### III. ADMINISTRATOR (Vote for One)

**MICHELE EINSPAR:** I am the Program Manager for the [Office of Children and Youth in Transition \(CYT\)](#) I have over 20 years of experience teaching and leading programs that facilitate success for students. I have experience designing and implementing programs for students designated as newcomer, English Learner (EL), Gifted and Talented (GATE), homeless, foster youth and currently lead the implementation of programs supporting students identified as homeless, foster, refugee and military youth.

I designed a program to support foster and homeless youth and received acknowledgement through the California School Board Association earning a Golden Bell Award for the implementation of Project SUCCESS. My passion to support children experiencing barriers to success, such as poverty and homelessness lead me to study how program components facilitate success for student experiencing poverty and homelessness <<https://eric.ed.gov/?id=ED519385>>. As a school district leader, it is my goal to increase access and success for all children and youth in transition at San Diego Unified School District.

I am proud to share that, through the pandemic, CYT has received funding to continue to support our students experiencing homelessness, our military youth and our refugee immigrant population. My involvement in the board of directors for CSA has helped me to remain close to the needs that arise in our schools in community and helped me to support both schools and community organizations in realizing their goals of supporting our students and community members to benefit from needed resources.

The CSA Board of Directors is a group of amazing educators and support staff dedicated to providing opportunities for schools and community agencies. I would be honored to work with this team again to continue the mission of supporting charitable organizations that provide arts, education and health and human services to our students and community members.
