

Accessing the PowerSchool Student Portal

Students can now view their grades inside the Student Portal. The Parent Portal is not currently accessible. More information will be provided about the Parent Portal soon. Meanwhile, parents can view their children's grades through accessing the student's portal.

1. Students should login to their DeKalb County Google account.
2. Visit <https://dekalbco.powerschool.com/public/home.html>
(If you experience issues with the link, please copy and paste the URL into a new tab)
3. Click the "Student Sign In" button at the bottom of the screen to go straight to the PowerSchool Student portal to view grades. (Do not enter a username or password as those are not relevant).

The screenshot shows the PowerSchool SIS interface. At the top, there is a dark blue header with the PowerSchool SIS logo. Below the header, the page is titled "Parent Sign In". There are two buttons: "Sign In" and "Create Account". Below these are input fields for "Username" and "Password". A large blue "X" is overlaid on the "Sign In" button and the input fields. Below the "Password" field is a link that says "Forgot Username or Password?". At the bottom right of the "Parent Sign In" section is a "Sign In" button. Below this section is a yellow highlighted box with the text "Student Sign In". Underneath this box is a text box containing the instruction: "Students - Click the button to sign in. You will be redirected to the Student sign in page." At the bottom right of this text box is a "Student Sign In" button, which is circled in yellow and has a red arrow pointing to it from the right side of the page.
