

POLICY SECTION 1015: Student Discipline

POLICY

The Ahkwesahsne Mohawk Board of Education believes that a major responsibility of a school is to guide students toward self-discipline, and that positive behaviour is more attainable when there is ongoing communication and collaboration among parents/guardians, students and staff.

GUIDELINES

- A. Teachers and administrators shall develop and review, on a continuing basis, their procedures with respect to guiding students' growth toward self-discipline, and their procedures for dealing with inappropriate behavior.
- B. The Ahkwesahsne Mohawk Board of Education shall continue to provide professional development activities for teachers regarding positive behavior management and effective student discipline techniques.
- C. Most discipline problems should continue to be resolved by teachers on a daily basis in their classroom through effective classroom management techniques.
