

## Welcome to Second Grade Sandburg Tigers!

We are excited to meet our new group of second grade students in August. Here is description of an incoming second grade student.

### LITERACY

Students are able to:

- Show understanding of story by asking and answering questions (who, what, where, when, why and how)
- Compare and contrast elements (character, setting, problem & solution) of different stories
- Know and use the basic rules of spoken and written English
- Collaborate, converse, listen and respond in small group and class discussions
- Write about a topic and provide some facts

### MATH

- Add and subtract numbers to 20 ( $10+10$ ,  $20-10=10$ )
- Understand math language (number bonds, fact families, ten frames, tens and ones)
- Solve word problems with one- and two-digit numbers up to 20
- Recognize the equal sign means both sides of the equation have the same value ( $3+4 = 6 + \underline{\quad}$ )
- Measure objects using different units
- Read an analog clock to nearest hour
