##### **Class Size Review**

The committee looked at the analysis of class size for the upcoming school year based on current enrollment as of July 9. The purpose of the review is to determine potential issues with overloaded classes at each of the buildings. While there are a few issues of overloaded classes at this time, the PPS department will continue working this summer on balancing the sections. Most of these issues should be fixed before the start of the school year. The committee will review class size at the August meeting and lastly after the 10-day drop in September.

##### **Additional Sections Request**

Tinley Park is requesting the addition of an AP English Literature section, as current and only section is over the window by five students. In addition, Dr. Williams is also requesting the need to approve five, un-named sections to be used only if necessary to reduced class size. These additional sections will be brought to the full Board for approval.

**Other – Revised School Calendar**

Since the ISBE has officially adopted SAT as its state assessment, the District needs to amend the current school calendar to reflect State testing. As a result, the April SIP day needs to be moved from April 10 to April 9. This change will be brought to the full Board for approval.

**Announcements**

The next meeting will be held on Tuesday, August 14 at 6:30 pm at the Administrative Center.

**Adjournment**

The meeting adjourned 6:50 pm.
