SAN DIEGO UNIFIED SCHOOL DISTRICT

Date: August 1, 2013

To: Principals, Division and Department Heads, Area Superintendents

Subject: MODIFICATION OF SITE PLANS FOR 2013-14 SCHOOL YEAR

Department and/or Persons Concerned: Principals, School Site Councils (SSC), and Area Superintendents

Due Date: October 11, 2013

Action Requested:
1) Involve the SSC and other site advisory groups in meaningful participation in the revision of the site plan.
2) Submit one (1) copy of the 2013-14 Single Plan for Student Achievement (SPSA) Recommendations and Assurances with original signatures to the Monitoring and Accountability Reporting Department, Education Center, Room 3126 by October 11, 2013.
3) Submit SPSA via Site Based Budget (SBB) by October 11, 2013.
4) Maintain evidence of compliance on site.

Brief Explanation:

As a result of SB 374, schools that receive categorical program funding through the Consolidated Application are required to develop a Single Plan for Student Achievement (SPSA). Quality Education Investment Act (QEIA)—schools must describe the manner in which QEIA requirements will be met in their SPSAs. School Improvement Grant (SIG)—schools must embed SIG interventions and budgets in their SPSAs. As part of the annual planning cycle (Ed Code 64001 (g), these plans must be reviewed and updated based on the most current student achievement data.

Traditionally, the annual planning cycle has been aligned with the district budgeting process. However, SPSA submission has been changed to coincide with the availability of the state testing data. School plans listed need to be submitted this fall for implementation in the 2013-14 school year. In order to process the budget allocations for 2013-14, a plan reflecting new updated “scientifically-based research” strategies that strengthen the core academic program must be submitted along with any revision to the 2013-14 budget allocations.

The term “scientifically-based research” means research that involves the application of rigorous, systematic and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs [sec. 9101(37) of the ESEA]. This plan should reflect new priorities based on new/additional student needs, and/or similar methodologies with effective measurable outcomes.

The Single Plan for Student Achievement submitted will be in place for the 2013-14 school year. The due date for schools to submit the updated 2013-14 site plan is October 11, 2013.

The SPSA identifies and addresses the instructional needs of students and specifies how categorical funds provided through the Consolidated Application will be used to accomplish the goals outlined in the plan. State guidelines require that the SPSA:

- Assess student progress toward achieving stated goals and provide evidence.
- Identify site-specific achievement goals based on a variety of student performance data.
- Describe specific instructional strategies to accelerate student learning.
- Describe the ways in which student progress will be monitored on a regular basis.
- Identify interventions for students not meeting standards.
- Determine the necessary professional development for staff. (Program Improvement and Watch List schools must allocate at least 10 percent of Title I funds to professional development. Watch List schools are schools that have not met AYP targets for one year and are at risk of entering Program Improvement. The professional development directly addresses the academic achievement problem that caused a school to be identified for Program Improvement).
- Delineate strategies for effective parent engagement (more than communication).
- Reflect estimated costs and funding sources.
- Involve consultation with other site advisory groups.
State regulations require that the School Site Council (SSC) be the group responsible for developing and modifying site plans in collaboration with the site advisory groups. **The SSC must also vote to approve the school’s SPSA prior to the due date and must also vote during the year to approve changes to the SPSA.**

Consultation with site advisory groups about student performance data, student needs, identified goals, appropriate interventions/preventions, and associated budgets must continue to be a part of each SSC meeting. This ongoing involvement of the SSC in the review of the site plan is a critical element of the annual planning cycle and should be reflected in meeting agendas and minutes. As a reminder, the one-year term of membership is defined as service from November of elected year (or as soon as elections are held) through October of the next year.

Documentation of SSC development, modification, monitoring, and evaluation of the site plans must be maintained at each school in the SSC Notebook. **All documentation must be maintained at the site for seven (7) years.**

**Site Plan Modifications:** Guidelines for completing the SPSA are included in Attachment 1.

The SSC must:
1. **Review** all current student achievement data.
2. **Consult** site advisory groups.
3. **Complete** the following sections of the Single Plan for Student Achievement (Attachment 1):
   - Site Information (Step 1 of SBB)
   - SPSA Executive Summary and Attachments (Step 3 of SBB)
   - School Goals, Actions, and Costs (Step 4 of SBB)
   - **Attachment 5:** SPSA Assessment and Evaluation Survey
   - **Attachment 7:** Professional Development Expenditures for Program Improvement & Watch List Schools Only – Appendix F
4. **Approve** the updated 2013-14 Single Plan for Student Achievement and sign the 2013-14 SPSA Recommendations and Assurances (Attachment 3).
5. **Attach** the following documents electronically into the SPSA via SBB in step 3.
   a. Data Reports – AYP, API, CAHSEE and CELDT
   b. SPSA Assessment and Evaluation Survey Summary – Appendix B (Attachment 6)
   c. Title I Parent Involvement Policy or Parent Involvement Policy for Non-Title I Schools
   d. Home/School Compact
   e. Categorical Budget Allocations Summary Grid (provided by MAR Department)
   f. Professional Development Expenditures for Program Improvement & Watch List Schools Only – Appendix F (Attachment 7)
   g. WASC Recommendations 2013-14 TEMPLATE – Appendix G (Attachment 10b)
Budget:

Remember that the site budget must reflect all categorical expenditures identified in the Budget Expenditures sections of the site plan. Categorical resources that may have been allocated to the school include:

- Title I (Resource Code 30100)
- Title I Parent Involvement (Resource Code 30103)
- Title I Program Improvement (Resource Code 30106)
- School Improvement Grant (Resources 31802 and 31812)
- Economic Impact Aid/State Compensatory Education [EIA/SCE] (Resource Code 70900)
- Economic Impact Aid/Limited English Proficiency [EIA/LEP] (Resource Code 70910)
- Quality Education Improvement Act [QEIA] (Resource Code 74000)

If categorical money is allocated in the budget and not identified in the plan, the budget and plan cannot be approved. **Program Improvement (PI) schools are required to allocate a minimum of 10 percent of their Title I funds for professional development.** Schools at risk of becoming Program Improvement schools should also allocate 10 percent of Title I funds for professional development. **Sites must specifically identify how non-instructional supplies and expenses support student achievement.**

Any desired changes in categorical budgets (except changes to positions) submitted in the fall may be reflected in SPSAs and presented via that document to SSCs for their approval. As a result, site plans will reflect current expenditure intent and principals will **not need to submit** Budget Transfer Justifications. This applies to categorical expenditures only that do not involve staff positions.

Training:

The Site Based Budget (SBB) tool will be used to produce the 2013-14 Single Plan for Student Achievement (SPSA). Monitoring and Accountability Reporting staff will provide assistance in completing the plans at the SPSA hands-on workshops scheduled in August 2013 **(Attachment 8)**.

Prior to submission, SPSAs and associated budgets must be approved by SSCs and signed by the school’s principal, SSC chairperson, and designated area superintendent.

2) 2013-14 Single Plan for Student Achievement (SPSA). | Submit 2013-14 SPSA: Via SBB tool **by October 11, 2013.**

A checklist and timeline of activities to be completed has been included for your convenience (Attachment 4).

The Monitoring and Accountability Reporting department will review the budget allocations and plan alignment upon submission. If the budget for all categorical program funds is aligned with the site plan, the Monitoring and Accountability Reporting Department will recommend the SPSA to the Board of Education for approval.

**The Monitoring and Accountability Reporting Department will consult with school principals and Area Superintendents to address necessary revisions.** Schools will resubmit their SPSAs if revisions to the plans or budgets are required. Corrected plans and budgets are to be resubmitted via the Site Based Budget (SBB) tool for additional review by the Monitoring and Accountability Reporting Department.

A copy of the Board of Education approved SPSA must be maintained on site. The SSC notebook should be used to maintain important information and documentation for school use to meet compliance requirements. In addition to the SPSA, the SSC notebook should include the School Accountability Report Card (SARC-long version), SSC Roster, categorical budget information, and additional ongoing data reports.

If you have questions, please call the Monitoring and Accountability Reporting Department at (619) 725-5609 or refer to the Monitoring and Accountability Reporting Department 2013-14 Monitoring and Accountability Reporting (MAR) Department Contact Information (Attachment 9).

2013-14 SPSA GUIDELINES

These guidelines provide a roadmap for completing each section of the Single Plan for Student Achievement (SPSA). The SSC is responsible for completing the SPSA with input from various site advisory groups. Each school should establish a process for the development of the plan.

Only the principal and authorized personnel approved by the principal will be able to update the SPSA via the Site Based Budgeting (SBB) tool, however, only the principal can submit in SBB

SBB/SBSA Highlights:

- The SPSA development at this time is NOT an opportunity to revise staffing (FTE) expenditures within the plan.
- If compatibility view, settings, and display fixes do not work, change your zoom level in your browser or update your browser.
- Please make sure you are working in **Phase: 2013-14 SPSA only.**
- Describe in the Executive Summary the rationale used to determine goals within the SPSA.
- Create your 2013-14 goals based on guidance from your Area Superintendent.
- All goals have been populated from 2012-13 SPSA and may require small adjustments
- The English Learner Area Goal aligns the SPSA to the LEA (district) plan.
- We are working toward linking data reports from Data Director to SPSA goals; therefore, use the drop down menus to create your goals and not “Edit Description”.
- Include as many goals within an AREA as one can feasibly monitor. There should be Short Term Targets for each Area and Closing the Gap goal.
- **Please note:** Economically Disadvantaged Students are not identified in Data Director. If you choose this subgroup, you will need to create customized reports in Data Director for your site to monitor this group.
- You can adjust the Short Term Target dates to reflect your testing/assessment calendar.
- Elementary (K-5) Schools can use Trimester Short Term Targets.
- High Schools on a 4x4 schedule can add 4 more Short Term Target sections.
- The names of those filling categorically funded positions will appear in the SPSA. Names will be deleted in the Word document by Monitoring and Accountability (MAR) staff after submission.
- The average salary is referenced in the SPSA.
- Categorical resources are responsible for the actual cost of positions.
Executive Summary -- Step #3 of SBB:
The Executive Summary should synthesize the plan into its key points, and clearly articulate the school’s two-to-three main goals for the 2013-14 academic year. The Executive Summary should be brief and easily communicated to the entire school community.
- There are two new sections to the Executive Summary that will need to be completed.

Professional Development:
Briefly describe the professional development for all staff in 2013-14. Program Improvement schools should describe how the professional development directly addresses the academic achievement problem that caused the school to be identified for Program Improvement.

Program Improvement Schools Years 4 and 5 (+):
Please describe how the corrective action plans and/or restructuring plans are embedded in this year’s plan.

ATTACHING THE APPENDICES

1. Most appendix names are provided for you on the drop down menu.
2. Additional appendices may be added by typing the desired title in the drop down menu.
3. Select the appropriate file from your personal computer that corresponds with the title of the appendix.
4. Click on “Open” to attach the file to the SBB.
5. The appendices will be stored on the server but will not be attached to the SPSA report.
   MAR department will attach appendices to SPSA for Board of Education approval.

Appendix A: Data Reports
The Principal and Site Leadership Team should prepare and present current student achievement data for the SSC to review. Organizing data around essential questions regarding student performance is a powerful strategy for building data literacy. Consider the following questions:
- How do student outcomes differ schoolwide and by subgroups?
- What is the longitudinal progress of specific subgroups that are not reaching proficiency?
- What patterns or trends have been observed over multiple years?
- What are the characteristics of students who achieve proficiency and those who do not?
- Where are we making the most progress in closing the achievement gap?
- Where are we making the least progress in closing the achievement gap?
The following reports must be included in your SPSA and reviewed by the SSC. Other data reports are optional.

- CELDT (Summary Information) - Required
- AYP Report – Required
- API Report – Required
- CAHSEE - Required

**Appendix B: SPSA Assessment and Evaluation Summary**
The SPSA Assessment and Evaluation (Attachment 5) must be completed, at a minimum, by the School Site Council (SSC). Please maintain in your SSC binder all completed surveys. Tabulate the responses and complete the score analysis (use Attachment 6 - Appendix B: SPSA Assessment and Evaluation Survey Summary). Only upload Appendix B to the SBB.

**Appendix C: Title I Parent Involvement Policy or Parent Involvement Policy for Non-Title I Schools**
Upload your current Parent Involvement Policy.

**Appendix D: Home/School Compact**
Upload your current Home/School Compact.

**Appendix E: Categorical Budget Allocations Summary Grid**
Uploaded by the Monitoring and Accountability Reporting Department (MAR).

**Appendix F: Title 1 Professional Development Expenditures Program Improvement Schools and Watch List Only (see Attachment 7)**
Upload the completed Professional Development Expenditures document to the SBB. Detail how Title 1 resources are allocated for professional development and describe how funds reserved for PD will be used to remove the school from PI status. Resources: 30100 and 30106.

**Appendix G: WASC Recommendations (WASC schools only) (Attachment 10b)**
Upload the completed WASC Recommendation document to the SBB.
Recommendations and Assurances (see Attachment 3)
This document must be completed in full including signatures by the principal, SSC chairperson, and the area superintendent.

One (1) original R & A document must be submitted to your area superintendent after the SPSA has been approved by the SSC.

The area superintendent staff will deliver the one (1) original R & A document to the Monitoring and Accountability Reporting Department (MAR), located at the Education Center, in Room 3126.

A Few Notes about the Goal Writing Process (Step 4 of SBB): Note that goals are linked together using a hierarchical pattern.

Example:
• 1. LEA/District Goal (Only seen in the drop down menu)
  ➢ 1.1 Area Goal (Always two digits)
    – 1.1.1. Closing the Gap Goal (Always three digits)
      ▪ 1.1.2 Short Term Target (for Area Goal is three digits)
        □ 1.1.1.1 Short Term Target (for Closing the Gap Goal is four digits)

• You will see this numbering reflected in the SBB as you complete the SPSA but numbers will not be seen in the Word document.

• The digits may be skewed depending on when you added the goals to the plan but must reference the goals correctly.

• Always preview the goal before selecting “Add”.

• Make sure checked boxes have text, data, or a drop down menu selected.

• Please choose the template with “% points” as available.
Writing an Area Goal:

Example:

1.1 By 06/13/2013, 52% of Adams Elementary Grades 2-5, Students will perform at Proficient/Advanced level in English-Language Arts on the CST, increasing from 45% to 52%, a gain of 7.00% points.

**STEPS TO WRITE A GOAL**

1. The drop down menu will only include the district level goals to reference. (Area goals need to link directly to the LEA goals for the district). Select the appropriate District goal.

2. Identify the “Group Affected”
   a. More than one group identifier may be selected. For example:
      i. Grades 2-5, Students (represents 2 identifiers)
      ii. Grade 10, English Learner (represents 2 identifiers)
   b. Choose “Students” as the last identifier for grammatical purposes
3. Identify the “Current Group Set” numbers using current data.

4. Identify the “Target Group Set”. What will be your targeted numbers for next spring?

5. “Measure of Performance”:
   a. For goals referencing test data, it is recommended to use “level”. It produces the most grammatically correct template.
   b. For other goals such as Parent Involvement referencing participation, and Graduation Goals referencing reading level progress, it is recommended to use “count”. It provides the most grammatically correct template for these statements.

6. Identify “Current Performance” (Should be left blank at this time) — the level at which current group set is performing.

7. Identify “Target Performance” — the level at which you want target group to perform.

8. Target Date — End of the calendar year for Area Goals.

9. Measure of Success
   a. The drop down menu contains district assessments.
   b. Choose an assessment that measures your progress toward your goal, matches the target date identified, and is offered for the target group identified.
   c. Preview the goal — More than one statement may appear. Choose the statement that best articulates your goal.

**Writing a “Closing the Gap” Goal:**
- You will see the goals from last year have been imported for your reference.
- Please use the drop down menu to formulate the new goals and **not “Edit Description”**
- The drop down menu will now include the district level goals to reference as well as the area (s) goals that have been entered into the SBB at this point.
- The Closing the Gap goals should be linked to the Area goal, **not a district goal**.
- Please see previous pages on directions of using SBB to write a goal using SBB.
Example:
1.1.1 By 06/13/2013, 47% of Adams Elementary Hispanic or Latino, Students will perform at Proficient / Advanced level in English-Language Arts on the CST, increasing from 39% to 47%, a gain of 8.00% points.

Writing a Short Term Target – Step #4 of SBB:
Please remember you should set a Short Term Target for each Area and Closing the Gap Goal.

Only the drop down menus will allow the monitoring of goals using district data systems.

1. Edit any Short Term Target text that was imported from the previous SPSA by clicking on “Edit Description”.

2. Short Term Targets will need to be created using the drop down menus.

3. If you need more than four quarterly targets (4x4 schedules), select “add new”.

4. Rename and change calendar dates as necessary.
   - Note that the numbering hierarchy has expanded based upon the base goal in which the short term target is linked.
   - Also note it is possible the numbers may not be in order. The SBB links to the expanded hierarchy to determine where to deposit the goals in the SPSA template.
Examples of Short Term Targets:

1.2.4. By 10/28/2012, 52% of Adams Elementary Grade 1-5, Students will meet or exceed Proficient/Advanced in Literacy Benchmark 1

1.1.3.1. By 10/28/2012, 47% of Adams Elementary English Learner, Grade 1-5, Students will meet or exceed Proficient/Advanced in Literacy Benchmark 1

Short cut for Short Term Targets:

- After creating your first Short Term Target, you can choose the “Copy Goal” tab for the remaining Short Term Targets
- You will have to find the correct Short Term Target to copy.

- Goals to be copied are presented in the order of appearance in the SPSA.
When copying a goal, the following must be updated:

- Target Dates
- Measure of Success (Literacy Benchmark 2, Literacy Benchmark 3, etc.)

**Description of Activities to Attain Area Goal:**

1. All previous “Proposed Expenditures/Activities” have been imported
2. Enter appropriate tier level for categorical expenditures.
3. You will have to assign all categorical expenditures to your SPSA. The inclusion of non-categorical resources in the SPSA is optional.

**Important**—Staff must be recognized appropriately across the SPSA. For example, a categorically funded resource teacher may support both ELA and Math. This could appear as .5 FTE in the ELA activity and .5 FTE in the Math activity.

4. **Add an expenditure to the activity by:**
   a. Choose either “Review the Budget for FTE” or “Review the Budget for Non-Salary Costs”.
   b. Choose “Get from unassigned”.
   c. Choose “Use Selected”.
   d. Determine the amount of the FTE that applies to this activity.
   e. As FTE’s and non-salary costs are assigned to the SPSA, they will start to disappear from “Get from unassigned”.
   f. As non-salary costs are assigned to the SPSA, they will start to disappear from “Get from unassigned”.

5. Rationale must be explicitly linked to each expenditure for the activity it supports. Identify how the expenditure’s success will be monitored.
6. **Always click “save” before writing the next rationale.** If not saved, the information will be lost when you go to assign the next item.

7. If you need to make corrections, please see the last page “Making Corrections to the Activity Expenditures while Completing the SPSA” section.
Examples of Completed Activities:
You may have more than one activity that supports the area goals.

### Description of Proposed Expenditures/Activities to Attain ELA Goal

Please enter activity, expenditures associated with activity, and state below.

**Activities in support of the English language arts goal are supplemental services provided through:**

**Development/Revision of Key Learning Targets:** In every core subject area, at each grade level, we have identified learning targets based on the essential standards that are taught in three weeks cycles throughout the school year. Expenditures for this program are localized around professional development, collaborative planning time, and curriculum development.

**Development/Revision of Key Learning Assessments:** At the end of each three-week cycle, a common assessment that is specific to the learning targets is administered in the core classes. Expenditures for this program are localized around professional development, instructional supplies, collaborative planning time, and curriculum development.

**Implementation of Intervention & Exploration Advisory Classes:** Students who need additional time with the key learning targets are assigned to an Intervention Advisory Class for 25 minutes per day for three weeks. The curriculum is revisited and students retest the common assessment. Those who show mastery of the learning targets are assigned to an Exploration Class. Students who demonstrated mastery of the learning targets but did not complete or turn in a sufficient amount of class or homework assignments for the preceding three-week cycle are assigned to a Study Hall during the Advisory Period for the next three-week cycle. Expenditures for this program are localized around instructional supplies, collaborative planning time, and curriculum development.

**Reduction in Class Size:** 1.0 FTE supplements the district teaching formula to provide reduced class size in language arts support classes.

**Development/Implementation of Academic Vocabulary Program:** We have implemented a schoolwide Academic Vocabulary Program that focus on process words that are pertinent to multiple content areas. Expenditures for this program are localized around professional development, instructional supplies, instructional supplies, and curriculum development.

**Reduction of Instructional Nonteaching:** Every core class is expected to have a systematic method for students to take class notes. Correct note-taking is typically the vehicle used; however, the Pivotal Readers Program also has an effective method used by some teachers. Expenditures for this activity are localized around professional development, instructional supplies, instructional supplies, and curriculum development.

**Implementation of Learning Upgrades:** This online software program focused on filling gaps in student reading comprehension will be used in general education classes, intervention classes, and during extended day learning opportunities. A school-wide incentive program will be developed to encourage student participation.

**Rationale:**

- Payment for participation in workshops beyond the school day, week, and year for professional development related to essential standards and common assessments. Evaluation process: implementation of workshop objectives.
- Provision of time beyond the work day for teachers to develop supplemental materials for use with students. Evaluation process: use of supplemental materials in student intervention.
- Professional development related to identifying essential standards (Key Learning Targets) and developing common assessments. Evaluation process: evidence of revision/implementation of learning targets & common assessments.
Making corrections to the activity expenditures while completing the SPSA:

1. If you need to move an expenditure between activities
   - **DELETE** the expenditure from the activity and then re-enter into the correct activity.

2. If you need to delete an activity
   - You must first delete every row, then the activity.

If you need to DELETE AN ENTIRE activity, you will need to delete EVERY ROW FIRST before deleting the activity.
**CATEGORICAL SPENDING GUIDELINES 2013-14**

All categorical budgets **MUST** be for direct services that impact student achievement. Students must be considered first. You must be able to answer the questions:

- Are these expenditures based on what is good for students at our school, not what is good for the adults?
- Do these expenditures provide supplementary services that would not be provided absent categorical funds?
- Do position allocations for categorical funds match the proportion of each position actually performing direct, supplementary services to students?
- Do these expenditures directly affect each student in progressing to proficiency on the state standards?
- Does this categorical funding allocation help us reach our SMART goals?

**RATIONALES FOR CATEGORICAL SPENDING MUST BE CLEARLY DESCRIBED IN THE SPSA.**
