

No Homework Tuesday Choice Board

Comsewogue’s Curriculum-Technology Council created “No Homework Tuesday” a few years back to encourage families to spend time together without the stressors of a usual night’s homework. Families were encouraged to play board games, have a family dinner, etc. Here are some additional activities, created by members of our SEL Committee, to help families engage and have fun together.

Upload family photo and tag us in your photos using the hashtag **#nohwtuesday**:
