School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 LCAP Year

<tr>
<td>LCFF S/C Grants</td>
<td>$977,945</td>
<td>10%</td>
</tr>
<tr>
<td>All Other LCFF Funds</td>
<td>$6,037,440</td>
<td>61%</td>
</tr>
</tbody>
</table>

The total revenue projected for Health Sciences High and Middle College is $9,855,630, of which $7,015,385 is Local Control Funding Formula (LCFF), $1,617,856 is other state funds, $15,000 is local funds, and $1,207,389 is federal funds. Of the $7,015,385 in LCFF Funds, $977,945 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

This chart provides a quick summary of how much Health Sciences High and Middle College plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.
Health Sciences High and Middle College plans to spend $9,654,778 for the 2022-23 school year. Of that amount, $4,444,628 is tied to actions/services in the LCAP and $5,210,150 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The LCAP does not include general operating expenses.

Increase or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Health Sciences High and Middle College is projecting it will receive $977,945 based on the enrollment of foster youth, English learner, and low-income students. Health Sciences High and Middle College must describe how it intends to increase or improve services for high needs students in the LCAP. Health Sciences High and Middle College plans to spend $1,017,250 towards meeting this requirement, as described in the LCAP.

Update on Increased or Improved Services for High Needs Students In 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

This chart compares what Health Sciences High and Middle College budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Health Sciences High and Middle College estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2021-22, Health Sciences High and Middle College's LCAP budgeted $1,054,250 for planned actions to increase or improve services for high needs students. Health Sciences High and Middle College actually spent $1,391,081 for actions to increase or improve services for high needs students in 2021-22.
LCEF Budget Overview for Parents Data Entry Instructions

These instructions are for the completion of the Local Control Funding Formula (LCEF) Budget Overview for Parents.

*NOTE: The *High Needs Students* referred to below are Unduplicated Students for LCEF funding purposes.

**LEA Information**

The LEA must enter the LEA name, county district school (CDS) code (14 digits), and LEA contact information (name, phone number and email address) in the corresponding blue boxes.

**Coming School Year:** This information is automatically generated.

**Current School Year:** This information is automatically generated.

**Projected General Fund Revenue for the 2022–23 School Year**

All amounts should be entered in the boxes below the corresponding amount title. The coming school year (as indicated above) means the fiscal year for which an LCAP is adopted or updated by July 1.

- **Total LCFF Funds:** This amount is the total amount of LCFF funding (including supplemental & concentration grants) the LEA estimates it will receive pursuant to California Education Code (EC) sections 2574 (for county offices of education) and 42238.02 (for school districts and charter schools), as applicable for the coming school year. This amount is the amount indicated in the Standardized Account Code Structure (SACS) Budget Fund Form 01, Column F, row A.1 (LCFF Sources).

- **LCFF Supplemental & Concentration Grants:** This amount is the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5CCR) Section 15406(a)(5), pursuant to EC sections 2574 and 42238.02, as applicable for the coming school year.

- **All Other State Funds:** This amount is the total amount of other state funds (do not include LCFF funds) the LEA estimates it will receive.

- **All Local Funds:** This amount is the total amount of local funds and entitlements the LEA estimates it will receive.

- **All Federal Funds:** This amount is the total amount of federal funds (including all Every Student Succeeds Act Title funds) the LEA estimates it will receive.

The total of the Projected General Fund Revenue should equal the amount indicated in the SACS Budget Fund Form 01, Column F, row A.5 (Total Revenues).

- **Brief description for General Fund Expenditures:** Briefly describe any of the General Fund Budget Expenditures for the current school year that are not included in the Local Control and Accountability Plan. The LEA’s response for this prompt is limited to 450 characters.

**Total Budgeted Expenditures for the 2022–23 School Year**

- **Total Budgeted General Fund Expenditures:** This amount is the LEA’s total budgeted General Fund expenditures for the coming school year as indicated on SACS Budget Fund Form 01, column F, Row B.9 (Total Expenditures). The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the California School Accounting Manual (http://www.cde.ca.gov/fg/af/sa/). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Budgeted Expenditures in the LCAP:** This is the total amount of budgeted expenditures for the planned actions to meet the goals included in the LCAP for the coming school year.

- **Total Budgeted Expenditures for High Needs Students in the LCAP:** This is the total amount of the LCFF funds budgeted to implement the planned actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07.

- **Expenditures Not in the LCAP:** This amount is automatically calculated.

- **Brief description for High Needs Students:** If the amount in "Total Budgeted Expenditures for High Needs Students in the LCAP" is less than the amount in "LCFF Supplemental & Concentration Grants", a prompt will appear and the LEA must provide a brief description of the additional actions it is taking to meet its requirement to increase or improve services for high needs students.

  **Note:** If no prompt appears, the LEA is not required to supply a description.

**Expenditures for High Needs Students in the 2021–22 School Year**

- **Total Budgeted Expenditures for High Needs Students in the LCAP:** This is the total amount of the LCFF funds budgeted to implement the planned actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07 for the current school year.

- **Actual Expenditures for High Needs Students in the LCAP:** This is the total of the estimated actual expenditures of LCFF funds to implement the actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07, as reflected in the Annual Update for the current LCAP year.

- **Brief description for actual expenditures for high needs students:** If the amount in "Total Budgeted Expenditures for High Needs Students in the LCAP" for the 2021–22 school year is greater than the amount in "Actual Expenditures for High Needs Students in LCAP", a prompt will appear and the LEA must provide a brief description of how the difference impacted the actions and services and overall increased or improved services for high needs students in the current fiscal year.
pursuant to EC Section 42238.07.
Note: If no prompt appears, the LEA is not required to supply a description.
Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

<table>

<td><a href="mailto:sjohnson@hshmc.org">sjohnson@hshmc.org</a> 619-528-9070</td>
</tr>
</tbody>
</table>

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP)

Throughout the LCAP development process, HSHMC receives input on programs and services provided to students. This feedback has been considered in the use of additional funds received through the 2021-22 Budget Act. HSHMC continued to reach out to educational partners for ideas on how to improve the educational experience for all students, not just for during the pandemic, but to build a stronger program for the years to come.

In 2020-21 HSHMC involved Educational Partners through:
- Parent LCAP Survey - March/April 2021 (in English and Spanish)
- Principal Office Hours - via Zoom, weekly
- Parent Advisory Committee meeting
- Teacher/Staff meetings - occur weekly; discussions include how to improve the academic outcomes and social/emotional experiences at the school.
- Student input - Surveys were used to capture student input formally. Staff also share information about informal discussions with students regarding the educational experience.
- Principals/Administrators - meet regularly
- Consultation with SELPA - the SELPA is consulted and gives input on the LCAP

Many of these regularly scheduled meetings continue during the 2021-22 school year. Especially useful are the Principal Office Hours where parents can discuss concerns and ideas; staff/principal/administrator meetings to review and discuss the success of current improvement strategies; and informal discussions with students. A survey will be done this Spring to gather comparative data to evaluate changes in academic and social/emotional programs.
HSHMC will continue to engage in two-way communication with their educational partners to gather input on how to best use new resources to support the health, wellness, social/emotional and academic needs of their students and staff.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

HSHMC Charter School has an unduplicated student count of over 55%, and will use the concentration grant add-on funding to increase the time/hours allocated to staff who are already engaged in direct services to students at HSHMC, with a focus on the needs of Low Income, English Learners and/or Foster Youth. This will allow the school to expand services listed in the LCAP in Goal 2, Actions 1 and 3.

Action 1 - Provides supplemental personnel (ie. Instructional Coaches, Graduation coach, RTI teacher, etc...) focused on meeting the needs of unduplicated student groups. This also includes the Academic Recovery Program and SWAG Lab.

Action 3 - Students who are not meeting attendance standards will receive counseling and home visits from attendance staff.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Health Science High and Middle College has a strong relationship with the students at the school and their families. Students and families choose to attend the school because it does have a strong connection to the community and because it has a strong college and career preparation program and culture. The collaboration and connections between the community partners, school staff, administration, students and families creates a strong safety net for students and families, and a strong support for promoting student motivation and success. This web of connections continued during the pandemic and will continue to support the school moving forward into the future.

The specific engagement with educational partners regarding the development of the ESSER III plan, and other plans such as the ELOG plan, was outlined in the ESSER III Expenditure Plan and aligns with the LCAP development process outlined in prompt #1.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.
While HSHMC has not expended any of its ESSER III funds yet, it will be doing so in alignment with Expenditure Plan and with a focus on maintaining the health and safety of students, educators, and other staff, and to ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan.

Specifically ESSER III funds will be used to:
- Provide additional supplies and upgraded facilities to ensure students and staff are learning/working in a safe and healthy environment.
- Provide additional ELD tutoring and Extended Day/Year options to meet the needs of diverse learners, especially EL, Low Income and Foster/Homeless students
- Supplemental Personnel/Class Size Reduction teachers
- Additional Counseling to help students get the academic and social/emotional support they need to be successful.

Each of these actions builds on priorities and actions in the 2021-22 LCAP

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

The HSHMC 2021-22 LCAP and Annual Update is the foundational document that guides decisions for the charter school. The LCAP is created with substantial community input and reflects the priorities of the staff, parents and community. The LCFF funds within the LCAP provide for the basic needs of the charter and foundational resources for learning. The additional resources from LCFF S/C funds provide additional support for struggling students and expanded programs to connect students and families to school. Other state and federal funds that HSHMC receives complement and extend the actions and services already in place. The LCAP goals are the lens through which decisions are made on how to spend additional resources.

During COVID additional needs were addressed through the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan, among others. These plans addressed health and safety requirements not imagined before, and also provided support to maintain a focus on quality instruction in new and challenging environments. The additional resources will help the charter meet new challenges and maintain its focus on the priorities and actions in the LCAP, through new means and formats.
Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail
that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

**Instructions**

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** "A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP)."
In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: “A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: “A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.
Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

Plan Summary 2022-23

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Students who attend Health Sciences High and Middle College in San Diego experience high school in a very different way than their peers in other schools. The learning environment and educational programs are tightly focused and methodically designed to ensure students will graduate prepared to be successful in college or career. The curriculum is rigorous, relevant, and contextually grounded in real world experiences.

Students are provided with a rigorous A-G curriculum including honors coursework as well as college classes, internship experiences and athletic and extracurricular opportunities. It is a tribute to the students, community and staff of HSHMC that they have been so successful in an urban school with 73.7% of the students are socioeconomically disadvantaged, 17.1% are English Learners and 15% are Students with Disabilities. The student population is 63.6% Hispanic and 19.2% African American. The diversity of the students is celebrated and honored as part of a welcoming and inclusive environment that honors student voice and family perspectives. The LCAP is designed to build on student strengths, provide additional support in areas of challenge, and develop curriculum and programs to serve the academic and social/emotional needs of each student.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

HSHMC has maintained a high graduation rate, including during the pandemic. For 2020-21 overall 98.1% of students graduated, with all significant student groups graduating at 94% or above. (EL- 96.8%, SED- 97.7%, Students with Disabilities 94.4%. That is a significant accomplishment.
The success of the students in preparing for College and Career is rewarding, since that is the focus of the programs at HSHMC. While there is not a College and Career Readiness Indicator on the Dashboard this year, the percent of students completing CTE Pathways dropped less than 1% between 2019-20 and 2020-21. This is a reflection of the ability of HSHMC to maintain rigorous high-quality instruction for students in any environment.

**Reflections: Identified Need**

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Math continues to be an area of concern, with scores significantly lagging behind the ELA scores, overall and for significant subgroups. (20.2% met or exceeded standards; EL - 0%; SWD - 0%; SED - 12%)

And, like many other schools/districts/charters, attendance at HSHMC is down (from 97% to 90%), and chronic absenteeism is up. HSHMC has a plan in place to better identify students needing attendance support and finding ways to remove the barriers that keep students from coming to school.

**LCAP Highlights**

A brief overview of the LCAP, including any key features that should be emphasized.

The 2021-24 LCAP embodies the philosophy of looking forward to a new future with additional educational options and ways of working with students, staff and the community. The actions and services in Goal 2 especially reflect an on-going focus on career pathways, and a renewed focus on meeting the needs of English Learners. Student needs will be met through both refocused intervention strategies and the addition of new technology that will allow staff to better differentiate instruction to meet student needs. Social-emotional supports will also be enhanced to create and learning environment where students feel respected and safe. Goal 3 demonstrates the awareness that there needs to be increased outreach and new avenues to attract and support parent and community involvement.

Since the LCAP serves as the SPSA for HSHMC, an effort was made to ensure all aspects of the SPSA, and input from SSC, is reflected in the LCAP.

**Comprehensive Support and Improvement**

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

**Schools Identified**

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

HSHMC is not identified for Comprehensive Support and Improvement.
Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

HSHMC has built a collaborative and open communication system among all educational partners. While the closing of the school to in-person events, off and on for the last two years has required some pivots and adjustments, the educational partner voices were always a part of the conversation. Throughout the 2020-21, and 2021-22 school years HSHMC continued to reach out to educational partners for ideas on how to improve the educational experience for all students, not just for during the pandemic, but for a stronger future for years to come.

Here are some specific events that took place:
Parent LCAP Survey - April 2022 (in English and Spanish)
Principal Office Hours - via Zoom, twice each week
Parent Advisory Committee meeting - March 10, 2022, April 13, 2022
Teacher/Staff meetings - occur weekly, every Friday for two hours. Discussions regularly entail how to improve the academic outcomes and social/emotional experiences at the school. That feedback informs the LCAP.
Student input - MyVoice Surveys were used to capture student input formally. Results will be available later in the year. Staff also share information with the leadership team about input they receive via informal discussions with students.
Principals/Administrators - meet regularly; indirectly most discussions relate to the LCAP; the LCAP is discussed directly during the LCAP planning/writing "season".
Consultation with SELPA - the SELPA is consulted and gives input on the LCAP
The LCAP draft will be presented to the board and the public for a Public Hearing on May 12, 2022
Board Adoption - June 9, 2022

A summary of the feedback provided by specific educational partners.

Parents - Parent and Community partners have indicated a high level of satisfaction with the educational program at HSHMC. No specific requests for change have come up at the meetings. Parents appreciate the academic and social/emotional support that HSHMC provides.

Students - the students place a high priority on those actions that enhance their ability to achieve post-secondary success. This includes more information on college finance, career guidance and support for a-g and college credit courses. Students also like having a variety of educational options available to meet their individual needs.

Staff - Continue to place a priority on meeting the specific needs of students not achieving at grade level, and on maintaining a safe and welcoming school culture. Specifically staff want to continue:
- The Mentor/Mentee program to help our students have more opportunities to have a hero at HSHMC, every student in the school has a staff member that serves as their mentor for the entire school year.
- Academic Recovery and Advancement through our intervention teams: a ninth and tenth grade team, supported by SWAG (Students With Aspirations and Goals), and a team for eleventh and twelfth grade, supported by HUB (Helping - Understanding - Believing). Our proactive strategies include one-to-one and small group tutoring, leading rotations, pull-out support for testing and re-teaching which is provided by both the intervention staff member and/or classroom teachers.
- The ELD supports- ELD specialists provide a multitude of supports, including pushing-in content classrooms, providing an after school ELD class four days a week, conferencing with students to set individual goals, and providing teachers with ELD strategies aligned with the needs of their English Learners.

The staff had the suggestions for the following Areas for growth:
- Obtaining qualitative information from students after they graduate. It would be nice to find out how HSHMC prepared them for their college/career and to determine if there are ways that we could improve their high school experience.
- A refocus on cross-curricular collaboration would provide for more relevant and engaging learning experiences.
- Regular check-ins with students to track their progress towards meeting a-g requirements and pathway courses.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Since HSHMC has such a strong connection with all their Educational Partners they are situated to respond quickly to concerns. The current LCAP reflects the priorities of the community, and any changes will be to refine or amplify an action/service as part of the continuous improvement process.

Academic support is found in Goal 2 - Actions 1, 4, 6
Social/emotional support is in Goal 2 - Actions 7, 8
College prep is in Goal 2 - Action 1 and 5

Other ideas will be investigated in 2022-23 for inclusion in the future.

**Goal Analysis 2021-22**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There were no substantive differences in planned actions and actual implementation of the actions. There may have changes in funding sources, level of implementation or method of implementation as the staff learned improved ways to respond to student needs in a pandemic impacted environment.
An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were found in:
Action 2 - additional funds for induction and tuition reimbursement
Action 3 - costs for plumbing, electrical, classroom painting/repairs were higher than anticipated
Action 4 - costs for PPE and other cleaning supplies/sanitation supplies to maintain a safe and healthy environment during the pandemic were higher than anticipated

An explanation of how effective the specific actions were in making progress toward the goal.

The actions were effective in maintaining a strong base program as indicated by the maintenance of metrics for teacher credentialing (100%), access to materials (100%), and others.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

No specific changes are planned, the basic programs will continue as currently implemented.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal

<table>
<thead>
<tr>
<th>Goal #</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Goal 2</td>
<td>Student achievement will be accelerated through a defined system of high-quality instruction supported by academic and social-emotional programs and interventions.</td>
</tr>
</tbody>
</table>
An explanation of why the LEA has developed this goal.

The HSHMC community (staff, parents and students) recognize that every student deserves the opportunity to earn a diploma that matters. Research indicates that this can only happen in an environment where both academic and social/emotional needs of students are met. In reviewing state and local data with the HSHMC community both successes and challenges exist. The charter will continue to monitor all indicators to determine areas of need and create supportive learning environments.

**Goal Analysis 2021-22**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The planned actions were implemented with fidelity over the last year. Minor changes in methods and amounts of services were integrated into the program as needs became clearer.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences in expenditures were found in:
- Action 1 - Personnel costs related to supplemental services for students were higher than anticipated
- Action 2 - Additional personnel were added to support this action
- Action 3 - Additional hours for staff to support student attendance were added
- Action 7 - Additional personnel costs for SEL and after-school activities were needed

An explanation of how effective the specific actions were in making progress toward the goal.
While data from the last two years is difficult to compare to pre-pandemic data, the educational partners at HSHMC are appreciative with the work the charter has done to keep students engaged in their education, while supporting families during the difficult times resulting from COVID.

Some data to indicate effectiveness of actions is that the a-g completion rate, and pathway completion has stayed close to pre-pandemic data, with only a minor drop. At the same time scores on the California Science Test improved from 27% met or exceeded standards to 27%.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The changes will be to continue funding the additional personnel and costs that developed this year in order to implement the actions at the highest level.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

**Goal**

<table>

<tbody>
<tr>
<td>Goal 3</td>
<td>Student and family voice, in partnership with HSHMC staff, will build engagement and enhance the welcoming and inclusive climate and culture at HSHMC</td>
</tr>
</tbody>
</table>

An explanation of why the LEA has developed this goal.

HSHMC has a strong system of parent involvement and participation. Working with our parents, staff and community we continue to see this area as a priority and are always looking for ways to continue to improve. We believe that parent participation in their young adult's education is a key factor in enhancing student success.

**Goal Analysis 2021-22**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

HSHMC continues to value the engagement of their educational partners. While the pandemic may have changed some of the details about how the engagement was done, all actions continued during the 2021-22 school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.
No Material Differences

An explanation of how effective the specific actions were in making progress toward the goal.

HSHMC has continued to maintain parent participation at full implementation, as shown on the Local indicator.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The actions will continue to be implemented in the coming year, while continuing to look for additional ways to engage educational partners at high levels.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

<td>$0.00</td>
<td>16.2%</td>
</tr>
</tbody>
</table>

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

**Required Descriptions**

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Health Sciences High and Middle College Charter School has clearly delineated those actions and services which provide basic program requirements to all students, and those that provide supplemental assistance to unduplicated student groups. The actions and services that provide supplemental assistance are all provided in an LEA wide approach. This is because even though the actions/services are designed to meet the differentiated needs of students who are English Learners, from Low Income families, and/or in Foster care, other students also benefit from the actions. The actions designated as "Contributing" are principally directed towards addressing the barriers experienced by unduplicated students, and based on research or experience that shows their effectiveness.

The following actions/services are provided to the entire school:

Goal 1, Action 2: Beyond Credentialing
Goal 2, Action 1: Supplemental Services for students
Goal 2, Action 2: Professional Development
Goal 2, Action 3: Attendance Support
Goal 2, Action 4: Educational Options
Goal 2, Action 5: College and Career
Goal 2, Action 7: Positive School Environment
Goal 3, Action 1: Parent Leadership and Advisory Groups
Goal 3, Action 2: Communication
Goal 3, Action 3: Workshops and Trainings

HSHMC monitors unduplicated students regularly to ensure the “Contributing” actions and services are meeting the needs of the most at-risk students, and improving the achievement of those students in order to decrease the achievement gap.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

In addition to the services listed above HSHMC has one action that is directed toward on specific student group. That is Goal 2, Action 6 which is focused on English Learner students and providing them with the specialized instruction and intervention that will improve their proficiency in English and support them to access California State Content standards in all areas.
All the Increased and Improved Services offered at HSHMC serve to increase the amount of time students have to interact with caring adults who engage the students in learning, or they provide additional and improved supplemental resources specifically designed to meet the differing educational and social/emotional needs of the unduplicated group of students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

HSHMC Charter School has an unduplicated student count of over 55%, and will use the concentration grant add-on funding to increase the time/hours allocated to staff who are already engaged in direct services to students at HSHMC, with a focus on the needs of Low Income, English Learners and/or Foster Youth. This will allow the school to expand services listed in the LCAP in Goal 2, Actions 1 and 3.

Action 1 - Provides supplemental personnel (ie. Instructional Coaches, Graduation coach, RTI teacher, etc...) focused on meeting the needs of unduplicated student groups. This also includes the Academic Recovery Program and SWAG Lab.

Action 3 - Students who are not meeting attendance standards will receive counseling and home visits from attendance staff.

HSHMC is a single school charter.

Instructions

- Plan Summary
- Engaging Educational Partners
- Goals and Actions
- Increased or Improved Services

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education’s (CDE’s) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- Comprehensive Strategic Planning: The process of developing and annually updating the LCAP supports comprehensive strategic planning (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- Meaningful Engagement of Educational Partners: The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA’s programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
Accountability and Compliance: The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

- Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.
The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any
performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

### Plan Summary

#### Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA’s community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

#### Requirements and Instructions

**General Information**

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific
schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA’s LCAP.

Reflections: Successes

Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need

Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights

Identify and briefly summarize the key features of this year’s LCAP.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:
Schools Identified:
Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools:
Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness:
Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose
Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the
LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and districtlevel goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE’s website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a. Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b. If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
c. Notified members of the public of the opportunity to submit comments regarding specific actions and
   expenditures proposed to be included in the local control and accountability plan in accordance with
   Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d. Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)
   (1), as appropriate.

e. Adopted the local control and accountability plan in a public meeting in accordance with Education
   Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the
LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the
LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required
educational partners as applicable to the type of LEA. A sufficient response to this prompt must include
general information about the timeline of the process and meetings or other engagement strategies with
educational partners. A response may also include information about an LEA’s philosophical approach to
engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this
prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from
educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific
information about how the engagement process influenced the development of the LCAP. The response must
describe aspects of the LCAP that were influenced by or developed in response to the educational partner
feedback described in response to Prompt 2. This may include a description of how the LEA prioritized
requests of educational partners within the context of the budgetary resources available or otherwise
prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and
areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

**Requirements and Instructions**

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

**Focus Goal(s)**

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.
Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of
the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently
submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

<td>Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.</td>
</tr>
</tbody>
</table>

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.
The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:**
Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in California Code of Regulations, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:**
School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in EC Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:**
School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

**Goal Analysis:**
Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of
educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:
For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:**

An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students. Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

- After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])
In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:**
Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**For School Districts Only:**

**Actions Provided on an LEA-Wide Basis:**

**Unduplicated Percentage > 55%:**
For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

**Unduplicated Percentage < 55%:**
For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions are the most effective use of the funds to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.
Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils:
Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils:
Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of
LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

**Action Tables**

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following action tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

**Data Entry Table**

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

  See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
• Total Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

Goal #:
Enter the LCAP Goal number for the action.

Action #:
Enter the action’s number as indicated in the LCAP Goal.

Action Title:
Provide a title of the action.

Student Group(s):
Indicate the student group or groups who will be the primary beneficiary of the action by entering “All”, or by entering a specific student group or groups.

Contributing to Increased or Improved Services?:
Type “Yes” if the action is included as contributing to meeting the increased or improved services; OR, type “No” if the action is not included as contributing to meeting the increased or improved services.

If “Yes” is entered into the Contributing column, then complete the following columns:

Scope:
The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

Unduplicated Student Group(s)
Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
Location:
Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Time Span:
Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.

Personnel Expense:
This column will be automatically calculated based on information provided in the following columns:

  Total Personnel:
Enter the total amount of personnel expenditures utilized to implement this action.

  Total Non-personnel:
This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

LCFF Funds:
Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- Note: For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

Other State Funds:
Enter the total amount of Other State Funds utilized to implement this action, if any.
Local Funds:
Enter the total amount of Local Funds utilized to implement this action, if any.

Federal Funds:
Enter the total amount of Federal Funds utilized to implement this action, if any.

Total Funds:
Enter the total amount of Federal Funds utilized to implement this action, if any.

Planned Percentage of Improved Services:
For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table
As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

**Annual Update Table**

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- Estimated Actual Expenditures: Enter the total estimated actual expenditures to implement this action, if any.

**Contributing Actions Annual Update Table**

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- 5. *Estimated Actual LCFF Supplemental and/or Concentration Grants:* Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- *Estimated Actual Expenditures for Contributing Actions:* Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

### LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

### Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

**Contributing Actions Table**
4. Total Planned Contributing Expenditures (LCFF Funds)
   - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

5. Total Planned Percentage of Improved Services
   - This percentage is the total of the Planned Percentage of Improved Services column

Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
   - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

6. Estimated Actual LCFF Supplemental and Concentration Grants
   - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

4. Total Planned Contributing Expenditures (LCFF Funds)
   - This amount is the total of the Last Year’s Planned Expenditures for Contributing Actions (LCFF Funds)

7. Total Estimated Actual Expenditures for Contributing Actions
   - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

5. Total Planned Percentage of Improved Services (%)
- This amount is the total of the Planned Percentage of Improved Services column

8. Total Estimated Actual Percentage of Improved Services (%)
- This amount is the total of the Estimated Actual Percentage of Improved Services column

Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

**LCFF Carryover Table**

10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

13. LCFF Carryover — Percentage (12 divided by 9)

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education January 2022
