General Overview
In the interest of ensuring system-wide equity for all SDUSD students, it is important for sites to have a clear and consistent process to follow when preparing for senior final days and transcript distribution. In order to be fair and ensure internal and external timelines are met, the following is protocol for a best practice method that includes a timeline that can be implemented this upcoming school year. This practice has been developed to help ensure a smooth end of year process for seniors and staff, taking into consideration 10-month personnel.
