

We just wanted to remind you about “Parent University”; this is a wonderful opportunity for parents and is provided by Lee County Schools. The pertinent information can be found on the LCS website.

What is Parent University?

Parent University was created to increase the capacity of parents and guardians to be actively engaged in their child's education. The goal of the program is to inform and engage parents and guardians as partners, advocates, and lifelong teachers in their child's education through a series of educational courses.

Learning Sessions

For the 2020-2021 school year, Parent University will provide 8 learning sessions designed to build and strengthen parents' capacity as change agents to support their children's education. Parents can graduate from Parent University by attending 75% of the scheduled learning sessions during a school year.

Please find below the website link and where parents can register on the website or by emailing:

Parent University:
