## **POLICY SECTION 205: Organizational Structure of the Board**

---

### **POLICY**

The Ahkwesahsne Mohawk Board of Education believes that all employees must have a clear understanding of the lines of authority and desired working relationships in the school system. The established lines of authority represent direction of authority and responsibility but must not restrict in any way the cooperative discourse of all employees at all levels of the organization.

1. The legal authority of the Board to manage the affairs of the Board is transmitted through the Director of Education.
2. Personnel are expected to refer matters requiring administrative action to the administrator to whom they are responsible.
3. All personnel are expected to keep the person to whom they are immediately responsible informed of their activities by whatever means the person in charge deems appropriate.
4. Lines of authority are not intended to restrict lines of communication; everyone is encouraged to make suggestions for educational improvements and cooperative problem solving.
