Brief Explanation:

California Code of Regulations Title 5, 3831, Article 7, stipulates that all elementary and secondary teachers with a major assignment in the area of gifted education must demonstrate knowledge of appropriate characteristics, and skills in this field.

San Diego Unified School District requires GATE certification for **all** GATE Seminar and GATE Cluster teachers. Any teacher with an assignment that requires certification must either hold a GATE certificate or have a current application for a certification class on file when he/she begins the assignment. Teachers receive GATE certification by complying with one of the following: a San Diego Unified School District GATE certificate, a graduate certificate in gifted education from an accredited university, or a master's degree in gifted education. Efforts are being made to provide a greater number of opportunities for GATE Teacher Certification through additional methods.

GATE certification **for the 2009 -2010 school year will first be available to any teachers who need to complete their GATE certification.** If there is space available, any qualified teacher may enroll in either Semester 1-Tier I classes or Semester 2-Tier I classes. Over the two semesters, each major section will be limited to 80 participants. Priority for enrollment will be given to teachers assigned to a GATE class. In addition, Seminar Teachers and Advanced Placement Teachers will be expected to take the new Tier II certification that offers greater depth than the Tier I. Advanced Placement Teachers who have not been previously GATE certified will have first priority.

On the attached application, teachers must select a class starting time. The GATE certification classes will meet at San Diego State University (SDSU). Room assignments will be listed on each teacher's confirmation. **To earn final District GATE Certification,** attendance at a GATE or related conference (e.g. ASDEG-Association of San Diego Educators of the Gifted, CAG-California Association for the Gifted, AP conferences, IB Training, etc.) or two Distinguished Lecture Series events are required. Site GATE funds may be used for payment upon approval by the principal.

Questions about the GATE Certification process may be directed to the GATE Office: 858-573-5998
