Administrative Procedure (AP) 4262, 6128, 6129, 6131, 6132, 6135

Action Requested: Notify parents of Enrollment Options application window and assist
parents with online application process

Brief Explanation:

The Enrollment Options Online Application will open on October 4, 2021, and close on November 16, 2021. Parents have the opportunity to submit an online Enrollment Options application via the School Choice, Magnet, and Voluntary Enrollment Exchange Program (VEEP), by accessing the district website at

https://sandiegounified.org/departments/neighborhood_schools_and_enrollment_options/choice_enrollment_guide. The online application is available in English and Spanish and parents may identify up to three (3) schools of Choice.

This year, the guide will be replaced with a new Enrollment Options online app to assist parents in making informed public school choices. The informative online app promotes enrollment in neighborhood schools, provides details about college and career pathways, and highlights district excellence. It will also contain information about Early Learning, specialized programs including foreign language programs, Magnet programs (including our STEAM, VAPA, and IB sites), as well as information about VEEP, considerations for Special Ed pupils who need separate settings, and the overall application process.

The priority Choice window will be promoted through media releases, as well as District-wide SchoolMessenger messages. Recognizing pandemic constraints in promoting school programs, sites are encouraged to post information as well as a virtual school tour on their webpage. Please also continue to remind parents and staff through your school website, SchoolMessenger, parent newsletters, and other modes of communication about the online Choice enrollment process. Inform parents that applications submitted through November 16, 2021, are randomized and receive weighted priority, including Magnet continuity, currently enrolled siblings, children of employees, and pupils enrolled in early childhood programs. There is **no benefit to applying early**, but applications must be received between October 4, 2021, and November 16, 2021, to receive priority in the electronic lottery. Applications submitted after November 16, 2021 will be

added to the end of the randomized list in time/date order of submission, after the lottery of on-time applications is processed.

Choice applications are required for **all non-resident pupils** wishing to enroll in a school including:

- Incoming younger siblings of currently enrolled Choice pupils
- Pupils who were enrolled as residents and then moved out of a school's area but wish to remain enrolled
- Currently enrolled Choice pupils who originally were accepted as residents of SDUSD, but then moved out of the District boundaries
- Children of employees
- Pupils currently attending an Early Learning program at a site that is not their school of residence
- Pupils currently enrolled in Magnet programs who wish to articulate to a similar program at the next level, if it is not located in the same high school cluster as the current school of enrollment

Choice applications are not needed for:

- Resident pupils
- Currently enrolled Choice pupils who have not moved out of the district • Currently enrolled Choice pupils who reside out of district and have valid Interdistrict Attendance Permits on file, and/or are articulating to the next level within a cluster feeder pattern
- Currently enrolled Choice pupils who are preparing to articulate within the high school cluster to the next level school

Please note: Choice priorities expanded in the 2019-20 school year, and include:

- Comprehensive Support and Improvement (residents of identified CSI schools)
- Magnet continuity
- Currently enrolled siblings
- Children of employees
- Pupils enrolled in pre-k programs
- Move/continue (in district)
- Move/continue (out of district)
- Concurrently applying siblings (single site & same cluster)
- New to district residents coming from other school systems

We continue to offer priority to employees of the district who wish to enroll their child(ren) in a school located in the high school cluster in which they work. Employees must be a minimum of .5

FTE in the cluster of employment. There is no employee priority outside of the cluster. We also continue to offer priority to pre-K children currently attending a program at an elementary site that is not their resident school. Please remind your families and staff about these wonderful opportunities.
