

POLICY SECTION 303: Role of the Director of Education

POLICY

The Ahkwesahsne Mohawk Board of Education entrusts the Director of Education with general supervision over the schools, employees, property, and services provided under the jurisdiction of the Board. The Director of Education shall provide visionary leadership by developing and enhancing the education programs and services, and will administer and supervise all activities of the school system.

GUIDELINES

The Ahkwesahsne Mohawk Board of Education endeavours to employ a Director of Education who possess exemplary personal and professional qualities and will carry out the philosophy and vision of the Board.

A. Role

The Director of Education is employed by, and reports to, the Ahkwesahsne Mohawk Board of Education. The Director will exercise general supervision over the schools, employees, property, and services provided under the jurisdiction of the Board.

B. Job Goal

The Director will provide leadership in developing, maintaining the education programs and services, and will administer and supervise all activities of the school system.

C. Performance Abilities

The Director of Education provides overall leadership in the on-going development of a positive educational school system with programs designed to meet the needs of the students and community.
