## **POLICY SECTION 221: Board Policy Development**

---

### **POLICY**

The Ahkwesahsne Mohawk Board of Education has the power and responsibility to provide leadership and direction on all matters pertaining to education. It is through Board policy that the Board fulfills these responsibilities and governs education. The Board recognizes that the community and staff affected by policy should play an important role in policy development.

Policy of the Board shall consist of a clear policy statement and guidelines, followed by a separate document for administrative procedures.

### **GUIDELINES**

- a) Proposed policies, or revisions to existing policies, shall be presented to the Board along with a recommendation for action from the Director of Education.
- b) On matters of unusual urgency, the Board may take immediate action to adopt policy or to revise existing policy.
