If for any reason a student is unable to attend an event, the student must inform the music teacher well in advance.

Athletic Programs, Clubs, & Student Organizations

Washington Middle School offers students a variety of activities to complement their academic studies, either through the school directly or the town's recreation department. For any student interested in playing a sport, a Pre-Participation Physical Evaluation (PPE) form must be completed and handed into the school nurse. It is advised that students receive a physical exam over the summer months to avoid inconvenience during the school year.

****A physical is only valid for 1 year****

For students that had a physical exam completed more than 90 days prior to the first official practice of the season, the Health History Update Questionnaire (HHQ) form must be completed and signed by the student's parent/guardian and reviewed by the school nurse. Both forms can be picked up at the school or found on the school website.

Fall Sports physicals are due no later than September 9, 2022 (Boys Soccer, Girls Soccer & Girls Volleyball)

Winter Sports physicals are due no later than November 18, 2022 (Boys Basketball, Girls Basketball & Co-Ed Swimming)

When a set time is given and your child chooses to attend they are required to stay for the entire event. No one is allowed to leave early unless picked up by their parent(s). Please check the monthly calendar for these events.

If a student fails 2 or more subjects during any quarter, they will not be allowed to participate in any athletic programs, clubs, student organizations, or extracurricular activities (i.e. Dances, PTO activity, etc.). Students may also be removed from extracurricular activities for failure of academic courses, excessive tardiness, absences, or disregarding school rules. This is left up to the principal.

Students will remain on the Ineligible List for the remainder of the year unless they apply for reinstatement. If a student wishes to be reinstated for the third marking period, a written request must be submitted to the teacher(s) involved in the revocation of privileges. It is the teacher(s) discretion whether to grant this request based on the present status of the student. If it is the case that the student is in good standing and is eligible for reinstatement into previously revoked activities, the teacher and administration will sign a letter granting eligibility. That letter will be delivered before the marking period for which the student will be reinstated. Additionally, after reinstatement, if the student regresses academically, it is at the discretion of the teacher and administration to revoke those reinstated privileges again until further notice.

Consequences

Students who commit or cause any of these violations will be subject to detention, loss of privileges, suspension, expulsion, fines, or criminal charges, as deemed appropriate by school authorities.

Detentions

Students determined to have violated any of the school policies or procedures, or who have not lived up to the expectations of their contracts may be subject to detention. All students at Washington School are provided with the services of a guidance counselor and school social worker. They assist in a variety of areas including: orientation, testing, career planning, educational information, interpersonal relationships and reporting of student progress. In addition, personal counseling is available to assist students in dealing with issues such as: self-respect, academic problems, adjustment difficulties, attendance, peer conflicts and relations with adults, and all Middle School age associated, potential issues.

The Guidance Counselor and School Social Worker are available during regular school hours, or a message can be left on the voice-mail and/or school web-site. A student should request an appointment with either of them through the main office, whenever an emergency arises. A teacher or parent may also request a meeting between a student and a counselor, should the need arise.

The school office must have updated contact information on file for all students. **If at any time during the school year parents change their address or phone number (home, work or cell), they must notify the main office immediately.**

A student may request permission to use the office phone if needed. Parents should not call or text students on cell phones during school hours.

Parents/Guardians who leave their child(ren) in the care of someone else when leaving the home for any extended period of time are encouraged to supply the district with written legal documentation appointing the caregiver (with name, relationship to child, address, telephone number, etc.) to act in their place for the purpose of receiving school information, school records and/or authorizing medical treatment as may be determined by the parents/guardians.

Parent-Teacher Conferences

Parents are encouraged to contact their child's teachers for any academic or behavioral concerns. Please call the school to schedule an appointment as needed.

Washington School does have a procedure in place to advise parents of student performance on a regular basis. In addition to report cards, parents of students whose classroom work or behavior is substandard receive deficiency reports mid-quarter to this effect. Teachers can also notify parents by telephone or e-mail.

It is equally important that parents keep the school informed of any developments which might influence the student's performance at school. Please be assured that we welcome your involvement and that the information you share enables us to better meet the needs of our students.

Medical Concerns

Parents are requested to keep their child at home if they are not feeling well before the start of the school day. If a child is injured or becomes ill during the school day, the student should ask the teacher for permission to see the school nurse. If the nurse decides that a student should go home, proper arrangements will be made to release the student to an authorized adult. **Under NO circumstances should a student contact a parent by calling or texting on their cell phone. ALL medical concerns MUST go through the school nurse.**

Fever – Any child with a fever of 100 degrees or more will be excluded from school. Children with fevers of 100 degrees or more may not return to school until their temperature is normal (below 100 degrees for 24 hours.)

Students who have to be excused early from school for medical appointments must present a written request to the office from a parent prior to the scheduled time. Students must be signed out of school by an authorized adult. **No child will be permitted to leave school during the school day without the legal parent or guardian.**

The following guidelines are set forth by the State of New Jersey regulating the administration of medications in school:

Parents must provide written orders from a doctor stating the reason for the medication, dosage, time of administration, and duration of medication administration. ■ The parent or guardian must also provide a written request for the medication to be administered.
- The medication must be brought to school in its original container, appropriately labeled by the pharmacy or physician. The labeled container is to be kept in school and secured in the nurse's office with enough medication for the week. Most pharmacies will provide an additional labeled container for school purposes.
- The school nurse or her designee will administer the medication in school and/or on a school trip.
- Students are not to bring over-the-counter medications to school, nor can they be administered by school staff unless, so designated.
