

UNWANTED PAINT

At School Sites Best Management Practices

Remember these BMP's

- Separate unwanted paint that can be sent out for auction
- Leftover paint that is determined to be waste should be loose packed in paint waste storage container
- Consolidate 5 gallon pails
- Keep latex separate from oil based paint
- Do not pack thinners or other products with paint
- Keep paint that contains chromium, lead or mercury separate from other paint
- Properly label drums/containers

Not Properly Managed

Separate unwanted paint
from paint waste

Unwanted paint that is
ready to be sent out for
auction
