## **POLICY SECTION 603: Curriculum Development and Approval**

---

### **POLICY**

The Ahkwesahsne Mohawk Board of Education recognizes that current curriculum guides developed and in use may not be sufficient to meet all program requirements for all students. Therefore, the Board may approve the development of new curriculum or the modification of new curriculum or existing curriculum in the best interest of student learning and preparation for adulthood and employment.

### **GUIDELINES**

1. All requests for curriculum development or modification shall be approved first by the Principal and then by the Director of Education.
2. The new curriculum must reflect the values of the community and shall incorporate local materials and resources wherever possible.
3. The curriculum shall reflect sound and effective principles of education and should be structured in such a manner to facilitate effective classroom implementation.

The Ahkwesahsne Mohawk Board of Education must approve of locally developed curriculum or curriculum modifications before they can be implemented in the school program of studies.
