**ARRIVAL AND DISMISSAL**

**ARRIVAL**

Students may enter the school through two areas: *(Students can enter through any of the gates below no matter the grade level)*

*Green Gate: Located on Fortuna*

*Yellow Gate: Located on Pacific Beach Drive*

Students entering the school after 7:40 a.m. will enter through the RED gate, located in front of the school on Ingraham.

Parents walking students on campus: On the first day of school, parents may walk students directly to their classrooms. After the first day of school, parents may walk students to the black top each morning and **MUST QUICKLY** exit the campus when the teachers arrive at the black top. Please do not congregate with other parents at this time, please exit the school promptly after the students are picked up by their teacher on the black top.
DISMISSAL

- Students will be dismissed at 2:10pm (12:15pm on Wednesdays & on additional minimum days)
- Please go to the front office if your student needs to leave before dismissal times.

TK, K, 1st grade students (and older student siblings if parent have made this arrangement with teacher) will dismiss from the GREEN GATE located on Fortuna

***UPDATED TK,K,1st grade dismissal process:

The younger grades will have a slightly different dismissal procedure to ease congestion at the green gate.

Students will be sitting on their assigned line on the kindergarten playground after school.

Parents will enter and exit from the green gate and go directly to their child’s teacher for checkout.

Students will sit in their assigned line spot and teachers will be dismissing each child one at a time to ensure safety. Once the parent has checked out with their teacher, the family will exit from the green gate and will be reminded not to remain on campus as the green gate will be closed at 2:20. Parents are not allowed to leave the TK/K yard to enter the main campus.

2nd, 3rd, 4th, 5th grade students will dismiss from the YELLOW GATE located on Pacific Beach Drive. Students will stand with teachers inside the school gate until the teacher is able to identify the parent.

Arrival/Dismissal Safety:

We are trying to facilitate a smoother morning drop off and pick up process. Parents, we need your help. Please be safe and efficient when dropping your child off. When you pull onto the side of the curb/side of the street closest to the gate entry point, we need you to move your car all the way forward and quickly drop your child off, and try your best to stay in your car (if you are not walking your child onto campus). It is important that we keep traffic moving along. If your car is parked there with you sitting in it, we will ask you to let your child out of the car so that we can keep traffic flowing and not back up cars. In addition, we are asking all parents to no not allow your child to walk/run across the opposite side of the street without using the crosswalk. Please practice safety by using the crosswalks, rather than running across the street/and or allowing your child to run across the street - that is not safe! Please demonstrate safety, common sense, and patience when dropping your child off at school and picking them up.

COVID Update:

As the start of the new school year approaches, we want to update you on our COVID-19 mitigation strategies and safety protocols.

We know that COVID-19 is here to stay. We have entered into a new phase of this virus. And thanks to our entire San Diego Unified community and our collective efforts throughout the pandemic, we have accessible at-home testing, districtwide mitigation strategies, vaccinations for COVID-19, and therapeutics available for treatment. Because of this, San Diego Unified is able to adjust to changing conditions.

Due to this new phase, we do not anticipate district wide masking as we enter the new school year. This means that we will not require districtwide masking if San Diego County enters the high tier in the CDC COVID-19 community level. Instead, we will utilize our school site metrics and county data to determine whether masking is needed at each school.

In the event that we need to consider district wide masking, we will examine multiple measures that are reflective of school-based transmission, such as number of schools meeting individual site masking metrics, absences, and peer-reviewed studies. We will continue to make decisions in collaboration with our medical and science advisors. The health and safety of our students, staff, families and communities remain a top priority and we will enter the 2022-23 school
year with excitement, optimism and a joy for learning for each and every student and staff member.

In preparation for the new school year, San Diego Unified is committed to implementing the following safety procedures:

**Masking**

- Effective Monday, August 15, masks are strongly recommended (not required) for district employees, students and visitors.
- As we start the 2022-23 school year, indoor masking will be strongly recommended at all schools and workplaces. Masks will be available for those who desire to use them at every district site. It is strongly recommended that staff and students wear surgical masks or higher-level respirators (e.g., N95s, KN95s, KF94s).
  - During the school year, the district will follow a focused approach and decisions to require indoor masking at individual schools will be based on the following:
    - Within the past 14 days, at least three outbreaks have occurred in the school, AND more than 5% of the school population (students and staff) is infected. Individual schools will resume required masking indoors for a minimum of a 14-day period when this metric is reached.
  - As a school community, it is important to keep in mind the unique feelings and circumstances of each individual in their choice to continue wearing a mask or not. We fully support the decision of all students, families, and staff. Harassment or bullying of anyone based on this personal choice will not be tolerated.
  - San Diego Unified encourages each of our families to have a conversation with their student about respecting differences in others, including the difference of opinion, and our ability as humans to be kind and respect each other in spite of those differences.
  - Below are some great resources for staff and families to help students understand and ease fears and anxiety they may be experiencing:
    - [Coping with Anxiety as Mask Mandates Lift](https://www.michiganhealth.org/content/coping-anxiety-mask-mandates-lift) (Michigan Health)
    - [How to Deal With Bullying Over Face Masks in School](https://www.childrens.harvard.edu/health/school-bullying) (Boston Children's Hospital)

**Testing**

- The California Department of Public Health recommends that “antigen tests be considered the primary option for detecting COVID-19 in schools, compared to PCR
tests." The antigen test provides rapid results for individuals who have virus levels that are high enough to transmit the virus. The PCR test has a high level of sensitivity and can pick up low levels of the virus both before and after infection. This may cause students to unnecessarily miss school with low levels of the virus despite being asymptomatic and not being a risk to transmit to others. Therefore, using antigen tests will help to ensure that every child has access to in-person learning while maintaining a safe school environment.

- Weekly asymptomatic COVID-19 testing will continue to be provided on a voluntary basis for students and staff at each school site. Student testing requires parental consent. Unvaccinated staff and volunteers will require weekly asymptomatic testing.
- Students who become symptomatic or ill while at school are required to wear a mask while being treated at the health office and waiting to be picked up by a parent/guardian.
- To sign up for weekly testing, please click [here](#).
- For more COVID-19 testing locations, please check the district’s [COVID-19 testing website](#).

**ADMINISTERING MEDICATION AT SCHOOL**

- Any pupil who is required to take medication, during the regular school day, must bring it to the school office. Medication prescribed by a licensed physician, and requested by the parent, will be assisted by the school nurse or other designated personnel at school. Parents desiring medication at school for their child must submit a [Physician's Recommendation for Medication](#) to the school, and must provide the medication clearly marked as follows: (1) name of pupil; (2) name of prescribing physician; (3) an identification number of the prescription container; (4) name of the pharmacy; and (5) the amount of the medication to be taken and time or times of the specific situation in which it must be taken. No injection may be given at school except by a registered school nurse.
- Children may not be given any kind of nonprescription medicine at school unless a physician's statement so indicates on a written form to the school or the parent has indicated such on the "Health Information Consent" form (orange card that will be sent home).
- While every effort is made to ensure students' safety, injuries and accidents may occur. Minor injuries will be treated at school. In the event of a more serious injury, parents will be notified and requested to come to the school to pick up the child. Emergency names and contact information of those who are legally empowered to take charge of an injured child in the event the parent cannot be reached must be on file for each child.
- Student Insurance is available at a minimal cost. You are strongly encouraged to avail yourselves of the economical student insurance, which is authorized by the Board of Education. CPJMA does not provide accident insurance to students and is not responsible to
its agents. Information about Student Insurance is included in the packet sent home the first day of school or can be requested from the school office.

Resolving Behavioral Challenges: A Framework

The Parent/Guardian's Role

Parents are expected to cooperate with school authorities in maintaining and encouraging proper standards of behavior for their children. The following points for parents may prove helpful:

- Instill in your child a sense of responsibility for what he/she says or does.
- Help your child understand the necessity of personal safety.
- Make sure you communicate with school personnel to learn necessary facts and expected behavior.
- Show love and respect for learning as a model for your children.

- If a parent is in disagreement with a process or action in the classroom, we ask that you first speak with the teacher or staff member directly before bringing forth the concern to the principal. *Speaking to the teacher first, supports a strong communication loop and a relationship of trust and mutual respect between the teacher and parent.

The Classroom Teacher's Role

The classroom teacher is responsible for establishing and maintaining a suitable learning environment and community whereby all students can learn. Parents/guardians will receive an explanation of the system for their child’s classroom at the beginning of the school year. Each teacher will send home information about their classroom rules and procedures. We encourage all families to review these expectations with your child. We know that learning can be enhanced when students are engaged and when parents support their children in school. We strive at establishing and maintaining a close relationship between the home and school.

When an Issue Arises In the Classroom

- The teacher will employ the classroom community system which will include the use of various strategies and techniques to resolve the problem.
- If the problem continues, the teacher will contact the parent/guardian and collaborate on a plan to support the child. A parent conference may be requested.
- If the problem persists, they may involve the counselor or principal for support.
- Parent conference meetings will be scheduled as needed and include various team members as needed. The team offers a forum where school support personnel, i.e.; counselor, teacher, administrator and parent/guardian, have a conference and collaborate extensively to support any issue that may arise.
- If the problem persists, other alternative disciplinary action may be taken following established district guidelines.
The School Counselor’s Role
The district counselor is an integral part of supporting students at our school. The counselor’s role is to act as student advocates who listen to problems, counsel children, and assists in resolving conflicts or problem behavior using district approved guidance strategies. A counselor will be on campus two days per week.

The Administrator’s Role
Our school administrator is a partner in supporting students. If a challenging situation or behavior persists, the administrator may be called upon to support. Also, in rare cases of serious issues, such as the list below, the administrator will be contacted immediately.

1. Major physical harm or threatening to harm another student.
2. Possession of any firearms, knife, explosive or other dangerous objects.
3. Possession of drugs, drug paraphernalia, tobacco or alcohol.
4. Stealing, vandalism or damage to school property.

BICYCLE POLICY
The San Diego Police Department requests that only students in grades four and above ride bicycles to school. Although the school has designated the bike rack for students to park bicycles, the San Diego Unified School District is not responsible for theft, damage, or loss of use to any bicycle, equipment or article left in or around this area.

- All bicycles should have locks and licenses. Students are urged to secure their bicycles in an appropriate manner by using a quality lock and chain or other devices.
- We offer several bike racks available for bike storage.
- Helmets are required by California law. Students not wearing helmets may lose the privilege of parking a bike on school grounds. As defined in Vehicle Code Section 21212, any person under 18 years of age must wear a properly fitted and fastened helmet when riding a bicycle, scooter, skateboard, or when wearing in-line or roller skates. Helmets must also meet the standards of either the American Society for Testing and Materials (ASTM) or the United States Consumer Product Safety Commission (CPSC).

CELL PHONES/SMART DEVICES
Students are permitted to use cell phones before and after school but not during the school day. Cell phones and other smart devices such as smart watches must be powered off and remain in the classroom cell phone box during the instructional day. CPJMA is not responsible for cell phones that are damaged, lost or stolen. If a student is found using a cell phone or smart device from home during the instructional day, it will be taken and parent/guardian will be notified by the teacher to pick it up.

ELECTRONIC DEVICES
CD players, Game Boys, MP3 Players, gaming devices etc. are not allowed at school. When children bring such items to school we are not responsible if they are lost, stolen or damaged.
LOST AND FOUND
Articles can usually be traced and returned if they are marked with the owner's full name. Sack lunches, lunch boxes and removable garments are most often lost and should be plainly labeled with first and last names. Please urge your child to report his/her loss to the teacher promptly. Children and parents are encouraged to check the “Lost and Found” cart by front office doors for lost articles. Unclaimed items are donated to community organizations.

FIELD TRIPS
Parents will be notified about field trips in advance and are asked to sign a permission slip. District policy will not allow the school to accept permission for field trips over the phone.

TECHNOLOGY
Every student Tk-5 will be issued a chromebook and charger for use at both home and school. Each child will use the same device for 3 years before a refresh. Proper care is critical to the maintenance and longevity of this learning tool.

- Any problems with the Chromebook will need to be handled by the Parent IT Department; please do not bring the Chromebook to the office to exchange. They will need to be exchanged through IT. More information found here: Chromebook Technology Support.

COMPUTER DISTRIBUTION-
As a 1:1 district, every child will have a laptop for use at school and home. Please note the following:

- All students returning to school from a SDUSD school will keep their laptop. Please have your child bring their laptop and charger on the first day of school.
- All 2nd grade students will get a laptop refresh. This will occur shortly after the start of the first week of school.
- All students new to the school district will receive a laptop after the start of the year and during the school day.
- Please DO NOT send personal devices to school with your child.
- Each child will keep their device for multiple years. It is critical to support your child in proper care and maintenance of their laptop.

RELEASE OF INFORMATION
- The school is not permitted to release information regarding students, including telephone numbers and addresses, to unauthorized persons, per the Family Educational Rights and Privacy Act.
WITHDRAWAL OF STUDENTS/TRANSFERS
If your student will be withdrawing from CPJMA including transferring to another San Diego Unified School, please notify the front office of your student’s last day of attendance. We will prepare your student’s transcripts and attendance records as needed. Please give us 48 hours of advance notice to prepare records.

EMERGENCY PREPAREDNESS
Regular drills are held throughout the year to enable students and staff to react to any emergency situation which might occur. Drills held are:

- Fire Drill
- Earthquake Drill
- Lockdown Drill
- Shelter in Place Drill

In the event of an earthquake or other disaster, the safety of all students is our primary concern. All gates will be secured. Families will be directed to pick up children at the reunion gate. Identification will be required. This will provide us the opportunity to account for all our children and to ensure that they are released to authorized adults only.

In the event of a school lock down procedure, for their safety, children may only be released from their classrooms at the direction of the San Diego Police Department.

Safety Plan
A site safety plan has been developed for CPJMA and all staff members receive continuous training in maintaining a safe and secure environment for students. Key components of this plan are as follows:

- Assessment of school crime and crime in the surrounding community
- Child abuse reporting procedure
- Disaster procedures (for both routine and emergency situations)
- Suspension and expulsion procedures
- Sexual harassment policy pursuant to the Ed. Code
- School wide dress policy
- Rules and procedures for school discipline to ensure a safe and orderly school environment
- Procedures to avoid or report any injuries or unsafe conditions to students or staff members

MUSIC PROGRAMS
All of our students participate in music instruction weekly, taught by our music education teacher. All students regularly participate in a grade level choir club. In addition, Suzuki Violin instruction is taught
weekly to all students. Parent participation of violin instruction for new students as well as TK/4 and K students is highly encouraged. More information regarding this will be forthcoming. We also offer after school music programs. The programs vary by grade, in the past we have had Guitar Music Club (3rd-5th), Recorder Club (3rd-5th). More information regarding the guidelines and requirements for each music program will be sent home throughout the school year.
