

The *Reading Enriches\$ Incentive Program* is a new program at the Harrison Public Schools that encourage students to practice good habits that will help them become great readers. Research shows that students who read just 20 minutes a day at home perform better in school.

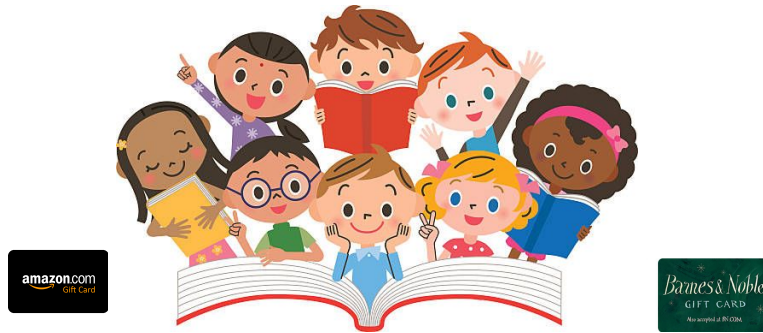

Reading Enriches\$ strives to teach Harrison Public School students that reading enlightens, inspires, and brings happiness to our lives.

The objective of the Reading Enriches\$ is threefold:

- to increase student reading and comprehension skills
- to recognize positive student achievement
- to provide an attainable goal, with life enhancing results

All students are invited to participate in the program! Each time a student successfully completes one of the school's reading requirements, he/she will receive a raffle ticket. Monthly raffles will be held for students to receive incentives to reward their efforts in practicing good reading habits. At the end of the year, raffles for grand prizes will be held for prizes that will include electronic tablets and/or reading gift cards!

The more Harrison students read, the better their chances are of earning an awesome grand prize!
