian may notify the school by phone or email when their child is absent and, if the notification is received early enough in the day, the dialer will be disabled. However, a phone call, email, or social media message will not replace the need for a written excuse.
4. A written note, from either a medical office or a parent/guardian, must be submitted to the school office the day the student returns to school. The note should include the child's full name, the date(s) of absence, reason for the absence, a valid signature, and a contact phone number. All notes will be kept on file.
5. An absence will remain coded as "unexcused" until written documentation is received.
6. Parents are encouraged to make every effort to plan medical and dental appointments during non-school hours.
7. Parents are encouraged not to plan family vacations at a time that will conflict with regular school days.
8. Students must attend school for the full scheduled school day unless they are excused by a parent/guardian.

Absences will be coded as follows:

An **excused absence** and a **parent note absence** are any absences for which the school has received written documentation to support the absence. These types of absences may include:

- a. Medical or dental appointments; illness;
- b. Court appearance;
- c. Religious holiday observances;
- d. Death in the family; funeral
- e. Extenuating circumstances that is communicated by the parent/guardian and approved by the principal

An **unexcused absence** is any absence for which the school has not received written documentation to support it. These absences include but are not limited to:

- a. Any absence not verified by a parent/guardian or deemed invalid by the school principal/designee;
- b. Skipping class (missing 10 minutes or more of class time);
- c. Truancy;
- d. Students not signed out properly through the school office or tardy station for early release;
- e. High school students who elect to drive to school (or who ride with students who drive) and arrive late or miss school as a result of traffic conditions or problems with personal vehicles.

### **ATTENDANCE - CHMS**

Regular school attendance is an integral part of academic success. Establishing good attendance habits will be beneficial both for in school and eventually in the workplace. Ideally, a student should be present at least 95% of the 180-day school year, meaning a student should miss no more than 9 days total throughout the course of an entire academic year (on average no more than one day per month). Parents will receive communications from attendance staff regarding their child's attendance status. Parents are asked to avoid planning family vacations and medical / dental appointments during school hours. Listed below are some of the guidelines used in monitoring students' attendance:

- The school will attempt to reach parents daily by an automated phone call when a student is absent.
- A parent/guardian is required to provide signed written documentation on the first day of a student's return to school from an absence, stating the specific date(s) of absence and the reason for the absence.
- After five (5) daily absences, an attendance plan may be created with student and parent involvement.
- After six (6) or more daily absences, school personnel may contact the parent for an attendance conference. The Division Attendance Officer will be notified and may submit a court petition.

- Students are automatically withdrawn from school after 15 consecutive unexcused daily absences. If a student returns to school after being dropped from the rolls, he/she must re-enroll through the school counseling office.

Possible consequences for unexcused absences (truancy) and skipping class include but are not limited to: detention, prohibition from participating in extracurricular activities, suspension, and other consequences as assigned by administration. School personnel will also employ a variety of interventions to assist with attendance issues, including but not limited to: meetings with a school counselor, the resource officer, the attendance officer, and/or administrators, as well as referrals to community agencies, Child Study Committee, and alternative education programs. The Division Attendance Officer may also file a petition in the Juvenile and Domestic Relations Court.

Parents and students should be familiar with the following definitions concerning the attendance policy:

An **excused absence** (Code 5) is any absence for which the school has received written documentation from a doctor or court. Absences due to religious observances may also be excused upon receipt of written documentation from the parent/guardian.

A **parent note absence** (Code 6) is an absence for which the parent has provided written documentation to the school explaining the absence. It notifies the school that the parent is aware of and supports the absence.

An **unexcused absence** (Code 7) is any absence for which the school has not received written documentation to support it. These absences are considered truancy. An excessive number of unexcused absences may result in school action, community intervention, and/or possible legal action against the student and/or parent.

Parent(s) / Guardian(s) are encouraged to use Parent Portal to track their student's attendance. It may be accessed through the school website or at <http://colonialhts.powerschool.com>

## **ACCIDENTS**

In case of an accident, the office should be notified at once so that the injured student can receive the quickest possible aid. For the protection of your child, it is necessary that school officials have current telephone numbers in order to reach the parent to communicate an emergency. Parental permission and direction are necessary in order for a pupil to receive medical treatment beyond routine first aid. **So that proper treatment can occur in an emergency, it is imperative that the school be notified when home or emergency phone numbers and or home address changes.**

Bicycles are brought to school at the student's risk. Bicycles are **parked and locked** at the rack near the main entrance. Two or more bikes should not be locked together. Lock Bicycles separately. **Students who fail to meet the expectations listed on the bicycle permit risk losing the privilege of riding their bike to school.**

## **BINDERS**

All students will organize their work for all classes in a standard 3" 3-ring binder.

## **BUS RIDING PRIVILEGES**

**Riding a school bus is a privilege.** School administrators are responsible for discipline for any student reported for misconduct on the school bus, or at bus stops. Discipline may include loss of the privilege of bus transportation. The parent or guardian will be responsible for the transportation of any pupils who have lost school bus transportation privileges. Conferences with the bus driver are scheduled through the school administrator. **Students wishing to ride home on the bus with another student must have a parent-signed letter, verified by administrative staff, to give to the bus driver.**

### **CONDUCT - Parental Responsibility and Involvement Requirements:**

22.1-279.3 of the Code of Virginia contains provisions addressing parental responsibility and involvement intended to promote proper student conduct. Rather, parents must work in partnership with school administrators to maintain a safe and orderly school environment. Most of our parents are involved and support our schools, helping to create the environment that is necessary to promote learning. It is essential that all parents work with the school administration in order to promote a good learning environment for all students. **NOTE:** Parents may express, through the appropriate channels, disagreement with the implementation of the School Board's standards of conduct. **Parents continue to maintain the right to appeal a suspension or expulsion under 22.1-277 of the Code of Virginia.**

## **GRADING:**

PowerSchool is the grade book for the system. Counseling office assigns username/passwords. The following guidelines have been established for the evaluation of students at the Middle School level:

1. There shall be a minimum of three (3) test grades, three (5) quiz grades, and a ten (10) participation grades for the 9 weeks for each subject.
2. In determining the nine-weeks average student grades will be apportioned as 20% Classwork/Homework/Participation, 40% Quizzes, 40% Tests/Projects.
3. Each component of the 9 weeks' grade (homework, test, and quiz) will be counted to 1 decimal place. The hundredths place will not be counted-for example 89.45 is counted as 89.4 which rounds down to 89. They will be averaged mathematically and recorded as a whole number for each 9 weeks.
4. All graded work must be designed so that the student is eligible for any grade - A - F.
5. The following definitions will be used:
  - A. **Quiz** -Used to evaluate a student's understanding of a small amount of instruction.
  - B. **Test** - Used to evaluate a student's understanding of a larger amount of instruction, such as a whole unit.
  - C. **Participation** - Any check for understanding that takes a form other than a quiz or test. These must be in a variety of formats such as worksheets, homework, oral responses, etc.
6. Health and PE Grading Scale  
PE test 40% PE quiz 10%  
Health test 25% Health quiz 15% Health daily 10%

**GRADING SCALE** - The grading scale will be as follows:

A+	98-100	A	93-97	A-	90-92
B+	87-89	B	83-86	B-	80-82
C+	77-79	C	73-76	C-	70-72
D+	67-69	D	63-66	D-	60-62
F	59 and below				
I	Incomplete (This <u>must</u> be changed to a permanent grade by the next report card.)				

### **GRADE EXPUNGING POLICY**

Per the Virginia Department of Education, parents of students taking courses for high school credit while in middle school may have the grade for these courses removed from the student's transcript. For this to be done the parent must submit their request on the appropriate form (available in the guidance office) no later than the published deadline in June of the year in which the course was completed. The student must retake the entire course in order to earn the credit.

### **GRIEVANCES/COMPLAINTS**

Parents and students are to follow proper channels in registering complaints or seeking solutions to problems dealing with the school. The proper steps are as follows:

1. **Contact the Teacher FIRST** - then if necessary
2. Bring the problem to the Principal and finally
3. The Superintendent of Schools

In the interest of fairness and courtesy to all, please follow this procedure.

### **HALL PASSES**

Any student going from one area of the building to another must have a hall pass signed by a teacher. Hall passes are in the student planner. Loitering in the halls is not permitted. **Absolutely no student should report to any office, front desk, restroom, classroom or the clinic, without a pass from a teacher. If you are in the hallway during a class period, you need a pass.**

### **HOMEWORK**

Students will be given homework assignments to reinforce concepts taught in the classroom, or to prepare them for the next day's work. Long range projects may be assigned which are intended to develop foresight and planning skills in completing major work tasks. These assignments should be pursued systematically each day in order to achieve the desired goal. **Students will be expected to record homework assignments in their Planner. The copying of another student's homework is absolutely unacceptable and will be treated as cheating for both students.**

### **HOMEWORK / CLASSWORK REQUESTS (full day absences only):**

Students who are legitimately absent are not expected to do homework on the day of their absence and will be given full opportunity to make up work upon returning to school. **A parent may request work by calling the school at 524-3420, ext 28, between 7:30 a.m. and 8:30 a.m. Assignments will be ready to be picked up in the office at 3:00 PM.**

### **HONOR ROLL:**

Students earning A's and/or B's in all subjects in their program each nine weeks will be considered for honor roll for that reporting period. Any student receiving an unsatisfactory conduct code would be disqualified for honor roll status for that reporting period.

## **HONORS CRITERIA**

Students who have been formally identified as gifted and placed in the CREATE program are automatically eligible for placement in honors courses in sixth grade. Students (including CREATE students) must complete CHMS honors courses with a final grade of "A" or "B" in order to be eligible for continuing enrollment in the corresponding honors course(s) the following year. The following criteria will be used to place other students in honors courses which are offered at the various grade levels:

- Final grade of "A" in the target subject *before* any grade adjustment points are awarded due to SOL test performance, AND
- SOL scores from the previous year at the "pass advanced" level for SOL-tested subjects

***Teachers from the previous school year recommend students who meet these criteria for honors placement in rank order. Students are enrolled in honors courses in this order until the list is exhausted or honors courses reach capacity.*** Since standardized tests of achievement are no longer a part of the assessment program in the Colonial Heights Public Schools, achievement test scores are not routinely used to determine honors placement. In circumstances where such scores are available (i.e. for transfer students) scores at or above the 85<sup>th</sup> percentile may qualify students for honors placement.

## **LOST / FOUND:**

Students are required to turn in found items immediately to the nearest teacher or to the office. Noncompliance will result in appropriate disciplinary action. Items may be claimed **before and after school or during the student's lunch period only.** Lost articles will be kept in the storage room then will be placed on display every other month for a period of 5 days. At the end of 5 days unclaimed items are then donated to Goodwill. **Students are encouraged to have their name on lunch bags, coats, gym clothes, purses and all other personal belongings.**

## **LUNCHROOM/CAFETERIA RULES**

Students will eat lunch during one of scheduled lunch shifts each day. Students are not permitted to leave the building for lunch. **\* Students must eat in the cafeteria unless assigned to supervised lunch detention!**

## **MAKE-UP WORK POLICY**

**It is the student's responsibility to make up work for all classes missed as soon as possible, and not to exceed five (5) days from return to school.** The teacher will determine the limitations and conditions of the make-up work. On the day the student returns, he will verify what is to be made up before or after class. Students who are negligent in meeting this responsibility may receive zeroes for missed work. Students can be asked to make up missed work before and after school.

Long-term assignments such as term papers or projects will be due on the date originally designated unless prior arrangements have been made with the teacher.

Teachers are **not** required to provide work in advance of a planned absence. In instances where advanced work is provided it will be due on the date of the student's return to school.

**According to School Board Policy students making up work while on OSS (Out Of School Suspension) may receive no grade higher than a 60 (D).**

Books may be checked out for two weeks and may be renewed once with or without the book being present.

**Students may have out a total of no more than three books at one time.**

No overdue library fines are charged. However, **if a book or other material is lost or damaged, the student is charged the replacement cost of the item. Students who have overdue obligation will be restricted from checking out additional materials until obligations have been met.** Students who continuously have overdue obligations for a semester will be restricted from checking out additional materials for the remainder of the year.

### **Messages for Students**

After-school remediation will be offered to address these needs. If your student is recommended for remediation, you will receive an enrollment form prior to the start of the program.

Remedial needs may be met through attendance at after school instruction; Remediation will be individualized to meet each student's need.

### **REPORT CARDS:**

Report cards are issued after each nine-week period. The report card envelope is to be signed by the parent/guardian and returned to the homeroom teacher the following day.

## **SEXUAL HARASSMENT**

Sexual harassment or harassment of race, national origin, disability, and religion is illegal behavior that harms the victim and negatively affects the school system by creating an environment of fear, distrust, and intolerance. Because the Colonial Heights Public Schools are committed to providing a safe, healthy environment for all students that promotes respect, dignity, and equality, it is the purpose of this regulation to create and preserve an educational environment free from unlawful harassment and discrimination on the basis of sex, race, national origin, disability or religion.

The Colonial Heights Public Schools strictly prohibits all forms of sexual, race, national origin, disability, or religious harassment on school grounds, school buses, and at all school-sponsored activities, programs and events. It shall be a violation of this regulation for any student, employee or third party (school visitors, vendors, etc.) to harass or discriminate against any student based on sex, race, national origin, disability, or religion. Sexual harassment means unwelcome sexual advances, requests for sexual favors or other physical verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, employees or third parties, when (1) submission to or rejection of such conduct is used as the basis for decisions affecting a student's academic performance: (2) such conduct creates an intimidating, hostile or offensive learning environment: or (3) submission to such conduct is made either explicitly or implicitly a term of condition of the student's participation in school-sponsored activities.

In compliance with applicable federal law, it is a policy of the Colonial Heights Public Schools to investigate promptly and resolve equitably all complaints of harassment and discrimination based on sex, race, national origin, disability, or religion. Victims of harassment shall be afforded avenues for filing complaints that are free from bias, collusion, intimidation, or reprisal. Victims of harassment should document the harassment as soon as it occurs with as much detail as possible, including the nature of the harassment, dates, times, and places it has occurred; name of the harasser(s), witnesses and the victim's response to their harassment.

To the extent they feel safe and comfortable doing so, victims are first encouraged to confront the harasser, verbally or in a letter and/or with someone else present, and tell the harasser to stop the conduct because it is unwelcome. Any such communication should be documented. If the victim's concerns are not resolved satisfactorily by communicating with the harasser, or if the victim feels he/she cannot discuss the concerns with the harasser, the victim should directly inform the principal of his/her school of the complaint and should clearly indicate what action he/she wants taken to resolve the complaint. While victims are encouraged to submit a complaint in writing, complaints may be made orally. Any school employee who receives a complaint of harassment from a student shall inform the student of the employee's obligation to report the complaint to the school principal, and then shall immediately notify the principal of the complaint. Any employee who fails to investigate student complaints of harassment may be disciplined, up to and including dismissal.

Students are encouraged to report complaints as soon as possible and at least within 30 calendar days of the incident, so that the complaint can be effectively investigated. The principal shall promptly investigate the complaint, at least within 10 school days of its receipt, and report the results to the parties in writing, if appropriate. If the principal determines that the complaint is well founded, he/she shall take appropriate disciplinary action and/or refer the matter within two school days to the Director of Support Services, who serves as the Title IX compliance officer for the school system, for appropriate action. The Director of Support Services shall take appropriate action within ten school days of receiving the report from the school principal. In the event the investigation of a complaint reveals that a change in the school system's policies or procedures may be appropriate, the Superintendent shall be notified within two school days of the completion of the investigation and he shall take appropriate action within five school days thereafter.

A complainant who is not satisfied with the action of the principal may appeal to the Director of Support Services within two days of the principal's action, and the Director shall review the matter and render his decision within five school days of receipt of the appeal. The principal shall give the name and address of the Director of Support Services to the student when he communicates his decision. A complainant who is not satisfied with the action of the Director of Support Services may appeal to the Superintendent within two school days of the Director's action, and the Superintendent will review the matter and render his decision within five school days of receipt of the appeal. The Superintendent and the Director may, in their discretion, hold meetings among the student, the student's parents, the principal and the Director as part of their reviews. The decision of the Superintendent shall be final. Any appeal to the Director of Support Services or the Superintendent shall state precisely the reasons for dissatisfaction with the action being appealed and shall be limited to the matter under appeal.

A person with a complaint concerning an alleged violation of Title IX may file that complaint directly with the Office for Civil Rights of the United States Department of Education. However, in reviewing any complaint, OCR may examine whether and the degree to which the complainant availed him or herself of these procedures and, on the basis of that examination, determined whether OCR should intervene in the matter.

The privacy and confidentiality of all parties and witnesses to complaints will be respected. However, because an individual's need for confidentiality must be balanced against the school system's obligation to cooperate with the criminal justice authorities, to afford due process to the accused, to conduct a thorough investigation, and to take appropriate corrective measures, the school system reserves the right to disclose the identity of parties and witnesses in appropriate circumstances to individuals with a need to know. However, any act of retaliation against any person who opposes the harassment, who has filed a complaint, or who has testified, assisted or participated in any way in the handling of a harassment complaint is prohibited and is subject to disciplinary action up to and including dismissal. False or malicious complaints of harassment may result in disciplinary action against the complainant.

## **SPORTS**

**\*STUDENTS MUST KEEP THEIR HALL AND GYM LOCKERS LOCKED AT ALL TIMES !**

## **STUDENTS' SCHOLASTIC RECORDS:**

Students' scholastic records are maintained and secured in the Guidance Department of the school. It is the responsibility of this department, under the supervision of the principal, to keep all records accurately, in proper order, and updated. The school policy concerning students' scholastic records is as follows:

1. The contents of the scholastic record are limited to data needed by the school to assist the student in his personal, social, educational, and vocational development and in his educational and vocational placement. Types of data included are name, address, and birthday of student; photograph; name, address, and employer of parents; scholastic work completed with grades; standardized test scores; attendance; health/physical fitness data; copies of suspension letters; textbook agreement, emergency care permit; and other vital educational information.
2. Only school officials with a legitimate educational interest will have access to a student's record.
3. Upon request, parents may review their child's school record and receive explanation of data contained therein. Students under 18 years of age may not have access to their records without the parent's written permission. Any data questioned is checked for accuracy and corrected as needed. All reviewing of records is done in the Guidance Department assisted by the counselor or school official.
4. With the exception of a court order, no scholastic data is given or forwarded to a third party without the written consent of the parent.
5. Parents and eligible students shall have an opportunity for a hearing to challenge the content of their child's records to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. Provide an opportunity for the correction or deletion of inaccurate, misleading, or inappropriate information therein and for the insertion of a written explanation of the parents respecting the content of the record.
6. Periodically, the school posts and/or publishes students' names, as they are involved in the following school activities: class lists, honor rolls, school sponsored programs and activities, and special awards and recognition. In addition, the student's social security number will be used as his/her state testing number if another school division has not assigned one.

### **TARDINESS POLICY:**

Your child's education is of the utmost importance to us. Attendance and timely arrival to school are essential components of being prepared for their school day and for your student's educational success. All student tardiness may be subject to disciplinary action for excessive tardiness.

### **TELEPHONES**

School telephones are for official school use only and are not to be used by students except in emergency situations. In the case of illness of a student, the parent/guardian will be called by the school nurse or clinic staff member.

### **TESTS / EXAMS:**

All students will be required to take quizzes and tests (including 9-week tests). Students in high school level classes will be required to take semester exams that will equal one-fifth of the semester grade. Students in Algebra I, Latin I, French I, Spanish I, Art I, Drama I, Chorus I, Family Living I, Production Technology I, Advanced Band and Computer Programming will be required to take semester exams since these are high school level classes. Eighth grade students will be administered a cumulative test in core classes at the end of the first semester that is weighted as a regular test. The SOL test administered in the spring is in lieu of a semester test.

High school courses taught at the middle school will be administered a semester test at the end of the first semester which will count as a test grade. A second semester exam will be required for all students except for students who pass the Algebra I SOL test in the spring. The second semester exam will count 10% of the student's grade. This aligns with high school grading policies, where final exams count as 10% of the student's grade.

All middle school students enrolled in high school courses, whether the course is taken at the middle school or the high school, are eligible to have the grade expunged upon request.

During any test, quiz, or exam, students are not to talk or participate in any form of unapproved communication. Violators of this policy could receive a grade of zero (0) on that particular test, quiz, or exam, and be subject to disciplinary action.

Normally, students are not expected to take more than two (2) tests in one day. However, if such a conflict arises, **it is the student's responsibility** to notify the teacher of this conflict **at the time that a third test is announced**.

**Algebra I students may exempt the final Algebra I exam if they pass the SOL Algebra I End of Course test.**

## **STUDENT CONDUCT STANDARDS**

The standards of student conduct are designed to define the basic rules and major expectations of students in the public schools of Colonial Heights. It is the responsibility of the Colonial Heights City School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members, and parents are provided the opportunity to become familiar with this policy.

The superintendent shall issue Standards of Student Conduct and a list of possible corrective actions for violation of the Standards of Conduct. The Standards of Student Conduct and a notice of the requirements of Section 22.1-279.3 of the Code of Virginia, 1950, as amended, shall be sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct shall be sent. The statement shall also acknowledge the receipt of state law concerning parental assistance in maintaining discipline and order. Parents shall be notified that by signing the statement of receipt, parents are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school shall maintain records of the signed statements. The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or his designee to review the School Board's Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct. The parent is also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parent's responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal shall notify the parents of any student who violates a School Board policy when such violation could result in the student's suspension, whether or not the school administration has imposed any disciplinary action. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior; and (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials. The principal or his designee shall notify the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student. If the parent fails to comply with this requirement, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

Students are subject to corrective action for any misconduct that occurs:

- in school or on school property
- on a school vehicle
- while participating in or attending any school sponsored activity or trip
- on the way to and from school
- off school property, when the acts lead to: (1) an adjudication of delinquency or a conviction for an offense listed in 16.1-305.1 of the Code of Virginia, 1950, as amended (unlawful purchase, possession or use of a weapon, homicide, felonious assault and bodily wounding, criminal sexual assault, manufacture, sale, gift, distribution or possession of Schedule I or II controlled substances or marijuana, arson and related crimes, and burglary and related offenses) or (2) a charge that would be a felony if committed by an adult.

Any student involved in a reportable drug or violent incident shall participate in prevention and intervention activities deemed appropriate by the Superintendent or his/her designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

The superintendent shall issue regulations listing additional actions which may be cause for corrective action and if serious enough or exhibited repeatedly may lead to suspension or expulsion.

The School Board shall biennially review the model student conduct code developed by the Board of Education to incorporate into policy a range of discipline options and alternatives to preserve a safe and non disruptive environment for effective learning and teaching.

## **STANDARDS OF STUDENT CONDUCT**

The following are standards of student conduct established by the School Board for all students under its jurisdiction. Consequences shall be determined on the basis of the facts presented in each instance of misconduct in the reasonable discretion of the School Board, its designated committees and other appropriate school officials.

## **Colonial Heights Public Schools Notification of Rights under FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, audi-

tor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Colonial Heights Public Schools to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW

However, Colonial Heights Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Colonial Heights Public Schools to include this type of information from your child's education records in certain school publications. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent<sup>1</sup>.

If you do not want Colonial Heights Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by November 14, 2018.
