

Supplemental Professional Development for Special Education Staff For Implementing and Supporting Sexual Health Education

We invite you to join us for a training that will focus on the needs of your students. This one-day workshop will provide *supplemental* materials and background information on human sexuality and healthy relationships, while focusing on the needs of our special education students. We will also provide time for mapping and modifying lessons for your students. Topics include:

- ★ Protective Laws and Policies
- ★ Puberty
- ★ Sex and Reproduction
- ★ Selecting and Modifying Lessons
- ★ Answering Student and Parent Questions
- ★ Refusal Skills and Body Safety
- ★ Healthy Relationships
- ★ Guidance for Implementing Online Sex Ed

This training is intended for Special Education co-teachers, support teachers, and paraprofessionals for the 6th grade, 8th grade, and high school sexual health curriculum, *Rights, Respect, Responsibility* (3Rs).

Please note: this course is intended for teachers who have already completed the New Teacher training for Sexual Health Education. If you are new to teaching sexual health education, you must sign up for New Teacher training before you will be approved to attend this training.

All trainings will be 8:30am-3:30pm. Please choose a training date for which you can commit to the full day. Zoom meeting information will be emailed to registrants ahead of the meeting dates.

Available Dates:

- December 10, 2020 (Section 29701)
- April 22, 2021 (Section 30564)

Registration:

You must request registration for this workshop using the [Professional Learning website](#). Look for the section numbers listed next to the dates above. You will receive a registration confirmation notice via email.

Please request your own Visiting Teacher. The budget number will be provided to you immediately after the training. If you have questions, please contact Summer Hellewell at shellewell@sandi.net
