

ADMINISTRATIVE CIRCULAR NO. 15
Office of the Chief Curriculum and Staff Development Officer

SAN DIEGO UNIFIED SCHOOL DISTRICT

Date: September 5, 2008

To: All Principals of Middle Level and Atypical Schools, Division and Department Heads

Subject: GRADES 6-8 SUFFICIENCY OF INSTRUCTIONAL MATERIALS FOR 2008-2009 SCHOOL YEAR AND COMPLIANCE WITH WILLIAMS LEGISLATION

Department and/or Persons Concerned: Principals, Vice Principals, Library Staff

Due Date: September 26, 2008

Reference: Education Code 60119, Board Policy F-5000, District Procedures 4050, 4097, 4500, 4505, 4510, 4520, and 4521

Action Requested: Complete attached 2008-09 Principal Certification of Textbook Sufficiency – Secondary and return to Denise Hankins, Williams Coordinator and Manager, Instructional Materials Department, IMC.

Brief Explanation:

In accordance with Education Code 60119, each school district's governing board must hold a public hearing no later than the eighth week of the school year to determine, through a resolution, whether each pupil in the district has sufficient textbooks or instructional materials, or both in the following subjects: mathematics, science, history-social science, and English/language arts. The governing board must also determine whether each student enrolled in a foreign language or health course has been provided sufficient textbooks or instructional materials. According to Williams Legislation, sufficient textbooks or instructional materials means each pupil, including English learners, must have a district-adopted textbook or instructional materials, or both, to use in class and to take home.

To ensure your school is sufficient and meets the requirements of the law, it is important that you conduct a school site inventory and complete the attached Principal Certification of Textbook Sufficiency. To assist with your certification, please find the attached Teacher Certification of Textbook Sufficiency form to be distributed and completed by your classroom teachers. This form should be completed by each teacher and returned to you so you or your designee may take the necessary action to meet sufficiency if needed. These documents should be retained at the school site. *Principals of schools in deciles 1-3 on the Williams Cohort list may use the Instructional Materials Sufficiency Survey form required by the County visiting team as documentation of sufficiency in lieu of the individual Teacher Certification of Textbook Sufficiency form.* After completing the inventory and taking action to remedy insufficiencies,

each principal must sign the attached Principal Certification of Textbook Sufficiency form and forward the original to Denise Hankins, Williams Coordinator and Manager, by September 26, 2008. This deadline is crucial to meeting the requirements of Education Code 60119 and receiving State instructional materials funding. Also attached for your reference is a spreadsheet listing course titles and their district-approved materials. See below for an outline of this procedure.

- Distribute Teacher Certification of Textbook Sufficiency form
- Collect from teachers by September 19, 2008
- Review and remedy insufficiencies
- Use information to complete "Principal Certification of Textbook Sufficiency"
- Sign and forward original to Denise Hankins, Williams Coordinator and Manager, Instructional Materials Department, IMC, by September 26, 2008

Questions regarding information included in this circular may be directed to:
