JOIN US FOR FALL PARENT CONFERENCES!

Parents, you will have the opportunity to connect with all of your child’s teachers. Students will have created goals for the Second Quarter based on their Q1 Report Card grades. This is an important opportunity for your child to demonstrate their ability to take responsibility for the academic progress made this year.

Research shows that one of the most powerful things a student can do for themselves is set goals. Each student will have goals for content and related arts classes. They will be prepared to sit with you and their teachers to discuss academic success while highlighting their plans for next steps.

These conferences are meant to be a positive opportunity for your child to "ROAR for Success". At each teacher’s station parents and students can expect to spend approximately five minutes of time sharing goals and progress made so far this year. If you would prefer a longer follow up conference with a teacher we can assist you with scheduling that prior to leaving at the end of the event.

Students who attend with their parents will earn PBISRewards Points for our ROAR Store that will be opening in the future.

Looking forward to a powerful and positive experience for all,
Dr. Frady
