## **POLICY SECTION 1001: Student Policy Goals**

---

### **POLICY**

The Ahkwesahsne Mohawk Board of Education believes that the primary purpose of the Board is for improving educational opportunities for the young people of the community. The Board believes that each individual student has the right to receive a high standard of quality education, offered by well-trained, dedicated professional staff in a safe, sensitive and welcoming environment.

### **GUIDELINES**

In particular, students have the right to:

1. Expect quality instruction and opportunities for meaningful involvement in learning activities.
2. Be treated consistently and fairly by the School Principal and all their teachers.
3. Be provided instruction at their level of understanding and ability, and challenged to grow from there.
4. Expect an environment of learning that will show respect and pride for their cultural background.
5. Constructively review their education and educators without fear of punishment.
6. Expect instruction and encouragement in the development of a sound, healthy self-concept.
7. Be disciplined fairly and constructively when necessary.
8. Be evaluated accurately so they will have a realistic view of what they can expect to accomplish after they leave school.
9. Be allowed the chance to develop his/her own unique skills and aptitudes.
10. Be safe in school, and free from bullying.
