The Board’s comprehensive policy manual is available for public inspection through the District’s website (www.mr238.org) or at the Board office, located at:

Monmouth-Roseville C.U.S.D. 238
105 North E. Street

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher’s conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another’s property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person’s alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.

10. Use or possess medical cannabis, unless he or she has complied Illinois’ Compassionate Use of Medical Cannabis Act and district policies.

11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).

12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.

13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee’s directive.

14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.

15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.

**Equal Opportunity and Sex Equity**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Superintendent Ed Fletcher 309-734-4712.

**Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

**School Volunteers**

All school volunteers must complete the “Volunteer Information Form” and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.
Emergency School Closings
In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings or early dismissals will be announced in a timely manner. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal.

Video & Audio Monitoring Systems
A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities
Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies
State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.
**Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- Sign the Diabetes Care Plan.
- Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

**Suicide and Depression Awareness and Prevention**

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school’s ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district’s policy, is posted on the school district website. Information can also be obtained from the school office.

**Accommodating Breastfeeding Students**

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

- Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
- Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
- Access to a power source for a breast pump or any other equipment used to express breast milk.
- Access to a place to store expressed breast milk safely.
- Reasonable breaks to accommodate the student’s need to express breast milk or breastfeed an infant child.
- The opportunity to make up work missed due to the student’s use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District’s Complaint Manager, Non-Discrimination Coordinator, or Building Administrator.
**Attendance**

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child’s age, shall assure that the child attends school during the entire time school is in session.

**Student Absences**

There are two types of absences: excused and unexcused. Excused absences include: illness (including mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student’s mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Each student will be allowed five parentally excused absences a semester. All other absences including absences after the five parentally excused are considered unexcused. Pre-arranged excused absences must be approved by the principal. After two mental health absences, a student is required to check in with their counselor prior to attending the next scheduled class.

Additionally, a student will be excused for up to 5 days in cases where the student’s parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student’s parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student’s absence.

In the event of any absence, the student’s parent/guardian is required to call the school at [phone number] before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student’s absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.
**Release Time for Religious Instruction/Observed**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

**Make-Up Work**

If a student’s absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. The student will be permitted 2 student attendance days for each day absent to turn in the make-up work. E-Learning/Remote learning days are considered student attendance days. The student is responsible for obtaining assignments from his/her teachers. Students unexcused will make up all tests or homework missed within the current semester. Students must understand that certain laboratory and/or classroom situations cannot be duplicated for their convenience.

**Truancy**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

**Truancy Procedure**

The Henderson-Knox-Mercer-Warren Counties Regional Office of Education provides Truancy Intervention and Prevention to potential truants, truants, and chronic truants. The goal is to work directly with these students and their families to prevent truant behavior.
Participating school districts identify and refer students. The Stay-In program operates on the premise that dealing with kindergarten through twelfth grade student's attendance and/or academic problems will result in the student improving school attendance and/or academic performance, which will eventually result in the acquisition of a high school diploma. Truancy staff identify students through system of referrals by the participating school district, which then initiates steps that lead to the following:

Step 1: Upon the student receiving 3 unexcused absences the Parent/Guardian will be sent Letter 1.

Step 2: Upon the student receiving 6 unexcused absences the Parent/Guardian will be sent Letter 2.

Step 3: Upon the student receiving 9 unexcused absences a citation for truancy will be written.

Step 4: Upon the student receiving 12 unexcused absences the Parent/Guardian will be sent Letter 3.

Step 5: Upon the 15th unexcused absence the Student, Parent/Guardian will be sent a Legal Notice to Appear before the Truancy Review Board in the County they reside.

Step 6: Upon any additional unexcused absences after the Truancy Review Board a petition to the State Attorney of the County resided in will be filed.

**Homework**

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability and grade level.

The homework completion policy at Monmouth-Roseville School District #238 requires all students to complete their homework and classroom assignments. Students that do not turn in required assignments or homework may be required to stay after school with the classroom teacher to complete the missing or incomplete work. This gives the students the opportunity to complete their work with the assistance of the classroom teacher and avoid the “Zero” in the gradebook. If the work is not completed at this time the student will then receive a “Zero” for the assignment.

**Exemption from Physical Education Requirement**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student’s parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student’s ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.
A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

- Enrollment in a marching band program for credit;
- Enrollment in Reserve Officer’s Training Corps (ROTC) program sponsored by the District;
- Ongoing participation in an interscholastic or extracurricular athletic program (student must be in the 11th or 12th grade);
- Enrollment in academic classes that are required for admission to an institution of higher learning
- Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade); or

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Board Policy 7:2.60. Handbook Procedure 10.

Special activities in physical education will be provided for a student who’s physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course

- The time of year when the student’s participation ceases;
- The student’s class schedule; and
- The student’s future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above.

**Credit for Proficiency, Non-District Experiences**

**Course Substitutions and Accelerated Placement**

Credit for Non-District Experiences: A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

- Distance learning course, including a correspondence, virtual, or online course.
- Courses in an accredited foreign exchange program.
- Summer school or community college courses.
- College or high school courses offering dual credit courses at both the college and high school level.
- Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education
• Work-related training at manufacturing facilities or agencies in a Tech Prep Program.
• Credit earned in a Vocational Academy.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student’s grade point average, class rank, and eligibility for athletic and extracurricular activities.

Proficiency Credit
Proficiency credit is available in limited subjects where a student demonstrates competency. Contact the building principal for details.

Substitutions for Required Courses

Vocational or technical education. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The building principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student’s parent/guardian requests and approves the substitution in writing on forms provided by the District.

Registered Apprenticeship Program. A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program listed by the school district. Students may find a registered, but not listed, apprenticeship program with a business or organization if a registered apprenticeship program is not offered in the school district.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Volunteer service credit. A student participating in the District’s Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.
Accelerated Placement
The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

Dual Credit
Carl Sandburg collaborates with Monmouth-Roseville High School by providing students the opportunity to complete college courses that connect with career paths. Whether the student is interested in pursuing a bachelor’s degree or certificates in career or technical areas, there is a pathway for everyone. MRHS students may take dual credit courses online, at Sandburg’s campus, or at MRHS depending on instructor availability. Students taking dual credit courses must meet Carl Sandburg admissions standards and complete the steps to enroll at the College. Students who plan to complete any pathways must meet with a Carl Sandburg academic advisor to develop an individual plan.

Potential pathways include:

The embedded AA degree allows MRHS students to complete an Associate in Arts degree while in high school. This is an accelerated pathway that allows MRHS students to complete their AA degree and earn their high school diploma at the same time. This pathway can save MRHS students significant time and money toward completing a college degree.

The 1 + 1 Associate in Arts pathway allows MRHS students to complete one year of the AA degree while in high school and complete the remaining degree requirements after high school graduation. This pathway is a little slower-paced and allows MRHS students more time for high school involvement, while also saving them time and money toward completing a college degree.

The Career & Technical Pathway prepares the student for the workforce. Students who are interested in career paths can take classes towards an Associate in Applied Sciences (AAS) or certificates while in high school. Students may also complete some of the courses at MRHS, graduate from MRHS, and then finish the AAS degree or certificate at Sandburg. An example of programs in this pathway includes information/computer technology.

The Health Professions Pathway allows students who are interested in health careers to accelerate their enrollment into our selective admissions programs by taking some of the prerequisite courses in high school. Students should meet with a Sandburg academic advisor to discuss admissions requirements and to develop a specific plan to ensure those requirements are met. Examples of programs in this pathway includes nursing, dental hygiene, and radiologic technology.

Courses in the AA degree pathways are designed to meet Illinois Articulation Initiative (IAI) guidelines, which is a statewide transfer agreement that facilitates transfer among more than 100 participating colleges and universities in Illinois. To verify transferability of specific courses, students should meet with their Sandburg academic advisor and consult with their selected transfer school(s).
Career & Technical and Health Professions courses are designed to prepare the student for the workforce or to complete pre-requisites for selective admission programs at Sandburg. Courses in these pathways are not designed for transfer. MRHS Dual Credit students also have access to the full benefits of being a Carl Sandburg student, including tutoring, disability support, student life events, TimelyCare (free 24/7 telehealth for medical and mental health), and more!

**Home and Hospital Instruction**

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student’s home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student’s individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child’s birth or a miscarriage.

For information on home or hospital instruction, contact: the building Principal at your child’s school.

**Early Graduation**

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the principal prior to mid-term of the first quarter of the student's seventh semester.

Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.)

Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.

The student and a parent will schedule a conference with the Principal and the senior counselor prior to mid-term of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.
High School Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all State mandated graduation requirements listed below.
2. Completing all District graduation requirements that are in addition to State graduation requirements.
3. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
4. Participating in the State assessment required for graduation.

State Mandated Graduation Requirements

(a) Four years of language arts.
(b) Two years of writing intensive courses, one of which must be English and the other of which may be English or any other subject. When applicable, writing-intensive courses may be counted towards the fulfillment of other graduation requirements.
(c) Three years of mathematics, one of which must be Algebra I and one of which must include geometry content and one of which may be an Advanced Placement computer science course.
(d) Two years of science.
(e) Two years of social studies, of which at least one year must be history of the United States or a combination of history of the United States and American government. Within the two years of social studies requirement, one semester of civics is required.
(a) One year chosen from (A) music, (B) art, (C) foreign language, which shall be deemed to include American Sign Language (D) vocational education, or (E) forensic speech (speech and debate). The awards will appear on the transcript and diploma of each graduating senior and is a statement of accomplishment to future employers and universities. Additionally, these awards:

- Encourage all students to study other languages
- Increase employment and earning opportunities through formal recognition and measurement of language and biliteracy skills
- Increase academic opportunities by providing colleges and universities a method to recognize and award college credit for attainment of high level skills in another language. Public colleges and universities in the state of Illinois are required to accept the State Seal of Biliteracy as equivalent to 2 years of foreign language coursework taken during high school and award college credit for the Seal of Biliteracy. See House Bill 4330 for more information.

A student will receive the Seal of Biliteracy if he/she attains a composite score (including listening, reading, speaking, and writing) equivalent to “Intermediate High” on the AAPPL language exam AND demonstrates English proficiency on either the SAT, ACT, AAPPL or ACCESS exams. A student will receive the Commendation toward Biliteracy if he/she fails to meet the requirements of the Seal but attains a composite score (including listening, reading, speaking, and writing) equivalent to “Intermediate Low” on the AAPPL language exam AND demonstrates English proficiency on either the SAT, ACT, AAPPL or ACCESS exams. A portfolio method of assessment will be used for low-incidence languages not covered by the AAPPL. All costs associated with the program are paid for by the district. For more information regarding the Seal of Biliteracy, visit https://www.isbe.net/sealofbiliteracy.
Progress toward achieving these awards is unique to each individual student. For specific information on your student’s current standing toward completion of the Seal of Biliteracy, Commendation toward Biliteracy, or any other questions regarding this opportunity please contact:

**Fines, Fees, and Charges; Waiver of Student Fees**
The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:
- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal.

Pursuant to the Hunger-Free Students’ Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who

**Bus Transportation**
The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.
While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district’s regular suspension procedures shall be used to suspend a student’s privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student’s parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student’s safety and in compliance with State law, students are also expected to observe the following:

- Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
- Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
- Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
- Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
- Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
- Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
- Always listen to the driver’s instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head, and all personal items inside the bus at all times.
- Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
- Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
- If you must cross the street after you get off the bus, wait for the driver’s signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
- Never run back to the bus, even if you dropped or forgot something.
Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus. For questions regarding school transportation issues, contact: James Kane: 309-426-2311

**Bus Conduct**

Students are expected to follow all school rules and policies when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

**Parking**

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Students may park their vehicles in the student lot located at corner of South B Street and West 1st Ave. between the hours of 7:30AM and 6:30PM must register, obtain and display a parking permit for the current school year. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner’s expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.
The lots designated Faculty are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

STUDENTS HAVE NO REASONABLE EXPECTATION OF PRIVACY IN CARS PARKED ON SCHOOL GROUNDS. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

- Entering Kindergarten or the first grade;
- Entering the sixth and ninth grades; and
- Enrolling in an Illinois school for the first time, regardless of the student’s grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring “risk-assessed” or screened for lead poisoning. Failure to comply with the above requirements by October 15 of the current school year will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to
hold the student’s report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

**Dental Examination**
All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child’s report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

**Exemptions**
A student will be exempted from the above requirements for:

- Religious or medical grounds if the student’s parent/guardian presents to the building principal a signed statement explaining the objection;
- Health examination or immunization requirements on medical grounds if a physician provides written verification;
- Eye examination requirement if the student’s parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
- Dental examination requirement if the student’s parent/guardian shows an undue burden or a lack of access to a dentist.

**Student Medication**
Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “School Medication Authorization Form.”

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

**Self-Administration of Medication**
A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student’s diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student’s seizure action plan, which must be on file with the school.
Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student’s parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis
In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications
The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students
Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Guidance & Counseling
The school provides a guidance and counseling program for students. The school’s counselors are available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student’s career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills: a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student’s parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

Communicable Diseases
The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.

11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be
appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

**Isolated Time Out, Time Out and Physical Restraint**

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

**Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons Prohibition**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the Unites States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis.
**Gang & Gang Activity Prohibited**

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

**Re-Engagement of Returning Students**

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

**Prevention of and Response to Bullying, Intimidation, and Harassment**

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
• Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

• Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;

• Causing a substantially detrimental effect on the student’s or students’ physical or mental health;

• Substantially interfering with the student’s or students’ academic performance; or

• Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and
parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation and Harassment*

Making a Report or Complaint
Students are encouraged to promptly report claims or incidences of bullying, intimidation, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any employee with whom the student is comfortable speaking. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

c. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet domain. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name
and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment
for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

**Students Searches**

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

**Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

**Questioning of Students Suspected of Committing Criminal Activity**

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student’s parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student’s parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.
District 238 Interscholastic Activities

The philosophy at Monmouth-Roseville CUSD #238 is that athletics and other activities are integral parts of the school’s educational program. They provide experiences that will help young men and women grow physically, mentally and emotionally. Students are stimulated to win and excel, but the principles of good sportsmanship prevail at all times to promote the educational value of each contest. Competition and winning are kept in perspective so as not to determine the nature of a program.

Participation in activities both as a player and an observer is an important part of the student learning experience. This participation is a privilege that carries with it responsibilities to team, school, community and self. In their play and in their conduct, these experiences contribute to the knowledge, skill and emotional growth of each student.

Participation in interscholastic activities, however, is a privilege and not a right. Any student who tries out for a team must understand that his/her selection to the team, selection to dress, playing time and positioning is solely up to the coach or sponsor.

If during the season a team member or parent has a concern about a matter relating to the team or activity, he/she should make an appointment to meet with the coach or sponsor. Meetings between parents and coaches immediately following a contest, however, are seldom productive. Meeting to discuss concerns should be held at a scheduled time mutually convenient to both the parent and the coach/sponsor. If an issue exists that is not remedied at the parent-coach level, the parent may then choose to meet with the athletic director and then the building principal. If still unresolved, the matter may be appealed to the superintendent or ultimately the Board of Education. When parties exhibit professionalism, common respect and objectivity, we find that almost all issues can and should be resolved at the parent-coach level.

Extracurricular and Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class or otherwise carry credit for a grade.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association’s “Pre-Participation Physical Examination Form.”
2. A permission slip to participate in the specific athletic activity signed by the student’s parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA’s most current banned substance list (without a written prescription and medical
documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student’s parent/guardian agreeing to IHSA’s Performance-Enhancing Substance Testing Policy.

5. Signed documentation agreeing to comply with the School District’s policies and procedures on student athletic concussions and head injuries.

6. Signed documentation agreeing to comply with the School District’s policies and procedures on extracurricular activity eligibility random drug testing policy.

**Student Athlete Concussions and Head Injuries**

Student athletes must comply with Illinois’ Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association/Illinois Elementary School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District’s return-to-play and return-to-learn protocols.

**Academic Eligibility**

1. If a student is passing all classes, then he/she is eligible to participate in all extracurricular activities.

2. If a student is failing 1 class and attends Study Table, then he/she is eligible to participate in all extracurricular activities.

3. If a student is failing two or more classes, the student is ineligible for all extracurricular activities.

   An eligibility report is ran weekly. If a student is found to be academically ineligible, the student’s ineligibility starts at 8:00am Monday morning and continues until the next eligibility report is ran.

4. A student must end the year in good standing. If a student is failing two or more classes at the end of a semester the student is ineligible for the next semester.

5. Coaches/Sponsors may remove students that have multiple ineligibilities during the season.

**Absence from School on Day of Extracurricular or Athletic Activity**

A student must be present for the full day of school on the day of an activity to be eligible to participate in that activity. Exceptions may be made by the designated teacher coach, or sponsor, or administrator for justifiable reasons, including: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family 3) a religious ceremony or event 4) or by arrangement with administration. An athlete who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by administration.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who has an unexcused absence from school on the day prior to an event may be withheld from an extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor, coach, or administrator.
Travel
All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity. Upon advance written request by the student's parent/guardian the approval is only authorized, provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Code of Conduct
This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.
This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student’s conduct. Should the severity of the behavior be found greater than originally deemed, greater consequences may apply.
Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:
1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol (except for religious purposes);

5. Use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Act in an unsportsmanlike manner;
7. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;

11. Be insubordinate or disrespectful toward the activity’s sponsors or team’s coaching staff; or
12. Falsify any information contained on any permit or permission form required.

_Hazing_ is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. _Bullying_ includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

**Due Process Procedures**

Students who are accused of violating the Code of Conduct are entitled to the following due process:

- The student should be advised of the disciplinary infraction with which he or she is being charged.
- The student shall be entitled to a hearing before an appropriate administrator.
- The student will be able to respond to any charges leveled against him or her.
- The student may provide any additional information he or she wishes for the administrator to consider.
- The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
- If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:

**Unacceptable Behaviors:** Depending upon the severity of the circumstance, disciplinary action may include suspension or removal from any activity or program. Some examples of unacceptable behavior include, but are not limited to, gross disrespect, gross misconduct, hazing, bullying, electronic/social media misuse, theft, or confrontation with a school official, director, sponsor, participant from another school, or game/contest official, or law enforcement officer. Any activity participant at Monmouth Roseville School District will be subject to disciplinary action if he/she commits any of the following violations as documented by police, certified personnel, or self-admission by the student:

A student not involved in co-curricular activities at the time of violation will normally be assigned a suspension beginning upon his/her next involvement in a co-curricular activity. A student,
however, may not become involved in a new co-curricular activity solely to serve the assigned suspension. The principal or assistant principal may prevent a student from doing so by assigning a suspension to be served during the student’s next involvement in his/her regular activity(ies). Suspensions begin with the date of violation and are not related to the beginning or end of seasons. Suspension percentage is based on the athletic schedule at the beginning of the season. Participants will be suspended from one event. An event over multiple days is considered one event. Consequences will accumulate regardless of the level of the violation.

I. Level One - Violations:
- Violations of rules and regulations of District 238 that result in any type of suspension of three or fewer days per semester.
- Any major skip (half day or more unexcused) from class or school.

- Other unacceptable behaviors (depending upon severity)
- Students who have accumulated 3 or more detentions for any reason.

Consequences:
A. First Offense - Participants will be suspended from Team/Activity for one game/performance.
B. Second Offense - Participant will be suspended from all extra-curricular activities for 10% of scheduled contests.
C. Second Offense - Participant will be suspended from all extra-curricular activities for 25% of scheduled contests.
D. If the violation occurs “out of season” then the suspension will carry over to the next sport season or participatory activity in which the student is involved.

II. Level Two – Violations:
- Attendance at parties where under-age (illegal) drinking of alcoholic beverages and/or illegal drugs are present.
- In a car where alcohol or illegal drugs are being transported.
- Other unacceptable behaviors (depending upon severity)

Consequences:
A. First Offense – Probation: If the police report or if a participant states that he/she attended, but did not use alcohol or drugs, the participant will be advised by coach, director, or sponsor not to attend any similar functions again. Additional consequences may be determined by the coach/sponsor with notification given to the Athletic Director.
B. Second Offense – Participant will be suspended from all extra-curricular activities for 10% of scheduled contests, with a minimum of a one game/event suspension.
C. Third Offense – Participant will be suspended from all extra-curricular activities for 50% of scheduled contests.
D. Fourth Offense - Participant will be suspended from all extra-curricular activities for a period of one (1) calendar year.
E. Fifth Offense - Participant will be suspended from all extra-curricular activities for the remainder of his/her high school career.
III. **Level Three - Violations:**
- Use or possession of any tobacco substance, e-cigarette or vape.
- Stealing or vandalizing community, school, or personal property.

B. Second Offense - Participant will be suspended from all extra-curricular activities for a period of one (1) calendar year.
C. Third Offense - Participant will be suspended from all extra-curricular activities for the remainder of his/her high school career.

V. **Level Five – Violations:**
- Unlawful activities equivalent to Misdemeanors or Felonies as documented by police
- Including but not limited to: Stealing, possession of stolen property, Battery, assault, vandalism, gang activity and burglary.
- Any action that involves potential serious harm to persons or property

**Consequences:**
A. Participant will be suspended from all extra-curricular activities for 50% of scheduled contests.

Issuance of a citation or arrest for unlawful activities equivalent to Misdemeanors of Felonies.

It should be understood that this code does not contain a complete list of inappropriate behaviors for a Monmouth Roseville School District activity participant. In addition to those behaviors listed, a Monmouth Roseville School District participant is expected to demonstrate excellent conduct in the classroom, in his/her activity(s), and in the community. As a result, the coach/sponsor, after consultation with the principal/athletic director, may discipline a participant for other inappropriate behavior.

All students remain subject to all the School District’s policies and the school’s student/parent handbook.

**Reinstatement Process**

A student who has received the three strikes, no participation penalty may after at least six months of their non-participation period and prior to the beginning of the next competitive season, may request reinstatement of their eligibility. The student must notify the superintendent of their desire to seek reinstatement and gain probationary status. The Superintendent will schedule a Reinstatement Hearing to take place within 10 days of the student’s request. The same process will be used as for athletic appeal hearings. During the hearing, the student will make a case for probationary reinstatement. The committee will determine if the student is to be reinstated immediately, reinstated after a designated period of time (i.e. a one-year suspension period), or not reinstated and their decision will be final. A student that regains probationary status and is guilty of another violation of the extra-curricular Code of Conduct shall be suspended from all extracurricular activities the remainder of their high school career.
Extracurricular Activity Eligibility Random Drug Testing Policy

The Board of Education believes that the use of illegal drugs by students who participate in extracurricular activities and who operate a motor vehicle and park on District property presents a particular hazard to the health, safety, and welfare to students and to those who compete with the student. The risks associated with such abuse may include the possibility of impaired judgment, diminished capacity, deterioration of the organs and tissue of the body, addiction, and mental and physical impairment which substantially compromises one’s ability to perform to his/her natural ability.

The Board encourages students to participate in extracurricular activities and park on campus, but believes the opportunity to try out for and participate in school sponsored activities and park on campus is a privilege and not a right. To be eligible to try out for, or to participate in any extracurricular activities or park on campus students must agree to submit to testing for the use of prohibited substances, if selected, in accordance with this policy.

This policy has been adopted by the Board of Education of Monmouth-Roseville Community School District No. 238 and applies to all students who participate in extracurricular activities in grades 7-12 or who park a motor vehicle on school property. This policy is in addition to the Monmouth-Roseville School Extracurricular Code of Conduct, and all other policies regarding student conduct. This policy has been adopted after seeking the input of parents and concerned citizens of the District and is a response to their consensus that it is the most effective response to the growing problem of drug and alcohol abuse of students, and in particular, student extracurricular participants.

The District recognizes that there is a high incidence of alcohol and drug abuse by students nationwide, which is epidemic in proportion. The District also recognizes that some Monmouth-Roseville school district students, and in particular, participants in extracurricular activities have used alcohol and have or will experiment with illegal drugs and/or alcohol during their school years. Because participants in extracurricular activities are especially respected and looked up to by the student body, they are expected to be good examples of conduct, sportsmanship and training, which includes abstaining from the use of drugs and alcohol. Moreover, participants in extracurricular activities or who park on campus who use drugs can be a danger to himself/herself or others, both in and out of the extracurricular activity.

In order to provide for the health and safety of the individual participant and other extracurricular participants, as well as provide a legitimate reason for the students to say “NO” to drug use, and to provide an opportunity for those taking drugs to receive help in locating programs which can provide assistance, the District is conducting a mandatory drug testing program for extracurricular participants. The program is not punitive. It is designed to prevent drug and alcohol usage, to educate student extracurricular participants as to the serious physical, mental and emotional harm caused by drug, alcohol, and tobacco use/abuse, to create and maintain a safe, drug free, environment for student athletes and to assist them in getting help when needed.
The purpose of this policy is to deter the use of prohibited substances, not to provide a means which the district may use to punish a student other than by disqualification from participation in extracurricular activities. Accordingly, the results of any drug test administered under this policy shall be used only for determination of eligibility to try out for and participate in extracurricular activities and for no other disciplinary purpose.

**Eligibility**

In order to be eligible for participation in any athletic, the student must be eligible under the applicable rules governing IHSA and/or IESA competition. Students ineligible to participate under IHSA or IESA rules will not be permitted to participate in athletic competition, regardless of eligibility under this or any other District policy.

**Consent Form**

To try out for or to participate in any school sponsored extracurricular activities, the student must read this policy and sign a consent form by which the student agrees that as a condition of participation in extracurricular activities, he/she will consent to the drug testing program outlined in this procedure. This consent form must also be signed by the student’s parents or guardians at the beginning of the school year or prior to try outs for a specific activity. Students deciding to participate in an extracurricular activity after the first sign-up deadline, will be required to be tested after the signed consent form is returned. This testing will occur on the next scheduled test date and the extracurricular participant will then remain eligible for random testing for the remainder of the school year. Both signatures must be witnessed by another adult, not a member of the student’s family.
Withdrawal of Consent

Consent for participation may be withdrawn under the following conditions:

1. Student fails to make the team/activity under tryout procedures outlined.
2. Student will not be participating in any additional qualified extracurricular activities for the remainder of the school career.
3. Parents must submit written request for withdrawal of consent indicating intentions in #2 above.
4. Withdrawal of consent must be sent to the appropriate building principal who will verify student no longer participating in any qualified extracurricular event.

Should student elect to resume participation in any qualified activity again in his/her school career, the student will be required to be tested on the next scheduled test date prior to activity tryout or participation.

Non-Compliance

If the extracurricular participant, his/her parents or guardians refuse to sign the consent form, the student will not be permitted to be a member of the activity until such consent form is signed. Also, if the extracurricular participant refuses to be tested or does not complete the test as instructed, the extracurricular participant will be considered in violation of this policy and automatically be ineligible as an extracurricular participant until testing is completed.

Confidentiality

The results of any test administrated under the terms of this policy shall be kept confidential and disclosed only to the extracurricular participant, his/her parents or guardians, and school officials designated by the Superintendent. The results of the testing shall not be used as a basis for any disciplinary action other than disqualification as provided for in the Monmouth-Roseville School Extracurricular Code of Conduct. The test results will not be part of the extracurricular participant permanent record, but will be kept in a secure file in the school office. The results for testing, negative or positive, will be kept until the student graduates. At that time all results/records of this policy, related to individual students will be purged.

Under this drug testing program, no staff, coach, or sponsor shall divulge any information to anyone about a particular student or disposition of the student involved, other than by order of a court of competent jurisdiction.

Random Selection of Extracurricular Participants for Testing

At the beginning of each school year, each extracurricular participant shall be assigned a number by the Superintendent or his/her designee. The selection of numbers will be made by the Testing Organization. The numbers will be computer generated. Students will be eligible for random testing throughout the school year. There will be student numbers selected for each week of the month, student numbers will be forwarded to the School Principal and students selected in the order the numbers are selected.
The District specifically reserves the right to test any extracurricular participant at any time where reasonable suspicion of drug use is found to exist.

Notification of Extracurricular Participant Selection/Absence/Self-Referral

The selected extracurricular participants will be notified to report to the principal’s office during first period on test day. The student will then be escorted to the test site. If the student is absent from school, and the absence is unexcused, the student will be ineligible for practice or competition until the next testing date and then will automatically be tested on that date. If the absence is excused, the student will remain eligible for practice and competition, but will automatically be tested on the next date. After testing an extracurricular participants number will be returned to the testing population and subject to re-selection during the next testing cycle. Extracurricular participants will be subject to random testing throughout the school year, so long as they are trying out for or participating in an extracurricular activity.

Student Transfers

A student transferring to Monmouth-Roseville school district will be provided a copy of this policy. Transfer students and parents will be giving a reasonable period of time, not to exceed 5 school days to determine whether or not student intends to participate in extracurricular activities. If, within period of time given, the consent form is signed appropriately, the student’s name will be added to the random list. If a decision is made to participate after the original timeline for consent, the student will automatically be tested on the next scheduled test date, prior to activity tryout or participation.

Program Details

Testing Procedures

1. Superintendent or designee shall assign a number to each extracurricular participant on a random basis and shall develop a master list of assigned numbers. The Testing Organization shall, then, from time-to-time throughout the school year, randomly select extracurricular participants for drug, alcohol and/or tobacco testing from the pool of numbers submitted by the Superintendent or designee. Testing may occur on any day, Monday through Saturday. Each student participant may be tested at any time during the year.

2. No student will be given advance notice or early warning of the testing.

3. Drug, alcohol and/or tobacco testing may be performed by breath alcohol testing and/or urinalysis. Upon being selected for breath alcohol testing, a student must provide an adequate amount of breath so that the measuring device can measure any alcohol concentration in the breath. Upon being selected for a urinalysis test, the student shall provide a sample of “fresh” urine according to the quality control standards and policy of the collection facility conducting the urinalysis.

4. A staff member, of the District or Testing Organization, will accompany the student until he or she produces an adequate, verifiable urine specimen. The student will not be under direct visual observation while providing the sample, unless there is reason to believe the extracurricular participant will alter or substitute the specimen to be provided. If unable to produce a specimen, the student will be given up to 40 ounces of fluid. If unable to produce a specimen within 2 hours, the student will be taken to the Building Principal’s office and told he/she is ineligible for participation in any extracurricular activity. In addition, the
parent(s)/guardian(s) will be telephoned and informed the student is unable to produce a sample for the testing procedure and he/she must be tested at a later date in order to be eligible.

5. All specimens registering below 90° F (32° C) or above 100° F (38° C) will be invalid. The head strip on each specimen bottle indicates the validity of the urine specimen by temperature. If a specimen is invalid, the student must provide another specimen.

6. A student will be ineligible for all extracurricular activities for the remainder of the school year if he or she tampers or cheats during the collection. This will be reported to the parent(s)/guardian(s).

7. Immediately after specimen is taken, the student may return to class with an admit slip or pass with the time he/she left the collection site.

8. Each specimen is given to the laboratory for testing for alcohol, tobacco, or controlled substances (which may include all drugs listed as controlled substance under Illinois law, defined by the Food and Drug Administration, or otherwise prohibited by the Illinois High School Association or Illinois Elementary School Association), and “performance enhancing” drugs such as steroids on a suspicion only basis.

**Chain-of-Custody**

1. The testing organization will provide appropriately trained staff members, set up the collection environment, guarantee specimens, and supervise the chain-of-custody.

2. A District or testing organization staff member will escort students to the collection site. No student is allowed to go to his or her locker. The staff member should minimize classroom interruptions. Athletes may be called after school, perhaps during practice time.

3. Before a student’s urine is tested by the laboratory, he or she must sign any form that may be required by the testing laboratory. If a student chooses, he or she may notify the administrator that he/she is taking a prescription medication.

4. A sanitized kit containing a specimen bottle will be given to each student. The bottle will remain in the collector’s possession until a seal is placed upon the bottle and the student signs that the specimen is sealed. The seal may be broken only by the lab testing the specimen.

5. If the seal is tampered with or broken, after leaving the collector’s possession and prior to arriving at the lab, the specimen is invalid. The student will remain eligible for extracurricular activities subsequent to a retest.

6. Students will be instructed to remove all coats and wash their hands in the presence of the supervisor before entering the restroom stall. The stall door/curtain will be closed while student provides a urine specimen. The supervisor will wait outside the restroom stall/curtain. The commode will contain a blue dye so the water cannot be used to dilute the sample. The faucets in the restroom will be shut off, and sealed with evidence tape. All garbage containers will be removed from the restroom stall.

7. After it is sealed, the specimen will be transported to the testing laboratory by testing organization personnel. The testing laboratory will report the results to the
**Testing Results**

1. The Building Principal or designee will be notified of a student testing “positive” (i.e., if the test shows that drug residues are in the student’s system after using at least 2 different types of analyses). The Building Principal or designee will notify the student and his or her parent(s)/guardian(s). The student or his parent(s)/guardian(s) may submit any documented prescription or explanation of a “positive” test result.

2. In addition, the student or parent(s)/guardian(s) may request that the urine specimen be tested again by a certified laboratory at the parent(s)/guardian cost. This request should be made within twenty-four (24) hours of the notification of the first positive test result to have the specimen tested in a laboratory of the family’s choice and at their expense. This test must be arranged by the family if the lab is to be a different lab. Any alternate labs selected by the family must be a federally registered, and SAMHSA certified lab (Substance Abuse Mental Health Services Administration) certified lab. Should the test be confirmed as positive, and there is not a satisfactory explanation for the positive results, the student will be considered to be in violation of the Code of Conduct. If it is determined by mutual consent of both testing facilities that the first test was invalid, the parents will be reimbursed the cost of the retest. Student will be reinstated if test is determined invalid.

3. If the test is verified “positive,” the Building Principal or designee will meet with the student and his or her parent(s)/guardian(s). The student and parent(s)/guardian(s) will be given the names of counseling and assistance agencies. The student may not participate in extracurricular activities until the required “follow-up” test is completed.

4. A “follow up” test will be required after the suspension period is served or after such an interval of time that the substance previously found would normally be eliminated from the body, whichever is comes first. If this “follow up” test is negative, the student will be allowed to resume extracurricular activities. If a “positive” result is obtained from the “follow up” test, or any later test, it will be considered a subsequent violation. In addition, the School District reserves the right to continue testing at any time during the remaining school year any participating student who had a verified “positive” test.

5. Information on a verified “positive” test result will be shared on a need-to-know basis with the student’s coach or sponsor. The results of “negative” tests will be kept confidential.

6. Drug testing results sheets will be returned to the Building Principal or designee. Names will not be kept in open files or on any computer. Result sheets will be locked and secured in a location to which only the Building Principal or designee had access.

7. Should the certified lab determine the urine sample is a dilute specimen, the student will be retested at the next test date. The student will remain eligible until the retest results are known.

**Financial Responsibility**

1. Under this policy, the School District will pay for all initial drug tests and all “follow up” drug tests, requested by the District.

2. A request for another test of a “positive” urine specimen is the financial responsibility of the
student’s parent(s)/guardian(s).

3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student’s parent(s)/guardian(s).

**Other Rules**

Apart from this drug testing program, the Illinois High School Association and Illinois Elementary School Association as well as each activity’s coaching staff or sponsor may have their own training rules and requirements. Coaches and sponsors have the necessary authority to enforce those rules. Any student participant who violates a team or activity rule or requirement is subject to the consequences as defined in those rules and requirements.

**Testing Negative**

The parents or guardians of the extracurricular participant who tests negative will be notified by mail as soon as practical of the district’s receipt of the information.

**Testing Positive**

If the test results are positive, the extracurricular participant will be considered in violation of Monmouth-Roseville School Extracurricular Code of Conduct. The student and parents will be notified as soon as practical and shall meet with the Building Principal or designee.

**Penalties**

Students who test positive in violation of this policy may suffer consequences up to and including:

1. Suspension from all extracurricular activities for the remainder of his/her high school career; and
2. Suspension of student’s school parking permit for the remainder of his/her high school career.

**Enforcement**

The provisions of this policy are considered an addition to all other rules and regulations governing student conduct and discipline in extracurricular activities.

**Expenses**

Funding for this program will be by Board of Education action.

**Extracurricular Participant Eligibility Drug Testing Student/Parent Consent Form**

I wish to try out for and/or participate in school sponsored extracurricular activities. I have read the Board of Education’s Extracurricular Participant Drug Testing Policy and I understand the Board of Education’s Policy and Procedures and agree to follow said Policy and Procedures, including being subjected to random testing, as a condition of participation in extracurricular activities. I understand that if I disobey the rules, I will be excluded from the opportunity to participate in extracurricular activities as provided in the Board’s Policy and Procedures. I understand that I should ask school district staff if I have any questions about the drug testing program or results.

I accept the method of obtaining urine samples, testing and analyses of such specimens, and all other aspects of the program. I agree to cooperate in furnishing such urine samples which
may be required at random times. I further agree and consent to the disclosure of the sampling, testing and results as provided for in this program to the school district administration. This consent is given pursuant to all State and Federal Privacy Statutes and is a waiver of rights to non-disclosure of such test records and results only to the extent such disclosure is authorized by this program. This consent is valid for the current school year.

I authorize the medical staff to take a sample of my urine for the purpose of performing tests and otherwise screen the sample obtained from me for presence of drugs, alcohol, tobacco or other chemical substances. Also, I authorize the medical staff to release the results of the testing, regardless of whether the results are negative or positive to the Administration of Monmouth-Roseville Community Unit School District No. 238.

I agree to participate in this program and release the testing organization/certified lab and any of its employees or agents from any liability arising out of my participation in this Drug Screening Program.

**Attendance at School Dances**

Attendance at school-sponsored dances is a privilege. Any student that is suspended from school will not be allowed to attend the dance.

No person shall accompany any Monmouth-Roseville High School student as a guest to a school sponsored dance who is over twenty years of age unless special permission is obtained from the Principal. No person younger than a freshman in high school may attend a school sponsored dance.

Any Monmouth-Roseville student wishing to attend any school sponsored dance must be in good attendance and meet eligibility requirements. Any student that has been determined to be a “Chronic Truant” by Illinois State Board of Education’s definition will not be allowed to participate.

Anyone attending a school sponsored dance is required to arrive on time and stay for the duration of the dance. If a student arrives more than 30 minutes late, or wishes to leave an hour or more prior to the end of the dance, that student will be required to make parental contact before he/she will be allowed to leave/enter the venue.

All school rules, including the school’s discipline code and dress code are in effect during school-sponsored dances.

Students who violate the school’s discipline code will be required to leave the dance immediately and the student’s parent/guardian will be contacted. The school may also impose other discipline as outlined in the school’s discipline code.
Education of Children with Disabilities
It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Discipline of Students with Disabilities
Behavioral Interventions
Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students
The District shall comply with the Individuals with Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education’s Special Education rules when disciplining special education students. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Exemption from Physical Education Requirement
A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student’s participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student’s Individualized Education Program.

A student in grades 3-12 who is eligible for special education may be excused from physical education courses if:
• The student’s parent/guardian agrees that the student must utilize the time set aside for physical education to receive special education support and services,

• The student’s Individualized Education Program team determines that the student must utilize the time set aside for physical education to receive special education support and services. The agreement or determination must be made a part of the Individualized Education Program; or

• The student has an Individualized Education Program and is participating in an adaptive athletic program outside of the school setting, and the student’s parent or guardian documents this participation.

A student requiring adapted physical education will receive that service in accordance with the student’s Individualized Education Program.

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student’s 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

Student Privacy Protections

Surveys by Third Parties
Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information
School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

• Political affiliations or beliefs of the student or the student’s parent/guardian.

• Mental or psychological problems of the student or the student’s family.

• Sexual behaviors or attitudes.
• Illegal, anti-social, self-incriminating, or demeaning behavior.
• Critical appraisals of other individuals with whom students have close family relationships.
• Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
• Religious practices, affiliations, or beliefs of the student or the student’s parent/guardian.
• Income other than that required by law to determine program eligibility.

The student’s parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

**Instructional Material**

A student’s parent/guardian may inspect, upon their request, any instructional material used as part of their child’s educational curriculum within a reasonable time of their request.

**Student Records**

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member’s sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes; though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

- **The right to inspect and copy the student’s education records within 10 business days of the day the District receives a request for access.**

  The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

- **The right to have one or more scores received on college entrance examinations included on the student’s academic transcript.**

  Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible
student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

- **The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes is inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

- **The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, or therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
• **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

• **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major Field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

• **The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

• **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.**

• **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:
Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child’s parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

**School Operations During a Pandemic or Other Health Emergency**

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child’s school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public’s health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child’s education, health or safety.

**Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois’ Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student’s information or from engaging in targeted advertising using a student’s information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information
Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

**Parent Organizations and Booster Clubs**

Parent organizations and booster clubs are invaluable resources to the District’s schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District’s name, a District school’s name, or a District school’s team name, or any logo attributable to the District provided they first receive the Superintendent or designee’s express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization’s or club’s name and purpose, such as, to enhance students’ educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parents/guardians of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization’s or club’s business or the conduct of its members, including on any organization or club websites or social media accounts.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board’s legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club’s recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District’s representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.
