SINGLE PLAN FOR STUDENT ACHIEVEMENT: EXECUTIVE SUMMARY

INTRODUCTION
The mission of Normal Heights Elementary is that all students will articulate their critical and creative thinking across all domains, fluidly use computer/digital technology, and possess a sense of social consciousness and responsibility to self, community, and world. The 2016-17 Single Plan for Student Achievement addresses this mission by focusing on relevant goals and setting the expectation of increasing student achievement school wide while narrowing achievement gaps. The Instructional Leadership Team at Normal Heights Elementary, in collaboration with the School Site Councils and other advisory groups developed the SPSA after careful review of relevant data trends and a projected enrollment of 338 K-5th students. Analysis of student population data reveals that the majority of our student population is comprised of English learners and economically disadvantaged students. The SPSA emphasizes strategies and supports that will accelerate the achievement of these specific subgroups. The 2016-17 are addressed in this Single Plan for Student Achievement (SPSA) document. The nation's movement toward Common Core State Standards (CCSS) is reflected in changes to instructional practices as well as the way in which academic progress is measured. SDUSD has been proactive implementing CCSS as well as implementing internal benchmark assessments for CCSS.

SCHOOL VISION AND REALITY
Our school wide plan for professional learning will prepare our staff to lift academic student achievement. We will continue to use the following strategies using PLC and PD structures:
- Reteach using Short Cycles of Accountability---Assess> Plan> Teach> Reflect>
- Focus on methods to advance student agency and the development of academic language for all students
- Continue to Fluidly Target Student
- Continue our shift towards Common Core State Standards
- Implement CLOSE Reading strategies in grades 2nd-5th
- Focus on ELA for AYP targets

CORE AND SUPPLEMENTAL SUPPORTS
The categorical expenses identified in this SPSA are supplemental to these core academic staffing and supports.

TEACHER ALLOCATIONS:
Teacher Allocations are based on dividing General Education Enrollment by the approved class size.

PROFESSIONAL DEVELOPMENT
Professional learning is a top priority for our school community. We recognize universal high expectations for all students require ambitious and continual improvements in curriculum, instruction, assessment, leadership practices and support systems. These improvements require effective professional learning to expand educators' knowledge, skills, practices and dispositions. Schools demand effective professional learning focused on substantive results for themselves, their colleagues, and their students. We artfully combine deep understanding and cultural responsiveness to the community we serve. We hold high expectations with support for adult learning by providing multiple structures for professional development in order to achieve school goals. Professional learning is embedded into our vision by communicating that it is a core function for improvement and by establishing and maintaining a public and persistent focus on educator professional learning.

With this understanding, professional development time is provided within the structure of Professional Learning Communities. Analysis of student data is through the lens of SDUSD's learning cycle focus, directly reflected in our vision - "How do we develop students who take an active stance in
their own learning and become actively literate, contributing members of a society who make a positive difference in the world?" The school year is broken into four learning cycles, each cycle building student capacity around this goal. The cycles are:

**Cycle 1** (August-November) - How do we develop an academic, social and physical environment worthy of our children?

**Cycle 2** (November -February) - How do we create classrooms that are alive with collaborative conversations?

**Cycle 3** (February - April) - How do we create the learning conditions that maximize the potential that is within the variability of all learners?

**Cycle 4** (April - June) - How do we develop students that take an active stance in their own learning and the learning of others?

Professional Learning Communities (PLCs) analyze student data in order to monitor student progress toward these goals. Analysis results in responsive instruction. Findings and progress are shared with parents and community via advisory groups and School Site Councils (SSCs).

**PROGRAM IMPROVEMENT SCHOOLS YEARS 4 AND 5 (+)**

Not applicable - School not in Program Improvement

**SPSA ALIGNMENT TO THE LEA PLAN**

SDUSD’s LEA goals (12 Quality Indicators for Success) are articulated throughout the SPSA. Each of the 5 Area Goals contained in the SPSA have Title I budgets allocated to supports identified within the LEA plan. Supports include but are not limited to CCSS curriculum alignment via PLC and professional development, extended and intensive learning opportunities, etc. as they are described in the “Budget: Resources Aligned to Area Goals” section of this plan.

**PROCESS FOR MODIFYING THE SPSA AND CONCLUSIONS**

The SSC has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet API and AYP growth targets. In order to achieve the SMART goals and implement the major strategies and action steps set forth in the plan the following related actions and expenditures have been adopted to raise the academic performance of student groups not meeting state standards.

Advisory groups were consulted during the SPSA development process as documented on the Recommendations and Assurances page.

**LCFF COMMUNITY AND STAFF ENGAGEMENT**

The Normal Heights community and staff have been engaged in identifying and prioritizing the use of LCFF for the 2016-17 school year. After site data analysis and input from stakeholders at various school meetings and it was decided by the school's SGT to use the majority of monies to fund an Inschool Resource Position to support students that are struggling academically.

Title 1 Arts Grant (Award Sites ONLY):
NHE will use the Art Grant to provide Visual and Performing Arts instruction by professionals in their respective fields to inspire students to persevere and engage in academics. Students will receive Art, Movement (Dance), and Reader’s Theater. Teachers will also be coached using "Guitar in the Classroom" program. Student perseverance and engagement will be monitored by using the pre/post survey from the baseline (05/2015) to the conclusion of the program (7/21/17). Evaluations will be done each trimester to revise the implementation of the program based on individual student classroom/school engagement and perseverance. At NHE, our dedicated staff is committed to improving teaching and learning as they collaborate with colleagues in their Professional Learning Communities (PLC). Contracting Young Audiences will allow teachers and the administrator to concentrate on our learning cycles during PLC. Teachers will be released from making lessons plans and simultaneously ensure that our students receive the enrichment that our school community has voiced for our students. Families who could not ordinarily afford art, theater, and dance lessons for their children will be reassured knowing their child is receiving instruction from a professional in the Visual and Performing Arts field. With this plan comes the confidence
that our PLC time is preserved thereby contributing to higher levels of instruction by our teachers planning together in grade levels. In the past, substitutes would cancel their assignment and teachers were not able to meet after spending a lengthy amount of time creating detailed sub plans. We are excited to be part of such an enriching experience for all involved.

BUDGET: Resources Aligned to Area Goals

Core Program: Edit the core program for your site
Universal Access to Strong Core Instructional Program (Tier 1)
- All teachers will use the units of study in English Language Arts, Lucy Calkin Writing Units, ELA Framework and California grade level standards in designing and differentiating instruction.
- Every English Learner will receive 30 minutes of SELD instruction four times a week based upon language proficiency level and will continue to receive language development that is integrated and supported throughout the day.
- Teachers will provide balanced literacy instruction including daily guided reading.
- Staff will use multiple measures of assessment (i.e., End of Unit Inquiry assessments, Benchmarks, teacher created assessments to monitor progress and adjust instruction based upon the needs of students.)
- Staff will analyze on demand and other student writing using grade level writing rubrics and ELDPI and provide students with concrete feedback and direction as it relates to grade level writing standards.
- Teachers will use graphic organizers and Thinking Maps to support student understanding.
- All English learners will be assessed using CELDT and the Express Assessment from the SELD curriculum.
- Speech and Language Pathologist will provide model lessons to improve student use of academic English in questioning and retelling.
- Counselor, nurse, and health assistant will facilitate medical, dental and mental health referrals to community agencies.
- Counselor, nurse, health assistant, teachers and principal will monitor and follow up with student attendance needs.
- Community field trips and assemblies relevant to grade level standards will be provided to broaden experiences and build schema.
- Teachers will have the opportunity to work collaboratively to identify grade level proficiency using the results of district benchmarks and other assessments to plan instruction, monitor student progress, adjust instruction accordingly
- Teachers will participate in on site and district professional development to strengthen literacy instruction

Strategic Support (Tier 2)
- Extended learning time (as funding permits) will be provided to address specific student needs as identified through teacher, grade level and site analysis.
- Targeted additional small flexible group instruction will be used to address specific needs in literacy
- Teachers will make a home contact i.e. progress report, phone call, home visit to discuss the progress of their at risk student. This is logged by teacher
- Educational specialist will provide push in supplemental small group instruction for targeted students in need.
- Intensive, focused, small group direct instruction will be provided to students at their point of need, across content areas by classroom teacher.
- Students will engage in strategic computer intervention and media supports to accelerate, remediate and reteach concepts.
- Teachers will keep small group of targeted students to provide additional focused support to strengthen and clarify understanding prior to sending students off to work independently.
- Incorporate the support of Full Inclusion SEA/SET to provide extra teaching and clarifying of concepts during whole group and small group instruction

Intensive Intervention (Tier 3)
- Educational Specialists will provide supplemental small group instruction to targeted students and provide consultation support for their teachers
- Counselor and support mentors will provide monthly check in with at risk students
Normal Heights Elementary SINGLE PLAN FOR STUDENT ACHIEVEMENT

- Speech and language pathologist will provide supplemental support to English learners with language needs.
- Psychologist will push into class, observe and collaborate with classroom teacher to assist with differentiating instruction based on student need.
