(Ch. 566 Amended Stats 2000.)

3. REGULATIONS PROMOTING SAFE OPERATION OF VEHICLES; ADVISORY COMMITTEE; INSPECTION OF VEHICLES AND RECORDS - 34501 VC. The following section is quoted from the VC:

34501. (a) (1) The department shall adopt reasonable rules and regulations which, in the judgment of the department, are designed to promote the safe operation of vehicles described in Section 34500, regarding, but not limited to, controlled substances and alcohol testing of drivers by motor carriers, hours of service of drivers, equipment, fuel containers, fueling operations, inspection, maintenance, recordkeeping, accident reports, and drawbridges. The rules and regulations shall not, however, be applicable to school buses, which shall be subject to rules and regulations adopted pursuant to Section 34501.5.

The rules and regulations shall exempt local law enforcement agencies, within a single county, engaged in the transportation of inmates or prisoners when those agencies maintain other motor vehicle operations records which furnish hours of service information on drivers which are in substantial compliance with the rules and regulations. This exemption does not apply to any local law enforcement agency engaged in the transportation of inmates or prisoners outside the county in which the agency is located, if that agency would otherwise be required, by existing law, to maintain driving logs.

(2) The department may adopt rules and regulations relating to commercial vehicle safety inspection and out-of-service criteria. In adopting the rules and regulations, the Commissioner may consider the commercial vehicle safety inspection and out-of-service criteria adopted by organizations such as the Commercial Vehicle Safety Alliance, other intergovernmental safety groups, or the United States Department of Transportation. The Commissioner may provide departmental representatives to that alliance or other organizations for the purpose of promoting the continued improvement and refinement of compatible nationwide commercial vehicle safety inspection and out-of-service criteria.

(3) The Commissioner shall appoint a committee of 15 members, consisting of representatives of industry subject to the regulations to be
adopted pursuant to this section, to act in an advisory capacity to the department, and the department shall cooperate and confer with the advisory committee so appointed. The Commissioner shall appoint a separate committee to advise the department on rules and regulations concerning wheelchair lifts for installation and use on buses, consisting of persons who use the wheelchair lifts, representatives of transit districts, representatives of designers or manufacturers of wheelchairs and wheelchair lifts, and representatives of the Department of Transportation.

(4) The department may inspect any vehicles in maintenance facilities or terminals, as well as any records relating to the dispatch of vehicles or drivers, and the pay of drivers, to assure compliance with this code and regulations adopted pursuant to this section.

(b) The department, using the definitions adopted pursuant to Section 2402.7, shall adopt regulations for the transportation of hazardous materials in this state, except the transportation of materials which are subject to other provisions of this code, that the department determines are reasonably necessary to ensure the safety of persons and property using the highways. The regulations may include provisions governing the filling, marking, packing, labeling, and assembly of, and containers that may be used for, hazardous materials shipments, and the manner by which the shipper attests that the shipments are correctly identified and in proper conditions for transport.

(c) At least once every 13 months, the department shall inspect every maintenance facility or terminal of any person who at any time operates any bus. If the bus operation includes more than 100 buses, the inspection shall be without prior notice.

(d) The shall adopt and enforce regulations which will make the public or private users of any bus aware of the operator's last safety rating.

(e) It is unlawful and constitutes a misdemeanor for any person to operate any bus without the inspection specified in subdivision (c) having been conducted.

(f) The department may adopt regulations restricting or prohibiting the movement of any vehicle from a maintenance facility or terminal if the vehicle is found in violation of this code or regulations adopted pursuant to this section.

(Ch. 380 Stats 1998.)
4. **DRIVING COMMERCIAL VEHICLES UNDER THE INFLUENCE OF ALCOHOL; ORDERING VEHICLE OUT OF SERVICE - 34501.15 VC.** The following section is quoted from the VC:

34501.15 (a) The regulations adopted pursuant to Section 34501 shall require that any driver of a commercial motor vehicle, as defined in Section 15210, be ordered out of service for 24 hours if the driver is found to have 0.01 percent or more, by weight, of alcohol in his or her blood.

(b) This section shall become operative on January 1, 1992, and shall remain operative until the director determines that federal regulations adopted pursuant to the Commercial Motor Vehicle Safety Act of 1986 (49 U.S.C. Sec. 2701 et seq.) contained in that act and Section 391.15 of Title 49 of the Code of Federal Regulations do not require the state to order the operator of a commercial vehicle out of service for 24 hours when the operator has a measurable concentration of alcohol in his or her blood.

(c) The director shall submit a notice of the determination under subdivision (b) to the Secretary of State, and this section shall be repealed upon the receipt of that notice.

(Ch. 1114, Stats. 1989. Operative on notice of the Secretary of State.)

5. **INFORMATION FOR EMPLOYEES - 34501.16 VC.** The following section is quoted from the VC:

34501.16. (a) Every employer of a commercial driver shall provide information to that employee at the time of hiring and to all employed commercial drivers annually, concerning all of the following:

1) The prohibition against driving a commercial motor vehicle with over 0.04 percent or more, by weight, alcohol in his or her blood on and after January 1, 1992.

2) The requirement to be placed out of service for 24 hours if the person's blood-alcohol concentration is tested to be 0.01 percent or more, by weight, on and after January 1, 1992.

(b) The Department of Motor Vehicles shall include the information prescribed in subdivision (a), together with information concerning the alcohol concentration in a person's blood resulting from consumption of alcoholic beverages, in each publication of the commercial driver's handbook published after January 1, 1990.

(c) This section shall remain operative until the director determines that federal regulations adopted pursuant to the Commercial Motor Vehicle Safety Act of 1986 (49 U.S.C. Sec. 2701 et seq.) do not require the state to implement the prohibitions and requirements in paragraphs (1) and (2) of subdivision (a).
(d) The director shall submit a notice of the determination under subdivision (c) to the Secretary of State, and this section shall be repealed upon the receipt of that notice.

(Ch. 1114, Stats. 1989. Operative on notice of the Secretary of State.)
