Brief Explanation:
Schools that receive categorical program funding through the Consolidated Application are required to develop a School Plan for Student Achievement (SPSA). At San Diego Unified School District these are Title I funds. As part of the annual planning cycle (64001(g)(3)(b)), these plans must be reviewed and updated based on the most current student achievement data.

The 2020-21 SPSA is submitted for review, approval and implementation in the fall of the 2020-21 school year. In order to process the budget allocations for 2020-21, a plan reflecting new updated “evidence-based strategies, actions, or services” that strengthen the core academic program as well as online learning implications must be submitted by October 5, 2020.

The Elementary and Secondary Education Act (ESEA) has consistently directed educators to implement interventions grounded in research. This has been replaced by “evidence-based interventions” under the Every Student Succeeds Act (ESSA). This shift was designed to help increase the impact of educational investments by ensuring that interventions being implemented have proven to be effective in leading to desired outcomes, namely improving student achievement. Many ESSA programs encourage state educational agencies (SEAs), local educational agencies (LEAs), and schools to prioritize and include evidence-based interventions, strategies, or approaches.

Evidence-based interventions are practices or programs that have evidence to show that they are effective at producing results and improving outcomes when implemented. The kind of evidence described in ESSA has generally been produced through formal studies and research. [https://www.cde.ca.gov/re/es/evidence.asp](https://www.cde.ca.gov/re/es/evidence.asp)

San Diego Unified School District implements a Title I Schoolwide Program. A schoolwide program is a comprehensive reform strategy designed to upgrade the entire educational program in a Title I school; its primary goal is to ensure that all students, particularly those who are low achieving, meet or exceed state academic achievement standards.

The Schoolwide Program (SWP) requires a Schoolwide Plan. The San Diego Unified School District embeds the SWP plan within the structure of the SPSA. Schools must annually evaluate the plan’s implementation and outcomes to determine whether the academic achievement of all students, particularly of low-achieving students, improved, whether the goals and objectives contained in the plan were achieved, and if the plan is still appropriate as written.

Upon Board of Education approval, the School Plan for Student Achievement is in place for the 2020-21 school year.

The SPSA identifies and addresses the instructional needs of students and specifies how categorical funds provided through the Consolidated Application will be used to accomplish the goals outlined in the plan. State guidelines require that the SPSA:

- Assess student progress toward achieving stated goals and provide evidence.
- Identify site-specific achievement goals based on a variety of student performance data.
- Identify site-specific online learning implication and adjustments to structures and systems.
- Describe specific instructional strategies to accelerate student learning.
- Describe the ways in which student progress will be monitored on a regular basis.
• Identify interventions for students not meeting standards.
• Delineate strategies for effective parent engagement (more than communication).
• Reflect estimated costs and funding sources.
• Involve consultation with other site advisory groups.

State regulations require that the School Site Council (SSC) shall be the group responsible for developing and modifying site plans in collaboration with the site advisory groups. The SSC must also vote to approve the school’s SPSA prior to the due date and must also vote during the year to approve changes to the SPSA.

Consultation with additional site advisory groups about student performance data, student needs, identified goals, appropriate interventions/preventions, and associated budgets must continue to be a part of each SSC meeting. English Learner Advisory Committee (ELAC) consultation is required prior to SSC approval. This ongoing involvement of the SSC in the review of the site plan is a critical element of the annual planning cycle and should be reflected in meeting agendas and minutes.

As a reminder, a one-year term (1 year) of membership is defined as service from October of the elected year (or as soon as elections are held) through the SSC roster due date of the following year.

Documentation of SSC development, modification, monitoring, and evaluation of the site plans must be maintained at each school in the SSC Notebook. All documentation must be maintained at the site for five (5) years, plus the current year.

The SSC must:
1. **Review** all current student achievement data.
2. **Consult** site advisory groups. (Reminder: ELAC consultation is required prior to SSC approval)
3. **Complete** the following sections of the School Plan for Student Achievement:
   i) Appendix E, SPSA Evaluation (Attachments 7-10) provided for each site.
   ii) Resource Inequity
   iii) Site Information (Step 1 of SBB).
   iv) SPSA Executive Summary (Step 3 of SBB).
   v) School Goals, Actions, and Costs (Step 4 of SBB).
   vi) WASC Recommendations 2020-21 – Appendix F (Attachment 6).
4. **Attach** the following documents electronically into the SPSA via SBB in step 3.
   i) 2020-21 Title I Family and Parent Engagement Policy or Family and Parent Engagement Policy for Non-Title I Schools - Appendix B.
   ii) 2020-21 Title I School Parent Compact or School Parent Compact for Non-Title I Schools - Appendix C.
   iii) WASC Recommendations 2020-21 – Appendix F (Attachment 6).
   iv) SPSA Evaluations (LCFF and/or Title I) (Reference Attachments 7 - 10).
5. FPMA will insert the following documents into the final SPSA, Data – Appendix A for BOE approval.
i) California Dashboard for 2019 (Uploaded by FPMA)
ii) Title I/MPP Budget Allocations Summary Grid (Uploaded by FPMA)

6. **Approve** the updated 2020-21 School Plan for Student Achievement and electronically sign the 2020-21 SPSA Recommendations and Assurances (Attachment 3).

**Budget:**
Remember that the site budget must reflect all categorical and LCFF expenditures identified in the Budget Expenditures sections of the site plan. Categorical and LCFF resources that may have been allocated to the school include:
- Title I (Resource Code 30100)
- Title I Parent Involvement (Resource Code 30103)
- Title I Supplemental (Resource Code 30106)
- Comprehensive Support and Intervention (Resource Code 31820)
- LCFF Intervention Support (Resource Code 09800)

If categorical money is allocated in the budget and not identified in the plan, the budget and plan cannot be approved. Sites must specifically identify how non-instructional supplies and expenses support student achievement.

**Training:**
The Site Based Budget (SBB) tool will be used to produce the 2020-21 School Plan for Student Achievement (SPSA). Financial Planning, Monitoring and Accountability Department staff will provide assistance in completing the plans at the SPSA training and open labs with small group support. Please register via Professional Learning.

The Financial Planning, Monitoring and Accountability Department will review the budget allocations and plan alignment upon submission. If the budget for all categorical program funds is aligned with the site plan, and expenses are allowable the Financial Planning, Monitoring and Accountability Department staff will recommend the SPSA to the Board of Education for approval.

**The Financial Planning, Monitoring and Accountability Department will consult with school principals and Area Superintendents to address any necessary revisions.** Schools will resubmit their SPSAs if revisions to the plans and/or budgets are required. Corrected plans and budgets are to be resubmitted via the Site Based Budget (SBB) tool for additional review by the Financial Planning, Monitoring and Accountability Department.

**A copy of the Board of Education approved SPSA must be maintained on site.** The SSC binders should be used to maintain important information and documentation for school use to meet compliance requirements. In addition to the SPSA, the SSC notebook should include the SSC Roster, categorical budget information, meeting documentation such as agendas, minutes and handouts. All Board approved SPSAs are available on the FPMA webpage. SPSA and SSC training materials are available on the FPMA webpage as well.

If you have questions, please call the Financial Planning, Monitoring and Accountability Department at (619) 725-5605 or refer to the Financial Planning, Monitoring and Accountability Department Contact Information (Attachment 4).
