

POLICY SECTION 509: Employee Involvement in Decision Making

POLICY

The Ahkwesahsne Mohawk Board of Education believes that its employees play a vital role in the accomplishment of the goals and objectives for education in our community. The Board believes that employee involvement in the decision making process is valuable and solicits such involvement through identified and accepted channels.

GUIDELINES

1. The Director of Education, whenever feasible, shall include employees in the planning of rules, regulations and arrangements for the operation of the school(s).
2. The Director of Education shall develop channels of communication with all employee groups for the transfer of ideas for improvement, voicing of concerns and feelings regarding the operation of the school and associated support services. (See policy 203-Organizational Structure).

The Director of Education shall weigh with care the counsel given by employees and shall inform the Board of such counsel in presenting reports of administrative action and recommendation for Board action.
