## **POLICY SECTION 703: Collaboration with other Schools, Colleges and Universities**

---

### **POLICY**

The Ahkwesahsne Mohawk Board of Education believes it is important to collaborate and network with other school boards, schools, colleges and universities in order to share information and access educational opportunities for our students.

### **GUIDELINES**

1. The Ahkwesahsne Mohawk Board of Education supports members attending regional/provincial meetings between Ahkwesahsne Mohawk Board of Education members and government officials.
2. The Ahkwesahsne Mohawk Board of Education will participate in educational research projects intended to promote and improve educational opportunities for students.
3. The Principals and Director of Education are encourage to visit and talk with school officials from other schools to identify potentially successful programs and services that could be incorporated into the programs offered to our students.
