

## Instructions for Student Medication List

- Write the name of each medication the student takes daily, the reason, the dose, etc.
- In the over-the-counter section, include vitamins, nutritional supplements, pain relievers, antacids, laxatives and/or herbal remedies
- Please notify the Dawn program nurse at the school, of any student medication changes. We can observe the student for changes that may be due to medication. A few examples I watch for are sleepiness, changes in mood or appetite, ect.
