

ADMINISTRATIVE CIRCULAR NO. 208
Office of Leadership and Learning

SAN DIEGO UNIFIED SCHOOL DISTRICT

Date: December 3, 2021

To: Middle and High School Principals

Subject: School Health Profiles

**Department and/or
Persons Concerned:** Principals

Due Date: March 25, 2022

Reference: None

Action Required: Complete survey by March 25, 2022

Brief Explanation:

For the past thirty years, San Diego Unified School District has maintained a cooperative agreement with the Centers for Disease Control and Prevention (CDC). This partnership between the CDC and SDUSD fosters coordinated school health education for youth. As a required part of the district's cooperative agreement with the CDC, every other year we conduct surveys of Principals and Lead Health Education Teachers to assess the status of school health education at the middle and senior high school levels. The data collected and presented as the School Health Profiles will be used to improve the delivery of health education to our students. It will also be used to provide key information to the district's Sexual Health Education Advisory Committee, LGBTQIA+ Advisory Committee, and Wellness Council, and will inform curriculum revisions, staff training, and policy development.

Surveys will be available online. Designated staff members will be notified in January of survey instructions. Additional information and survey links will be sent to designated school staff on February 7, 2022. Sexual Health Education Program Resource Teachers will be available to assist staff in completing the online survey, and paper surveys will be available if needed. For additional assistance, please contact Rachel Miller at rmiller@sandi.net or (619) 725-7121. To view past Profiles data, view the [School Health Profiles](#) page on our district's website.

Scott Giusti
Director of Interscholastic Athletics,
ASB, JROTC, PE & SHEP

APPROVED:

Erin Richison
Area Superintendent ISS
